AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions Pimples, Pustules, Blotches, Boils Blains, and all Skin Diseases:

Pinples, Pustules, Blotches, Boils, Blains, and all Skin Diseases:

J. C. Aren & Co. Gents: I feel it my duty to acknowledge what your Sairanpailla has done for me. Having inherited a Scroulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed mis at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was poluful and loathsome, beyond description. I tried many medicines and several physicians, but without much relief from any tifing. In fact, the disorder grew works. At length I was rejoiced to read in the Gospel Messenger that, you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form inder the scal, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, add remain ever gratefully.

Dr. J. B. S. Nothing within my knowledge qualt it for these female derangements."
Edward S. New Ofizars, 25th Angust, 1839.

Dr. J. C. Arra: Sir, I. cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your fair-aparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenered and Merzural Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the big of his mouth. Your Sarsaparilla, steadly taken, ured him in five weeks. Another was attacked by secondary symptoms in his mose, and the ulceration had asten away a considerable part of it, so that I believe the lisorder would soon reach his brain, and kill him. But it yielded to my administration off your Sarsaparilla; the ulcers healed, and he is well again, not of course without ome disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. Elley had become so sentitive to the weather that on a hamp day she suffered extractating pain in her joints and homes. She, too, was arred entirely by your Sarsaparilla in a few weeks. I know from its formula, which jour-agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

failed to relieve me; and I have been a broken-down man,
for some years from no other cause than derangement of

Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs.
