THE ANALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appro-priate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

#### 'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon. hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an eadache?" "Does it hache 'ard," says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'an 'eadache.

REP HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications, should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is common, being usually distinguished by the tion, critical changes, and that complication name of nervous headache, sometimes coming on suddenly in a state of apparently exercise for which the physician has no name.

may also be named Neuralgia. ache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subthe power eradicating the diseases of which Headache is the unerring index.

# DE MOTT'S

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by com-bustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily prove that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicates its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emanciations, Dyspepsia, Constitution, Diarrhoa, Dysentery, Incipient Consumption, Serofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumation, University, Liver Complaints, Chronic Headaches, Rheumation, University, Liver Complaints, Chronic Headaches, Rheumation, Liversity, Liv tism, Intermittent Fev.rs, Pimples on the Face

In cases of General Debility, whether the exceedingly common and is the procursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumetism and all febrile diseases. In cases of General Deblity, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent sympathetic of disease of the stomach, constituting sick headache, of heptic disease constituting bilious headache, of worms. constituting bilious headache, of worms. constituting bilious headache, of worms. pation and other disorders of the bowels, as own neighborhoods, have suddenly re-apwell as renal and uterine affections. IMPURE BLOOD! The blood is the life I and when aut foreign or unhealthy matter gets mixed with it, it at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiently of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored.
