# AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.

Oakland, Ill Skin Diseases.

J. C. Aver & Co. Gents: I feel it my duty to ack knowledge what your Sarsaparilla has done for mee Having inherited a Scrofalous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder graw worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiandgot it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the each which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feelswhat I am saying when I tell you, that I hold you to be one of the apestles of the age, and remain ever gratefully.

Syphilis and Mercurial Disease.

New Obleans, 25th August, 1859.

Dr. J. C. Aten: Sir, I cheerfully comply with the remest of your agent, and report to you some of the effects I have realized with your garsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venercal and Mermial Disease. One of my patients had Syphilite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, tured him in five weeks. Another was attacked by secondary symptoms in his jose, and the ulceration had asten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla, the ulcers healed, and he is welf-figuin, not of course without some disfiguration to his figue. A woman who had been treated for the same disorder by mercury was suffering from this poison in hier bones. They had become so sensitive to the weather that on a damp day she suffered extruciating pain in her joints and bones. She, too, was aured entirely by your Saisaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results, with it have not surprised he. Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1850.
Dn. J. C. Ater: Sr., I have been afflicted with a painful chronic Rheumatism for a long time, which laitled the skill of physicians, and sturk to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general realth so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been Jules Y. Getchell, of St. Lonis, writes: "I have been afflicted for years with an affection of the Liner, which. I estroyed my health. I fried every thing, and every thing failed to relieve me; and I have been a broken-down mul for some years from no other cause than derangement of the Liver. My beloved paster, the Rev. Mr. Espy, advised me to try your Sursaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, fand has so purified my blood as to make a new man of me. I feel young again. The best that can be said of youns not half good enough."

Schirrus, Caneer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases libre been reported to us where carries of these formidable complaints have resulted from

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus vercoines disorders which yould be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will lo for them all that medicine can do:
