We this week conclude the legitimate report of the proceedings of the County Teachers' Institute at Ulysses. They have been much more copiously reported than heretofore, and though our columns have been crowded all the time, we have given them with pleasure, as containing much useful and practical educational information, and which could not otherwise have been made pub ic in so brief a minuer. It should also be remembered that the Institute was in session two weeks, under the charge of one of the most distinguished educators of the nation, Prof. Sanders.

The essay of Mr. Shove will have to lay in our drawer until our columns are less crouded.

Godey's Lady's Book, for January, which commences a new volume, is on our table already-in fact in advance of the Decouber No., for we have not yet received that. The number under notice CORNER STORE is a magnificent one, and indicates that the new year of this first-class lady's magzine is to be better if possible than ever before. It is filled with a large number duseful and tasteful cuts for the benefit of the ladies, and is rich in its literary attainments. We will next week give the first installment of "Mr. and Mrs. Rasher," a very life-like and amusing domestic history, by the author of "Mrs. Slimmins's Boarding House," which all our readers will-find worthy of their pemeal. We furnish Godey to subscribers of the Journal for \$2 a year—the regular subscription price being \$3.

I beg leave lo call the attention of the citizens of the United States to the above Wines and Inquous, imported by Udolpho Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schiedan Schnapps. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man my standing as a mer-chant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the pro-prietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves.
