The "Union Convention" meets this afternoon for the purpose of nominating a ticket. What their action will be we do not know, neither do we care, it is enough for Republicans to know that the main movers in it are old-line Whiskey Democrats whose chief end and aim is to break up the Republican organization, ment, and urged to give it your support, do you ever think of what the consequences of your support might be? This will grant licenses to every respectable (?)
rum-shop in county. And you, Republicans, will have to assume the responsibility, for you are in the majority, when the hundreds of poor families in the county are starving for the necessaties of life, while their husbands and brothers spend money, the money that should be used to money, the money that should be used to keep body and soul together, at these respectable and moderate taverns! Don't be caught by any such clap-trap assertions. Did you ever hear of a respectable hell or a moderate devil? Beware!

J. C. AYM & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilis has done for mei Having inherited a Scrobloes infection, I have suffered from it in various ways for years. Sometimes: It burst out in Ulcers on my hands and arms; sometimes: It turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sort, which was phiblial and leathsoms beyond description. I tried many inedicines and several physicians, but without much relieffrom anyithing. In fact, the disorder grow worse, At length I was rejoted to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputes that my thing you make must be good. A great variety of tases have been reported to us where
cures of these formidable complaints have resulted from
the use of this remedy, but our space here will not admit
them. Some of them may be found in our American
Almanac, which the agents below named are pleased to
furnish gratist to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilopsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimutates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its teach. Such a remedy has long been required by the netessities of the people, and we are confident that this will lo for them all that medicine can do.

of the Disease.

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not so more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
