

THE POTTER COUNTY JOURNAL
is the only paper published in Potter county, circulates among an intelligent class of people, and is thus an excellent medium for both City and Country Advertising.
Transient Advertisements, and those for a distance must be Cash or have responsible reference.
All communications, to receive attention, must be directed to the Editor, and contain the name of the writer. No attention paid to anonymous communications.
TERMS.—One copy, one year, \$1; Six copies \$5; Twelve copies, \$10; Twenty copies, \$18, with one to the person raising the Club. The money must accompany the names.

Coudersport, Wednesday Evening, Nov. 13, 1861.

We have some poetic effusions on hand—will be attended to next week.

Sergeant A. WILSON of Col. J. Richter Jones' Regiment has returned and will remain in the county during the coming week for the purpose of obtaining a few more recruits. The men from this county who have joined the Regiment, appear well pleased with their position.

See advertisement of the SCIENTIFIC AMERICAN in another column. To men engaged in any kind of Scientific business, or those interested in Patents, it is a most desirable journal. Independent of its being the best conducted it has always carried with it a degree of reliability such as no other paper of the kind ever had.

Those who have promised Grain on subscription will please arrange so as to have it here by the 30th of December next, and those owing Wood will bring it in at an early day. We still continue to take on subscription, all kinds of grain, wood, butter, and all kinds of produce, not excepting Cash.

To THE LADIES—Ladies, if you only know how much difference there is between a good and a poor article of Saleratus, you would never use any other but D. B. DeLand & Co's Chemical Saleratus. It is truly what it claims to be, the "housewife's favorite," and we are happy to see that our lady friends are finding it out and using nothing else.

The most forcible compliment to Gov. Curtin is the fact that while Pennsylvania has furnished many thousands more men than Massachusetts, yet it has cost the latter State four hundred thousand dollars more than Pennsylvania. "Them's the sings what speaks!"—A mistake occurred in our last week's article in regard to the number of men Pennsylvania had furnished more than was required. It was printed twenty-six men when it should have been twenty-six thousand men!

GODEY'S LADY'S BOOK, for November, has come to hand. The steel engraving, "the new boy," is finely executed, presenting a group of innocent children. The two page fashion plate for November is rich—five full size ladies and two girls, all decorated in the best and most fashionable "duds." The other embellishments are lucid and numerous. We fear the periodical and the Journal, one year, for \$3.00. A single copy of the Magazine costs \$3; two copies one year for \$5; three copies for \$6; eight copies one year, and an extra copy to the person sending the club, \$15. See advt.

IMPORTANT TO VOLUNTEERS.—The Act of the 15th of May, 1861, section 12 expressly forbids any volunteer leaving the State, except he shall be accepted by the Governor of the State under a requisition from the President. It has therefore been decided by the authorities that persons enlisting in independent regiments, accepted barely by the War Department, are not entitled to commissions from the State; their families are not to receive the benefit of the funds raised by their respective counties, and in case of their death the pension of \$8 a month for 5 years, allowed by the State, will not be made to their widows and minor children.

KNIT MITTENS FOR THE SOLDIERS.—An officer from West Point, who commands one of the finest regiments in the service, suggests that woolen mittens for the soldiers will be greatly needed when the cold weather begins. Will not all who can employ themselves in this way help to furnish five hundred thousand pairs. They should be knit with one finger, to allow a free use of the first finger and thumb. It is said there were more soldiers disabled in the Crimean war from frost bitten fingers than from any other one cause. Capt. Jones sends this direction with the hope that the people would take the matter into consideration and make enough to supply his company. Cold weather will soon be upon them, and if the friends at home wish to do them a real kindness now is the time. Well wishes are very good in their place, but mittens are preferred just at present.

PATRONIZE YOUR OWN.—No one should ever go abroad for what he can purchase at home. Home mechanics are always safe to trade with because we know them. The safest place for children is the roof-tree of their paternal home. So with everything else. Home products are the best. But in nothing is it more important to look after home than selecting your reading matter. Do not send to the cities for your newspapers, but first encourage those published in your own locality. City papers are all well enough in their place, but they cannot pay attention to your local matters. By all means take your county paper whatever you do, and advertise in it, for business is more inspired by a knowledge of what is buying and selling than by any other cause. A man who hasn't local pride and public spirit enough to give adequate support to his own local paper, isn't very likely on the whole to do much good to himself or anybody else either.

As we go to press the TRIBUNE brings a report that the Fleet had taken the Port Royal Forts, had contemplated attacking Beaufort, had taken CHARLESTON, and that the Rebel Fleet had been defeated. It also again reports the capture of the pirate Sumter. There is a report of a mutiny in the Rebel Army and the burning of the Norfolk Custom-House. These are reports and of course exaggerated.

Well, the thing is done! Fremont has been removed! And the patriot who gathered around him, by his own popularity, by the bent of a genius that has never known failure, by the real worth and honor of the man, an army sufficient to baffle and defeat the enemy of the whole country and the interested enemies of half-slave Missouri; just at the moment when the people of the whole North were looking to him for glorious results from his active and energetic preparations, he is sacrificed upon the altar of political envy; those who placed him there being fearful that the gallant standard bearer of '56 would acquire too great an influence with the free minds of the North. No better evidence of the true patriotism of the man is wanted than his conduct upon receiving his order of removal: he was just on the eve of battle, the end that he had toiled for so long was about to be accomplished, the men who had sworn to follow him to the death were impatient and eager for the fray, the army was prepared to raise Freedom's Banner on a more noble eminence than that of the desert mountain, the morning sun was to shine on a more glorious contest for Freedom in the West; but, "Republ-icans are ungrateful," the hand that was raised in power must fall lifeless to the side, and the patriotic hope and ambition must be crushed, while envy, jealousy and fear seek a solace in his removal. When the army heard of the removal, great excitement and indignation prevailed; whole companies threw down their arms and refused to march under any other Commander, officers threatened to resign and go home leaving the field, unfought, to the Secessionists; but, Fremont, with the same power that had gathered them together, calmed the angry storm, and, while yet smarting under the great injustice, spoke noble words of patriotism, urging them not to look to the individual but to the Nation. What could be more noble! Holding a power in his hand with which he could have made the whole Nation tremble, he gives it up without a murmur, hoping that in his removal his Country may be benefited.

Why the Government removed him and why they suffered as baseless a report as that of Thomas' to be published as an official paper, a report that has been riddled to pieces and shown to be a miserable mass of slander and mis-statements by correspondents who are acquainted with the Department of the West, is to us incomprehensible. The people were with great unanimity agreed to all the movements he had made, and he had almost cleared Missouri of Rebels, his Department had cost the Government less than any other one Department and the entire confidence of North-Western Freedom was reposed in him and in his Generals. But, it is done, and if future revelations can sustain the decision of those who removed him, well and good; if not, the vengeance of a free people wronged, will fall upon their guilty heads. Of this the abettors in this movement may be certain, that if by this course they thought to overthrow Maj.-Gen. Fremont's popularity with the people of the North they have most signally failed.

It is always with pleasure that we copy from journals outside of our own State notices of the real worth and ability of Pennsylvania's sons. The following we clip from the New York Tribune of the 4th inst., and as it comes from a source which a few weeks since was not wont to compliment Gen. Cameron, our readers may believe that there is truth in its forcible statements: "The Secretary of War and the Secretary of the Treasury arrived in this city on Saturday night, both on business connected with their Departments. They timed their visit to the journey of Gen. Scott, and made that the occasion of a demonstration of personal respect to the veteran commander on his way to retirement from his labors and his rank. Mr. Chase's visit was connected with the interests of the Financial Department over which he so ably presides. Secretary Cameron inspected yesterday the fortifications which guard our harbor. He will go to-day to West Point, and thence to Springfield in Massachusetts to examine the United States Army. He will probably continue his journey to Boston to inspect the defenses of that city against attack from sea. Mr. Cameron's great labors in raising equipment, and organizing the army with which the rebellion is to be crushed—the vigilance, wisdom, and practical ability with which he has guarded the public interests while providing for the sudden expansion of the military power of the nation from eighteen thousand men to half a million, are at last recognized by the country, and will soon be a matter of history. At the age of 63, and in the possession of an ample fortune acquired in business enterprises, the Secretary took charge of the War Department at a time when its duties were more burdensome than ever rested upon any War Minister of France in the years of her greatest struggles, whether under the Republic or under the Empire. The National impatience has demanded impossibilities.—When the magnitude of the contest we are engaged in has been appreciated by the people, and their determination to succeed has settled into an inflexible moral principle, justice will be done to Simon Cameron's administration of his enormous trust.

On the subject of continuous advertising, a French editor has remarked, that the first time a man sees an advertisement in his newspaper he takes no notice of it; the second time he looks at the name; the third time he looks at the price; the fourth time he reads it; the fifth time he speaks of it to his wife; the sixth time he buys.

Notice to the Families of Volunteers.

THE COUNTY COMMISSIONERS having made arrangements for securing a loan at the next December Term of Court, the Board of Relief will continue to issue orders in all such cases as shall seem equitable and proper. The next meeting of the Board will be on Tuesday, the 10th day of December next. That justice may be done to all parties the Board require that all applications for Relief shall be made in writing, stating that the applicant has volunteered in the service of the United States under the orders of the Governor of this Commonwealth, also stating the exact circumstances of the family of said Volunteer at the time of the application, and to be certified by an affidavit of some responsible citizen acquainted with all the facts of the case.

It is further understood by the Board that the Relief granted is only for present necessity, and that the Volunteer as soon as practicable will forward a portion of his wages for the use of his family.

By order of the Board of Relief:

Prospectus OF THE SCIENTIFIC AMERICAN.

SEVENTEENTH YEAR.
A new volume of this widely circulated paper commenced on the 6th of July. Every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are expressly for its columns. The Scientific American is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

The Scientific American has the reputation, at home and abroad, of being the best weekly publication devoted to mechanical and industrial pursuits now published, and the publishers are determined to keep up the reputation they have earned during the six years they have been connected with its publication.

TERMS.

THE LADY'S FRIEND.

GODEY'S LADY'S BOOK FOR 1862.—The world's favorite. For 32 years the Standard Magazine. Pronounced by the Press of the United States, the best Lady's Magazine in the World and the Cheapest.

The Literature is of that kind that can be read aloud in the family circle, and the clergy in immense numbers are subscribers for the Book.

The best Lady Writers in America contribute to its pages, and we have some that write for no other Magazine.

The Music is all original, and would cost 25 cents (the price of the Book) in the music stores; but most of it is copyrighted, and cannot be obtained except in "Godey's."

Our Steel Engravings.—All efforts to rival us in this have ceased, and we now stand alone in this department, giving, as we do, many more and infinitely better engravings than are published in any other work.

Godey's Immense Double-Sheet Fashion-Plates.—Containing from five to seven full length Colored Fashions on each plate. Other magazines give only two.

Far Ahead of any Fashions in Europe or America.—Godey's is the only work in the world that gives these immense plates, and they are such as to have excited the wonder of publishers and the public. The publication of these plates cost \$10,000 more than Fashion-plates of the old style, and nothing but our wonderfully large circulation enables us to give them. Other magazines cannot afford it. We never spare money when the public can be benefited. These fashions may be relied on. Dresses may be made after them, and the wearer will not subject herself to ridicule, as would be the case if she visited the large cities dressed after the style of the plates given in some of our so called fashion magazines.

Our Wood Engravings, of which we give twice or three times as many as any other magazine, are often mistaken for steel.

Imitations.—Beware of them. Remember that the Lady's Book is the original publication and the cheapest. If you take Godey you want no other magazine.

Drawing Lessons.—No other Magazine gives them, and we have given enough to fill several large volumes.

Our Receipts are such as can be found nowhere else. Cooking in all its variety—Confectionary—the Nursery—the Toilet—the Kitchen—the Laundry. We originally started this department, and have peculiar facilities for making it most perfect.

Ladies Work Table.—This department comprises engravings and descriptions of every article that a lady wears.

Model Cottages.—No other Magazine has this department.

Terms, Cash in advance: 1 copy one year, \$3, 2 copies one year \$5, 3 copies one year, \$6, 4 copies one year \$7. Five copies one year, and an extra copy to the person sending the club, \$10. Eight copies one year, and an extra copy to the person sending the club, \$15. Eleven copies one year, and an extra copy to the person sending the club, \$20. And the only magazine that can be introduced into the above clubs in place of the Lady's Book is Arthur's Home Magazine.

Gov. Curtin gives notice that no pardons will hereafter be granted without due notice in the county once a week for two consecutive weeks of the application, full notice to the District Attorney and consultation with the Judge who presided at the trial.

\$25! EMPLOYMENT! \$75! AGENTS WANTED.

We will pay from \$25 to \$75 per month, and all expenses, to active Agents, or give a commission. Particulars sent free. Address: EMERSON MACHINE COMPANY, R. JAMES, General Agent, Milan, Ohio, au21ly

SPECIAL NOTICE To Consumptives.

THE Advertiser, having been restored to health in a very few weeks by a very simple remedy after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure. To all who desire it, he will send a copy of the prescription used, (free of charge,) with the direction for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, &c. The only object of the subscriber in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing and may prove a blessing.

Parties wishing the prescription will please address Rev. EDWARD A. WILSON, Williamsburg, Kings County, New York.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be resisted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered bowels—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangement, take Ayer's Pills, and they will directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect exists there. Caused by similar obstructions and derangements of the natural functions of the body, they are equally, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from these ailments.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant, J. St. Louis, Pa., 4, 1856.
Dr. Ayer's Pills are the paragon of all that is great in medicine. They have cured my little daughter of a chronic sore upon her hands and feet that had proved incurable for years. Her mother has been long and grievously afflicted with rheumatism and palsy on her skin and in her head. After other remedies had failed, she also tried your Pills, and they have cured her.

As a Family Physic.
From Dr. E. W. Carter, New Orleans.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action upon the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Pains Stomach.
From Dr. Edward Boyd, Baltimore.
Dear Bro. Ayer: I cannot answer you what complaint I have cured with your Pills better than to say all that I can treat with a purgative medicine. I have great dependence on an efficient cathartic in my daily practice with those, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Dr. J. C. Ayer, Sr.: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.
Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Currier.

Bilious Disorders—Liver Complaints.
From Dr. Theodore Bell, New York City.
Not only are your Pills admirably adapted to their purpose, but they are also the most effectual in their action. I have very marked success in their use. They have in my practice proved most effectual for the cure of bilious conditions that any one remedy I can mention. I sincerely believe that we are at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1861.
Sir: I have used your Pills in my general and hospital practice with you made them and cannot but testify that they are the best cathartic we employ. Their regulating action on the liver is quick and decided, causing the bile to be an admirable remedy for derangements of that organ. Indeed, I have exhibited a large number of bilious disease so obstinate that it did not readily yield to them. Fraternal regards, ALONZO HALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhoea, Relax, Worms.
From Dr. J. G. Green, Chicago.
Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best agents I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses for chronic dysentery and diarrhoea. Their soothing action makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.
From Rev. J. F. Jones, Pastor of Advent Church, Boston.
Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.
Yours, J. F. JONES.

WARREN, Wyoming Co., N. Y., Oct. 24, 1855.
Dear Sir: I am under a long trial in my practice, and find them an excellent purgative to cleanse the system and purify the functions of the blood.
JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.
From Dr. J. P. Vaughn, Montreal, Canada.
Too much cannot be said of your Pills for the cure of constipation. If others of your family have found them as efficacious as I have, they should join me in pronouncing it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the forerunner of others that are worse. I believe confidence to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Smart, Physician and Miller, Boston.
I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural action when wholly or partially suppressed, and also very effectual to cleanse the ground and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawley, of the Methodist Episc. Church, Putnam House, Savannah, Ga., Jan. 8, 1856.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.
Dr. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.
VINCENT SLEIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for \$1.
Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

Sold by C. S. & E. A. Jones, Coudersport; Mann & Nichols, Millport; N. J. Mills, Coudersport; Colwell & Lyman, Roulet; A. Corey & Son, Lysses; A. B. Horton, Cushingville; and by Dealers generally.

ON THE NATURE, TREATMENT, AND RADICAL CURE OF SPERMATORRHOEA, or Seminal Weakness, Sexual Debility, Nervousness and involuntary emissions, producing impotency, Consumption and Mental and Physical debility.

BY ROBT. J. CULLENWELL, M. D.
The important fact that the awful consequences of self-abuse may be effectually cured without internal medicines or the dangerous applications of caustics, instruments, medicated bougies, and other empirical devices, is here clearly demonstrated, and the entirely new and highly successful treatment, as adopted by the celebrated author fully explained, by means of which every one is enabled to cure himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. This lecture will prove a boon to thousands and thousands.
