The Exodus of the Fosterites.

We clip the following sarcastic and palpable paraphrase from the Daily News and commend it to our readers as also a perfect specimen of wit and wisdom:

Now it came to pass in the year eighteen hundred and sixty, which was the fourth year of James the Fourth, that there arose in the Keystone State a man named Foster, who in his conceit aspired to be ruler of the State.

Now Foster was a babler and foolish of speech, and his words were like sounding brass and tinkling cymbals. Nevertheless, as he was a Douglassite, and a prophet in his own country, (albeit he was a false prophet,) he drew many people after him.

And Foster went about from place to place exhorting the people to the end that he might become ruler over them.

Now there was a man of Centre, whose name was Curtin—a Lincolnite, and a man of mighty power; and the Lincolnites said among themselves: This man shall rule over us, and we will have him for our Governor.

And Curtin also exhorted the people. And it came to pass that the Douglassites and the Lincolnites met together to hear their chosen leaders speak to the people, and exhort them to remain firm in the faith.

And Foster spake for the space of an hour and forty minutes. And when he had made an end of speaking Curtin arose and spake with great power, and moreover read and expounded the epistle of —, the Collector.

And when Foster heard it he was sore afraid and was troubled within him. And it came to pass that Curtin obtained favor in the eyes of the people but Foster went away discomfited.

And there were giants in those days, (albeit they were little giants.) And they waxed fat and presumptuous and did boast that Foster should prevail over Curtin.

And the Fosterites and Douglassites did bring offerings of gold and silver and musical instruments from afar off, yea, even a mock sun, to give light by night, that they might tempt men to follow after Foster.

And many false prophets went about the country exhorting to the same end. And it came to pass in the tenth month and the ninth day of the month, that the Douglassites and the Fosterites gathered themselves together for battle.

And about the eighth hour the Lincolnites fell upon them and smote them hip and thigh, the Douglassites, the Bellites and the Clear Greeks.

And they fled before the hosts of Curtin and his hosts, and took ship up the river, yea even the river of Salt.

And it came to pass when Foster saw and heard these things he lifted up his voice and wept.

And as they journeyed up the river they chanted in the heaviness of their hearts:

Oh, Foster's heart is broke, Oh, Foster don't you cry, &c.

SENATOR SEWARD AND THE PRINCE OF WALES.—The New York Evening Post says—"Among the guests assembled to meet Baron Renew and his suite at the residence of Governor Morgan, on Tuesday evening last, was Senator Seward. This was the first occasion of their meeting on this side of the Atlantic. It is not generally known that to the Senator from New York more than to any one else, probably, does Lord Renew owe whatever pleasure he has received from this visit, for it was mainly at his suggestion and under his advice as to his general method of prosecution, that the Queen's Government was induced to make the experiment, which has proved so gratifying to both nations, and which promises such important results.

No doubt the meeting at Governor Morgan's table was a source of increased pleasure to Lord Renew, from the circumstance to which we have alluded. The result has fully vindicated Senator Seward's sagacity in proposing the expedition to the Prince's friends, and his judgment as to the proper mode of prosecuting it in the United States. Indeed, it may be doubted whether this last may not in the end prove one of the most substantial public services that the Senator has ever rendered to his country."

RICH.—A few days since an extra train loaded with jackasses was transported over the Louisville and New Albany Railroad. The telegraphic operator at Salem, a boy, getting wind of it, set afloat a rumor that a large delegation of Democrats would pass through at a certain hour. Rumor increasing as it flew, said that many eminent speakers were abroad, and that bands of music accompanied the expedition. Immense crowds of enthusiastic Douglas men repaired to the depot, hats in hand, ready for the expected cheers. When the train thundered in and an aged and venerable owner of a pair of fabulous ears stuck his head out of a stock car and gave vent to a long agonizing hee-haw that fairly shook the hills around; consternation seized the crowd, and in two minutes not a Democrat was to be seen within a mile of the depot. Complaint has been made to the Superintendent against the operator, and he is in momentary expectation of a notice to quit.

THE Brighton (Eng.) Guardian records the death of a clerk named Bellringer in that town, from sucking his pen. A slight wound in his lip being opened, the ink produced erysipelas and death.

S. LEWIS, Co. Supt. Lewisville, Oct. 10th, 1860.

A aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combination in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicates its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emancipations, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incipient Consumption, Scrophulous Tuberculosis, Scurvy, Rheumatism, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested to female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and desepic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old oxide, it is vigorously tonic without being exciting and overbearing; and gently, regularly aperient even in the most obstinate cases of constiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkable, effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unhected Diarrhoea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrophulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to R. B. LOCKE & Co., General Agents, 4-1y. 20 Cedar St., N. Y.

The ULYSSES ACADEMY was commenced in the spring of 1859 and opened to students the following September. Its object is to afford to the youth of its vicinity, and to others who may choose it, as a place of study, the requisite facilities for obtaining a thorough and practical education.

JUDSON'S MOUNTAIN HERB PILLS. Anova, we present you with a perfect likeness of Penzo, a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanacs—to be had gratis, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills" has spent the greater part of his life in traveling, having visited nearly every country in the world.—He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HERB PILLS" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from IMPURE BLOOD!

The blood is the life of the human frame; or unhealthy matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiently bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quick as does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILIOUS DISEASES, Liver Complaint, Sick Headache, &c. This Anti-Bilious Medicine expels from the blood the hidden seeds of disease, and renders all the fluids and secretions pure and fluent, clearing and reconstituting the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will pass directly to the afflicted parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints: Bowel Complaints, Debility, Inward Weakness, Coughs, Colds, Chest Diseases, Constiveness, Dyspepsia, Diarrhoea, Dropsy, Headaches, Indigestion, Influenza, Inflammation, Piles, Stone and Gravel, Secondary Symptoms.

GREAT FEMALE MEDICINES! Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek.

The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tezcucans, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight, the very interesting account it contains of the "GREAT MEDICINE" of the Aztecs.

Observe.—The Mountain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and retail at 25 cents per box. All genuine, have the signature of E. L. JUDSON & CO., on each box.
