We have received the Quarterly Reviews, for the present quarter. They are all filled with able and intelligent matter, and should have a much larger popular reading than at p.esent. Professional men could not well apply \$10 a year with better results. As soon as our columns are relieved a little we will publish the Prospectus.

No Turkey Yet .- Up to the time of going to press this (Wednesday) afternoon our appeal for a Turkey for Thanksgiving is a failure, and we have every reason to suppose that our subscribers don't care a-turkey whether we keep der if Rounsville could fetch us one if we sent an order from Cushing?

Remember the Lecture by Rev. J. H. Parsons, in the Sous of Temperance Hall, a week from Saturday night. Doors open at 7 o'clock. We hope to see a large audience out on that evening, and particularly of those who are lukewarm and indifferent to the cause he will advocate. We promise you a good leature -come and hear it-it will cost you nothing but time, and will be a real pleasure to you.

The Atlantic Monthly for December, which closes the volume, is on our table. It has an excellent literary list, embracing nearly all its branches. From the prospectus on the cover we learn that the publishers, while maintaining the past character of the Monthly, are making arrangements to add to its attractions for the coming year. We have several subscribers to the Atlantic whose subber. They can now renew. We furnish CORNER the JOURNAL and Atlantic together for \$3,25 per aunum.

In the same period, the total population has increased from 3,235. ito 11,507—a marked change indeed.— Comprising a very large territory of upland extremely well adapted to grazing, with a railway near both its northern and southern borders. Potter is destined to become a rich and populous county. No longer controlled (as formerly alleged) by outlaws and villains, who found its remote wilds a sanctuary from law, it has become one of the most orderly and temperate counties in the State-thanks to strumental in its moral, political and all of which, every department, challenges physical development and improvement! every Journalist, Mann, Bird, &c., in-Keating To. in this county, polled but 6 votes, but they were all O.
