THE JOURNAL

Thursday, July 25, 1861.

M. W. McALARNEY, EDITOR.

Our paper is delayed a few hours this week in order to publish some account of the last battle.

Our publication day will hereafter be Wednesday, for the purpose of better but only with partial success. accommodating the Mails.

BY WEDNESDAY'S MAIL THE LABEST WAR NEWS. 🕦 Battle at Bull's Run. 90,000 Rebels in the Field. 22,000 UNIONISTS

Success of Our Army-They are finally Routed Union Loss, 500.

Rebel Loss supposed to be Great Col. Cameron Killed.

Gen. McClellen to Command. Beauregard and Johnson.

WASHINGTON, July 21, 1861. 9 P.M.-The following dispatch from an officer has been received:

FAIRFAX STATION, 5:30 p. M.-Tha enemy accepted battle in full force. A less on both sides. I am on the way 19 Washington with full details.

WASHINGTON, Monday, July 22 .- Our troops, after taking three batteries and gaining a great victory, were eventually repulsed and commenced a retreat on treat of spectators and baggage wagons. Washington.

The retreat is in good order with the rear well covered by a good column.

The fortifications around Washington are strongly reënforced by fresh froops.

It is reported that late yesterday afternoon, after the Rebels had been driven and driven in disorder from the ground. to address American Freemen, sons and grand

The Rebel army numbered 90,000. retreat, exerting himself to rally his men, but only with partial effect.

The latter part of the, army it is said, made their retreat in good order.

It is supposed that the force sent out against our troops, consisted, according to a prisoner's statement, of about 30,000 men, including a large number of cavalry. He further says that owing to reinforce ments from Richmond, Skaweseing and other points, the enemy's effective force was 90,000 meu.

was 90,000 meu.

Washington, Monday, July 22, 1861.

—The retrect of the Federal troops yessterday, was one of these extraordinary events which can no more be extraordinary events which can no more be extraordinary events which can no more be extraordinary than it can it can be justified or palliated. The day was ours. This extraordinary divides the properties of the rebel's stroughoid, when the order to retire was issued. From victory to retire was only the work of an instant. At the moment of our greatest hope all changed, and the spirit and the victor of the rebel's stroughoid, when the order to retire was only the work of an instant. At the moment of our greatest hope all changed, and the spirit and the victor was only the work of an instant. At the moment of our greatest hope all changed and the spirit and the victors of the subject, he says: I would be subject, he sa

by the rebels at the bridge across Bull's

It is reported that the Black Horse Cavarmy, when the latter turned and fired, killing all but six of the assaulting party.

ed the rebels on the sly, like squirrels

gun. It lost eight men, but in return killed the whole of the 18 rebels secreted. gaged in ransacking the bodies of the dead. Until this work is performed, they have do time to attempt pursuit.

The Army reports are so confused ours. The enemy totally routed. Great upon the men and the reporters also.

H. H. LYMAN. Oswayo Village Celebration, 4th of July, 1861.

Mr. President-Ludies and Gentlemenmen of Pennsylvania: noon, after the Rebels had been driven It is with feelings of no ordinary character from their storgholds at the Run, they that I stand here to address you upon the preswere re-enforced by Gen. Johnston's and occasion—and when I remember to whom I am to speak, and the thems which is to enforces, when the Union army was attacked gage my attention, when I recollect that Lam Gen. McDowell was in the rear of the veins received its tinge of patriotic fire from be in the councils of the Nation or the more

> with gratitude the honor conferred We propose to speak of our countryas it was, of our country as it is, and of our country as we hope it will be in the future.

From the statements of Quartermaster Pryor, a rebel prisoner, it appears that our artillery created great havo among the robels, of whom there are from thirty thousand to forty thousand in the field under command of Beauregard, while under command of Beauregard, while the statements of Quartermaster Pryor, a rebel prisoner, it appears that our artillery created great havo among the robels, of whom there are from thirty thousand to forty thousand in the field under command of Beauregard, while shivering around their camp-fires, leaving the professions of philanthropy and good fruit that has developed ocean, entering every port in the world. But made, that has brought all this underly of the made, that has brought all this underly of the made, that has brought all this underly of the made, that has brought all this underly of the made, that has brought all this underly of the made, that has brought all this underly. Do not misunderstand, I do not say that the African as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they have not misunderstand, I do not say that the African as a race is equal to the Anglo Saxon—they have not misunderstand, I do not say that the African as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they have not misunderstand, I do not say that the African as a race is equal to the Anglo Saxon—they have not misunderstand, I do not say that the African as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of phrican as a race is equal to the Anglo Saxon—they are professions of the Mohavi, and they have a restriction of the Anglo Sax they have a reserve of, seventy-five thousand at the Junction.

The whole force engaged on our side is

cestimated at 22,000 men.

The continuous around incir camp-fires, leaving the nerves of ancient maiden ladies. It is the first who deprives mm of them. In God has seen making an insite to recover his money, displayed here upon the first of the tracks of their shocless feet, Ilsay blood in the tracks of their shocless feet, Ilsay locomotive on American soil, but only the first fit to create our race with greater powers of covered that the Bank was safe, where upon when we remember these, ought we not to fit housands that now drag their freighted mind than another, that is His prerogative in the offered to pay for having it kept secure. So it may yet be with England; she may yet that Liberty which was won at so dear a price? But lock again. What mean those little iron not as black as the tawnist magnet that the spurious article she has given. Recommendation of the covered that the Bank was safe, where upon the offered to pay for having it kept secure. So it may yet be with England; she may yet be with England; she may yet be with England; she may yet be with greater powers of the cavaly stated to pay for having it kept secure. It is no meritant to create our race with greater powers of covered that the Bank was safe, where upon the offered to pay for having it kept secure. It is no meritant to create our race with greater powers of the create our race with gre God helping us, we will perpetuate it, and we wires that we see looped from pole to pole burned under an African sun.

It is believed that not over 18 or 20 well to pause and ponder upon. We might setting of the sun, and then scarcely half of to have. prices of artillery, and two batteries, have remark, that our prosperity is owing not so them would be told. There is no project men on the South, I have the transcended genius and brilliant bowever bold, no undertaking however great, it costs something to be a Union, man at a close so that our prosperity is owing not so them would be told attempting to escape, he was shot in the shoulder.

Gen. McDowell was in the rear of the ferrent, exerting himself to rally his men, stead of the selfish interests and personal age called into action. What another half centures the present of the selfish interests and personal age called into action. What another half centures the present of the stead of the selfish interests and personal age called into action. What another half centures the present of the selfish interests and personal age called into action. What another half centures the present of the selfish interests and personal age called into action. What another half centures the present of the selfish interests and personal age. grandizement of individuals, the combined world could not demoralize us or conquer us for us to conceive. The Rhode Island Battery was taken by force of arms. The plan of our Govern-But another, and the principal element of track of the storm that is breaking over us, the rebels at the bridge across Bull's ment was so conceived by our fathers, and so projected by them in the Constitution, as to estate which the God of Heaven has granted been resting under the eve of Him who rules are their retreat was and off the been resting under the eve of Him who rules are their retreat was and of the been resting under the eve of Him who rules are their retreat was and off the been resting under the eve of Him who rules are their retreat was and of the been resting under the eve of Him who rules are their retreat was and off the been resting under the even of Him who rules are the destines of hallons of well as individuals. Run, where their retreat was ent off bring to bear the combined wisdom of all us in the possession of this broad land of curs the destinies of nations as well as individuals, Their horses were all killed.

The horses were a indirectly, the will of the majority of the alry made an attack on the retreating people is, or should be, according to the Contitution, expressed in their action. Hence, f men always acted according to their better Three New York Fire Zouaves, who of the entire mass governed. What better or together, we see no reason why she may not tread lightly as we appreach the rebels on the sly, like squirrels among the bushes, and chalked down 26 cannot fail to see that the measure of that has permitted our lot to be cast in land so memory live, woven in the laurel wreath of as positively killed by them.

country. Another element of the success of our govand contradictory that it is impossible to general and fundamental principle of our government every man is permitted perfect liberty that that can be said to be reliable.

It is evident that great fear rules some of And I thank God that it is so; for if there is any one thing more than another that has the reports and that a papic has seized to get the lessons of the past, the future, to us and shed tears of love and sympathy. But, will have no redeeming power whatever.

The immortal Jefferson, in that farnous doctors, in the farnous docto great battle has been fought. The day is the reports and that a panic has seized any one thing more than another that has

lieve that governments should be formed and administered on principles in exact accordance with the law of God. But church and state should have no connection whatever. A government can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiastical; a President or a King can be christian without being ecclesiant of like liberty and the pursuit of happiness, without let or hindcrance from his of giant intellect and of vast influence has of giant intellect and of vast influence has been taken awhy by the ruthless hand of disconnections of individuals in this; it adopted cleven years after the declaration, which was sease while standing nobly by that country the is every way qualified for the duties of the would be caute another thing. But I am glad

shrine, and worship at his own altar, without first paying desirence to any earthly potentale or power. humble gatherings beside rural homes and amid rural scenes, I am contented to act the part allotted me, and shall ever remember opportunity arotted to matter gently to develop itself. There are no litles here bestowed upon imbecile brains. There is no privileged abundantly testify it was always a national as we let the honored dead sleep in their aristocracy that presumes, because their aucestors were Nature's noblemen, they have a mind, that it is now a national question, for hearts, and turn again and face the stern residents.

ure as far as Nature's bounties are concerned. And then the mineral wealth, her abundant blow. judgements the action of the constituted authorities must be the exponent of the wisdom facturing purposes; when all these are taken principal elements of its success. But you every reason to bless a kind Providence that the noble hearted Ellsworth. Long shall his of the government has, or will hereafter, act and fountain of all blessings.

Already some noble hearts have bled upon as positively killed by them.

| Success has been, and must of necessity be, favored; and unceasing praise should ever fame that he ensurined upon the alter of our The New-York 71st came upon a rifled just in proportion as each individual member ascend from our hearts to the great source country's liberty. A youth of rare qualities,

It is with feelings of no ordinary character that I staid here to address you upon the present coession—and when I recimber to whom I are no speak, and the theme-which is to engage my attention, when I recimber to whom I are no speak, and the theme-which is to engage my attention, when I recimber to whom to address American Freemen, sons and grand sons of Revolutionary sires; when I recall the fact that I am sons of Revolutionary sires; when I recall the fact that the fact that the blood which courses in your veins received its tinge of patriotic fire from the task attend on right principles here, they not have to answer in another world for the singular to another world for the singular to answer in another world for the singular to another in the call that the singular that the singular that the singular that the significance of its success and the extended which courses in your veins received its tinge of patriotic fire from the stank at the ordinary world in the size of the continuous sires; when I recall that the another this is also one present recognized under the existance of such increasing flow, on, in the policy hand the sunding have to answer in another world for the singular that the significance of the country of the man or not, but it is ignored thin. Thought difference in the equality of the part of our the existance of the country of the world in the existance of the country of the world in the existance of the country of the man or there are some, who in times past, have condended the service of the laws. Future history will opportunity afforded for native genius to de-

ing, exposure, and deprivation of rations is greatly to blame. A g sioned officers are missing except those principal cause of our success as a nation; tending the development of American genius this high-handed rebellion against that Gov well as portions of the South, it seems to me but lastice from this, and in connection with under the fosteling care of her institutions, ernment which has given them all the power there can be but little doubt as to the result.

It, there are other causes which we may do And I might go on and enumerate, until the and influence they ever had, or ever may hope of this contest.

No my friends, I have no doubt as to then scarcely half of to have. For the intust to most regard; the issue; it cannot be that our governmay not go on increasing in power and glory antil the end of time Yea, I believe that such may be the case, but I believe also there is only one foundation on which such a nation can be built, and that foundation is the Christianity of the Bible. There is one law, the obedience to which would prove a rock upon which the freedom and happiness of a nation might rest secure, and that law is the law proclaimed by our Savior, that rock is the unperverted religion of Christ; and I am glad that our government is superior in its inception, and organization as regards this matter to any nation that has heretofore existed in the history of the world. and this is my hope for the future.

I remember the nations of old-Carthige, which ruled Africa even beyond the Pillar of Hercules; I remember heroic Greece with its many powerful empires and which is even now glorious in its very ruins; Rome, rising from obscurity to a of warm sympathies, of gentle bearing, he won greatness and grandeur absorbing the the confidence and love of all; possessing a world; and that all these were at times vorld; and that all these were at times all passed away. Let us hope then, yea. t us believe, that our country is yet in its infancy as regards the greatness and fory that is to be revealed. Let us believe that the glorious stars and stripes, which has already waved victorious over the reports and that a panic has seized any one thing more than another that has tended to produce abarchy and revolution among the nations of the earth, it is the fact to make of conflict shall darken the fire of that governments, and kings, and potentates. There is a feeling of suspicion manifested that governments, and kings, and potentates. The immortal Jefferson, in that farnous doctors a feeling of suspicion manifested that governments, and kings, and potentates. The immortal Jefferson, in that farnous doctors in the many still live, and when on the field of buttle the name of conflict shall darken the fire, Gohn that governments, and kings, and potentates. In the panic was the result of the trouble would have presumed to interfere in those matters with the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of our country, would have made us the most of conflict shall darken the field of bottle the made of conflict shall darken the field of bottle the most of country is so many to the wind from the charging columns the war cry, "Remember of our noble army have most of the late of those who shall like the most of the work of our noble army have most of the late of those who fallen the most of the late of the work of our noble army have most of the late of the late of the work of our noble army have most of the late of
