Orkland, Ind., 6th Jane, 1839.

J. C. Area & Co. Genes: 1 feel it my duty to acknowledge what your earsparilla has done for me. Having inherited a Scrottlous infection, 1 have suffered from it in various ways for years. Sometimes it burst eat in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years go it broke out on my head and covered my scalp and ears with one sors, which was painful and loathsome beyond description. I fried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejuiced to read in the Gospel Messenger that you had prepared an alterative (Earsaparilla), for I knew from your reputation that any thing you made most be good. I sent, to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soor began to force under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I ms saying when I toil you, that I hold you to be one of the upsetles of the age, and remain every ratefully.

New Onlars, 23th Angust, 1852.

Dr. J. C. Atra: Sir, I cheerfully comply with the request of your agent, and report to you some of the effect I have realized with your Sagangarilla.

I have circle with it, in my practice, most of the complaints for which it is recommended, and have found its affects truly wonderful in the cure of Vicerved and Mornaria Disease. One of my patients had Syphilite ulcress a his throat, which were consuming his palate, and the top of his month. Your Sarsaparilla, steadily taken, and then it would be not supplied to the sand the latent way a considerable part of it, so that I believe the stated would soon reach his brain and kill him. But it pleided to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her homes. They had become so sensitive to the weather that on a damp day she suffered extractating pain in her joints and bones. She, to, was mired within the proposition of the weeks. I know from its formula, which your again gave me, that this Preparation from your belogatory must be a great remedy; consequently, these truly remarkable results with it have not rurprised me.

Fraternally yours. G. V. LARIMER, M. D.

Schirrus, Caucer Tumors, Enlargement, Ulceration, Caries and Excollation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanne, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilop-sy, Melancholy, Nouralgia Many remarkable cures of these affections have been made by the alterntive power of this medicine. It stimulates the vital functions into vigorous action, and thus recromes disorders which would be supposed beyond its reach. Such a remely has long been required by the increasities of the people, and we me confident that this will look for them all that medicine can do.
