FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints:

And for the speedy care of the following complaints:

Scrofule and Scroful our Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Rinins, and all Skin Discases.

J. C. Arm & Co., Gents; I feel it my duty to acknowledge what your Sarsharilla has done for me. Having inherited a Scrofulous infection, Il hape suffered from it in various varys for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was patinal and loathsome beyond description. I tried many medicines and several physicians, but without much relief from day thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarshaparilla), for I knew from your reputation that any thing you make must be good. I sent to Cincinnatia and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apost of the age, and remain ever gratefully.

Dr. J. B. S. Channing, of New York City, writes; "I, most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a nost excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fanate Diseases of the Scrofulous diathesis. I have cured many inveternet cases of Lencorina by it, and some where the complaint was caused by alceration of the attention itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous carrian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely chired by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

New Oblights, 25th Angust, 1859.

Dr. J. C. Ayen: Sir, I cheerfully comply with the remest of your agent, and report to you some of the effects i have realized with your Sirsaparilla.

I have cured with it, in my practice, most of the complaints for which it is necommended, and hive found its effects truly wonderful in the cure of Veneral and Manarial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the lop of his mouth. Your Sarsaparilla, isteadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her boies. They had become so sensitive to the weather that on a damp day she suffered extracting pain in her joints and benes. She, too, was carried entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with I have not surprised me.

Fraternally yours: G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint.

A great variety of cases have been reported to us where curs of these formitable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them nay be found in our American Almanac, which the negrals below named are pleased to furnish gratis to all who call for them.

Dyspepsia. Heart Disease, Fits, Epilepsy, McLancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus precomes diseaders which would be supposed beyond its teach. Such a remedy has long been required by the necessities of the people, and we are confident that this will lo for them all that medicine can do.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publishithe evidence of its virtues. It unrivaled excelence for icoughs, and colds, and its truly wonderful cures of pulnionary disease, have made it known throughout the fivilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the chreat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not lo more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
