AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such eroturand Scrotulous Anections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Bolls, Blains, and all Skin Discases.

ORLAND, Ind., 6th June, 1859.

J. C. Ayen & Co. Gents: I feel it my duty to acknowledge what your Sarsayarilla has done for me. Having interfiel a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physiciaus, but without much relief from any thing. In fact, the disorder grew vorse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to dincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease hus gone from my system. You can well believe that I feet what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Dr. J. B. S. J have cured many invested to cases of Leticorrhota by ft, and some where the client atomic test was soon circle. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous contrain tumor on one of the females in my family which find defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Earaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Byphilis and Mercurial Disease.

New Orleans, 25th Afigust, 1859.

Dr. J. C. Arran: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with it, in my practice, must of the complaints for which it is recommended, and have found its iffects truly wonderful in the cure of Venereal and Mermiral Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the tip of his moath. Your Sarsaparilla, steadily taken, tured him in five weeks. Another was attacked by secondary symptonis in his nose, and the ulceration had saten away a considerable part of it, so that I believe the disorder would scon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla, the difference of the same disorder by mercury was suffering from this poison in her bones. Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Aver: Sir, I have been afflicted with a pair DR. J. C. AYER: SIF, I have been amilicited with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarvaparille. One bottle cured me in two weeks, and restored my general nealth so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been affilicted for years with an affection of the Liver, which lestroyed my health. I tried every thing, and every thing Instroyed my health. I tried every thing, and every thing failed to relieve mu; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Surasparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almainer, which the agents below hamed are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimutates the vital functions into vigorous action, and thus vercomes disorders, which would be supposed beyond its reach. Such a remedy has long been required by the restities of the people, and we are confident that this will lo for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a renedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. It unrivalled excelence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not no more than to assure them that it has now all the firtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
