

MISCELLANEOUS.

THE ANALOGIES OF LANGUAGE.—There is a strong tendency in this age to appropriate the most expressive words of other languages, and for a while to incorporate them into our own. Thus the word Cephalic which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will not be used in a more general way, and the word Cephalic will become as common as islectotype and many others whose distinction as foreign words has been worn away by common usage until they seem native and to the man born.

Hardly Realized.

Hi! ad in "Terrible headache this morn'g. hand I stepped into the apothecary's and said to the man, "Can you please me of an headache?" "Does it hurt?" "ard," says he. "Exceedingly," says he, hand upon that "e gave me a Cephalic Pill, hand 'pon me 'onor it relieved me so quick that I 'ardly realized I 'ad an headache."

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease, which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach, constituting bilious headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anemia and plethoric Headache also affections which frequently occasion Headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGE.—Missus wants you to send her a box of Cephalic Pills, one bottle of Prepared Pills, but I'm thinking that's not just it neither; but perhaps you'll be after knowing what it is. You see she's nigh dead and gone with the Sick Headache, and wants some more of the same as related her before.

DRUGGIST.—You must mean Spalding's Cephalic Pills.

BRIDGE.—Och! sure now and you've set it, here's the quarter and give me the Pills and dont be all day about it either.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggist. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

Cephalic Pills CURE Sick Headache CURE Nervous Headache All kinds of Headache

D. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combination in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciations, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incipient Consumption, Scrophulous Tuberculosis, Salt-Rheum, Miasmatic Venues, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested to female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and desepitic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for nervous families, to medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old oxide, it is vigorously tonic without being exciting and overbearing; and gently, regularly aperient even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkable effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked Diarrhoea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrophulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to R. B. LOCKE & Co., General Agents, 4—ly. 20 Cedar St., N. Y.

PRACTICAL CALCULATOR. PRACTICAL CALCULATOR. PRACTICAL CALCULATOR. PRACTICAL CALCULATOR.

ROHRER'S PRACTICAL CALCULATOR.

A Book of Plain Rules and Calculations for Business Operations, by MARTIN M. ROHRER, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This Work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly PRACTICAL, such as arise every day in the common pursuits of Business. It has already passed through a number of Editions in rapid succession, and is pronounced by all classes of business men to be the HANDBOOK of reference, pertaining to calculations, that has ever been published.

Every Example in the book is worked out in FULL and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in readily solving it; in a word, the general arrangement of the CALCULATOR is so simple, that any one who knows how to ADD, SUBTRACT, MULTIPLY, or DIVIDE, can easily solve any ordinary example that arises in business, or arrive at the true result of an estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the required result.

The CALCULATOR differs in this respect from all Arithmetics of the day and kindred works—it is a key to practical business calculations—it is in the hands of the business man what the key to mathematical works is in the hands of the teacher in the school-room—it facilitates time and insures correctness.

THE WORK TREATS OF Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone Work, of Grain and Grain Bins, of Coal and Coal Bins, of Wood, of Solids, of Liquids, of Circular, Square, or Irregular Vessels, of Cisterns and Vats, of Roofing, of Plasterers', Painters', Glaziers', Pavers', Plumbers', Paper Hangers', and Upholsters' Work. It treats of Currency and of Foreign and Domestic Exchange, of the Decimal System, of Reduction and its extended application to Business, of Simple and Compound Interest, and their entire application to Business transactions with the laws and usages governing and regulating the same, together with numerous Commercial Forms,—of Legal Tender, of Partial Payments on Notes, of Banking and Bank Discount, of Equation of Payments and of Partnership Accounts, of Assessment of Taxes, of Weights and Measures, of Square and Cubic Measure, of the Square Root and its application to Business, of Surfaces, of Excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE Farmer, the Merchant, the Mechanic, the Artizan, or the Professional man. It has proven a valuable auxiliary to the Lawyer, the Justice of the Peace, the Conveyancer, and the Real Estate Broker, to the Assessor, the Banker, the Clerk, to the Civil Engineer and the Surveyor; to the Carpenter and Bricklayer, to the Stone Mason and the Plasterer, to the Paper Hanger and Upholsterer, to the Paver and the Tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published.

Mailed (post paid) to any part of the United States upon receipt of the money. Price of a single Copy, in Cloth, 60 Cents, or Two Copies for \$1.00. Bound in Pocket-book form, Morocco, \$1.00 per copy.

400 SHEEP PELTS, wanted immediately at STEBBINS',

JUDSON'S MOUNTAIN HERB PILLS.

ANON, we present you with a perfectness of Tezaco, a chief of a tribe of the Aztec Nation, that once ruled Mexico. Will find a full account of him and his people in our Pamphlets and Almanacs—to be gratis, from the Agents for these Pills.

The inventor and manufacturer of Judson's Mountain Herb Pills, has spent greater part of his life in travelling, and visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and was thus that the "Mountain Herb Pills" were discovered. A very interesting account of his adventures there, you will find in Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD!

The blood is the life! and when any impure or unhealthy matter gets mixed with it, at once distributed to every organ of the body. Every nerve feels the poison, and the vital organs quickly complain. These each will not digest the food perfectly. Liver ceases to secrete a sufficiently of bile. The action of the heart is weakened, and the circulation is feeble. The lungs become clogged with the poisonous matter; cough, and all from a slight impurity at the fountain-head of life—the Blood! As it had thrown some earth, for instance, in pure spring, from which ran a tiny rivulet, a few minutes the whole course of the stream becomes disturbed and discolored. Agedly does impure blood fly to every part, leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, regenerate all the secretions of the body, are therefore, invaluable as a

CURE FOR BILIOUS DISEASE.

Liver Complaint, Sick Headache, &c. Anti-Bilious Medicine expels from the blood the hidden seeds of disease, and renders the fluids and secretions pure, and free from clearing and reconstituting the vital organs.

Present indeed, is it to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will directly to the afflicted parts, through blood and fluids of the body, and cause sufferer to brighten with the flush of health.

Judson's Pills are the Best Remedy for the following Complaints: Bowel Complaints, Debility, Inward Measles, Coughs, Colds, Chest Diseases, Catarrhs, Dyspepsia, Diarrhoea, Dropsy, Headaches, Indigestion, Influenza, Inflammation, Piles, Stone and Gravel, Secondary Eruptions.

GREAT FEMALE MEDICINE.

Females who value health, should attend without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and give the rich color of health to the pale cheek.

The Plants and Herbs of which the Pills are made, were discovered in a very surprising way among the Tezacoans, a tribe of Aborigines in Mexico. Get the Almanac our Agent, and you will read with delight the very interesting account it contains of "GREAT MEDICINE" of the Aztecs.

Observe.—The Mountain Herb Pills put up in a Beautiful Wrapper. Each box contains 40 pills, and retail at 25 cents per box. Genuine, have the signature of B. L. JUDSON & CO., on each box.
