of which are rapidy being attained. In addition, there is daily arriving here from one to two regiments more, and probably
many thousands are rendezvousing at other great military depots. Hence the conclusion that every day adds to our
effective streagth, whije the supply not yet .drawn upon is immense, On the
contrary, the rebels can be gaining nothing unless it be in efficiency with arms, and
even this we supposo to be counter balanced by demoralization. Unless we
