Sometimes it burset out in. Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years mys it bruke out on my head and covered my scale and ears with one sore, which was poinful and toathsome beyond description. I tried many medicines and several physicians, but without much relief fersis my thing. In fact, the disorder grew worse. At length I was rejoiced to read in the tip seed Messenger that you had prepared an alternitive (Sabaparilla, for I knew from your reputation that my thing you made meat be good. I sent to Cincinhant and got it, and used it till it cured ms. I took it, as you advise, in small does of a tempoluful over a mouth, and used almost three-bottles. New and kankley skin soon began to form under the scale, which after a write fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. For any with fell off, my skin is now clear, and I know by my feelings that the disease has gone from my system. Dr. J. C. Aten: Sir, I cheerfully couply with the remet of your agent, and report to you some of the effects i have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the combaints for which it is recommended, and have found iterated bis through the foundation of the combaints for which it is recommended, and have found iterated Disease, One of my patients had Syphilitic, ulcurant bis throat, which were consuming his polate and the op of his month. Your Sursaparilla, steadly taken, mused him in five weeks. Another was attacked by secondary symptonis in his nose, and the ulceration had asten away a considerable part of it, so that I believe the tisorder would soon reach his brain and kill him. But it yielded to my administration of your Earsafarilla; the ulcers healed, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so readitive to the weather that on a damp day she suffered sarruciation pain his her joints and bones. She, too, was ruced entirely by your exasspatilla in a few weeks. I know from its formula, which your agent gave me, that his Preparation from your horatory must be a great remely; consequently, these truly remarkable results with it have not supplied me.
