J. C. Arer & Co; Gents: I feel it my duty to acknowledge what your Satrayerilla has done for me. Having inherited a Serofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on my hands and arms; sometimes litturned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and louthsome beyond description. If tried many inedicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cinciunati and got it, and used it till it cured me. I took it, as you advise, in small doese of a teaspoonful overlamonth, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain over gratefully.

Dr. J. C. Arm: Sir, I cheerfully could with the request of your agent and brown to you some of the effects I have realized with your Sarsajarilla.

I have cured with your Sarsajarilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its fleets truly wonderful in the cure of furered and Mornarial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his plate and the log of his mouth. Your Sarsaparilla, steadily taken, uared him in five weeks. Another was attacked by seendary symptoms in his inexe, and the ulceration had asten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers leaded, and he is will again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercary was suffering from this poison in her beloes. They had become so expensitive to the weather that on a damp day she suffered examinating pain in her foliats and thouses. She, teo, was uned entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your bloom down must be a great remedy; consequently, these truly remarkable results with it have not surprised me.
