FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints Serofula and Scrofulous Affections, such as. Tumors, Ulcers, Sores, Eruptions, Fimples, Postules, Biotches, Bolls, Blains, and all Skin Discases.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Bronchocele, Goitre or Swelled Neck.

Zebulon Slean of Prospect, Texas, writes: "Three bot-ties of your Sarasparilla cured me from a Geirr — a hid-sous swelling on the neck, which I had suffered from over two years."

Syphilis and Morcurial Disease.

Symptom of the disease remains."

Symptom of the disease remains.

New Obleans, 25th August, 1859.
The J. C. Atter: Sir, I cheerfully compty with the request of your sgent, and report to you some of the offset. I have realized with your Saraparilla.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its insects truly wonderful in the cure of Veneral and Mernarial Disease. One of my patients had Symbilitic ulcers as his throat, which were consuming his palate and the bop of his mouth. Your Saraparilla, steadily taken, sured him in five weeks. Another was attacked by sendar symptoms in his nose, and the ulceration had some reach his brain and kill him. But it yielded to my administration of your Saraparilla, the aleers healed, and he is well again, not of course without sense disfiguration, to his face. A woman who had been trans defiguration to his face. A woman who had been streed entirely by your saraparilla in a few weeks. I know from its formula, which your agent gave mo, that this requastion from your loboratory must be a great remedy; consequently, these truly remarkable results with it have not sumplied me.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint. FURTENDENCE, Preston Co., Vn., 6th July, 1859.

DR. J. C. Aver.: Sir, I have been affilicted with a palabal chronic libermodism for a long time, which balled the skill of physicians, and sinck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general assith so much that/% am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which festroyed my health. I tried every thing, and overy thing filled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the five Nr. Espy, advised me to try your Sarsapanilla, because he said he know you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

A great variety of cases have been reported to us where one year sures of these formidable complaints have resulted from the use of this remedy, but our space here will not admiss them. Some of them may be found in our American Almanac, which the agents below maned are pleased to clubs of through gratis to all who call for them.

Money:

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass ansether for the cure of threat and lung complaints, that it is useless here to publish the evidences its virtues. In anrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all known the dreadful fathlity of these disorders, and as they know, too, the effects of this remedy, we need not some that to assure them that it has now all the virtues that it did have when making the cures which have twen so strongly upon the confidence of mankind.

all districts

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the bustion in Hydrogen. Searchoused by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proved that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicates its necessity in almost every conceivable case.

Innoxious in all maladies in which it har

been tried, it has proved absolutely curative in each of the following complaints, viz: In Debility, Nervous Affections, Emanciations Dyspepsia, Constitution, Diarrhaa, Dysentery, Incipient Consumption, Scroful whites, Chlorost, Sait Rheum, Mismenstruction, Whites, Chlorost,

Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, In cases of General Debility, whether the result of acute disease, or of the continued di-minution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extens which no description nor written attestation would render credible. Invalids so long bed-ridlen as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.

Some very signal instances of this kind are attested to female Sufferers, emacated victims of apparent marasmus, sanguincous exhaus. tion, critical changes, and that complication of nervous and despeptic aversion to air and exercise for which the paysician has no name. In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old oxids, it is rig-orously tonic without being exciting and overheating; and gently, regularly aperient even in the most obstinate cases of costiveness without ever being a gastric pargatire, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkable effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific ction. by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes old for \$3 per dozen.

We have also on hand and manufacture the to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been

equally decisive and astonishing. In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated Views of the Camp, etc. Also the Relay House and camp scenes and scenery thereabout. Also Harper's Ferry before and after the scenes of destruction. Together with various other places of note. Card size 25 cents each, Stephage and the control of iron has had far more than the good effect of
