Messrs. Olmsted and Bowman, out-and-out Republicans are elected Representatives from this District. Bowman has about 1200 in Tioga county over Taylor, Union Republican, Olmsted has about 4900 majority.

Deaths are occurring remarkably fast in Capt. Johnson's Company. We have this week to record the death of Rev. Charles Wilson of Harrison, and of Valorous Merrick of Bingham, in the Washington Hospital. The squad of men went into Co. G, (Capt. Bryden's), 149th Regiment.

Gen. Sigel gives his unqualified support to the Proclamation, and says it is the death blow to the hopes of Rebellion. So all the great men of the day think, but it has been the policy of the Democratic press to make political capital out of just those measures which the good and patriotic have deemed necessary for the life of the Nation.

The Senatorial Return Judges met in this place yesterday and reported the following:

Wilson, R.	Beckus, D.
MoKean, 769	692
Potter, 1149	263
Tioga, 2896	848
Warren, 1885	1216

Wilson's Majority, 3785

We have received a communication, numerous signed, from one of the companies of the 46th, giving a pretty severe scolding to a certain Captain who left this County, and who, they charge, has not performed his duty. As the article is libelous in a legal sense, and as "the greater the truth the greater the libel" holds good with some Judges, we are compelled, from a desire to avoid all law-suits, to refuse the publication of this article, at the same time hoping, if what the boys say is true, the Captain who proved recreant to the trust reposed in him by their friends may receive a just reward for his wrong-doings.

An armed reconnaissance, under Gen. Hancock, left Bolivar Heights at sunrise Thursday morning and marched toward Charlestown. Two miles out they met the Rebel pickets, who retired without firing. At a mile and a half from Charlestown our men were fired upon from five 10-pound Parrotts which were responded to by Clark's horse battery and Tompkin's Rhode Island battery, for two hours. The Rebels' guns were very well served, but only a few of their shells exploded. About 10 o'clock the Rebels ceased firing. At 11 our columns advanced and at noon entered Charlestown without opposition. The loss on either side was slight. Our forces rested for the night south of Charlestown. Cavalry only were seen in front. The Rebels report a loss of six men from our artillery. The main body of the Rebels is believed to be five miles beyond Charlestown.

Late advices represent that a forward movement of the Potomac Army, at an early day, has been determined upon.

In Carroll county, Mo., a man was tried for boldly avowing Union sentiment. He defied his enemies, and said he would stick to the Union as long as there was a piece left. He was told that the Union was broken so fine that a piece could not be found. "Then," said he, "I will hang to the stub, and when the stub is gone, I will hang to the hole the stub came out of."

RE-ELECTION OF SENATOR FOOT.
We are gratified to record the election of the Hon. Solomon Foot, a United States Senator from Vermont, by the nearly unanimous vote of the Legislature of that State. His election is received with the liveliest satisfaction in political circles here. This is Mr. Foot's third election to the Senate, and is a compliment never before paid by Vermont to a Senator: yet it was worthily earned and gracefully bestowed upon Senator Foot. Ever faithful to his native State, and true as steel to the interests of our common country, eminent as a parliamentarian and presiding officer, dignified and courteous as a Senator, and of unexceptionable character and spotless purity in social life, his influence is commanding in every sphere, and his patriotic efforts for his State or country are uniformly and cordially sustained. Vermont has honored herself not less than him in his flattering re-election, and the whole country is to be congratulated on the result.

Rev. E. E. CHAMBERS having served as Presiding Elder of the Olean District for the last four years, (the limit allowed by the rules of the Church,) was transferred at the late session of the Genesee Conference to the Wyoming District, and we understand is making preparations to depart with his family to his new scene of labors. In common with our entire community we regret the necessity which compels Mr. Chambers to leave us. His intercourse with our citizens has been marked with that degree of kindness and Christiana courtesy that has endeared him to all. An enterprising and public spirited citizen, a kind and sympathizing neighbor, and whether in the pulpit or in the private walks of life, ever seeking to do the most good to his fellow men, his loss will be deeply felt, not only by the Churches which have been under his immediate supervision, but by a wide circle of friends throughout his District. His official administration, as might be expected, is regarded by the Church as eminently successful. We wish Mr. Chambers a pleasant journey to his new home and a long and useful career as a Christian ministry.—Olean Times.

A TALENTED CHEMIST.—Notwithstanding the prevalent opinion that common Saleratus was poisonous and mischievous in its effects upon the human system, it continued to be used because there was no substitute known. The poisonous properties were not, however, essential, and starting upon this basis, Mr. DeLand applied himself to the discovery of a process to produce a pure article. His researches were not confined to this country, but extended to Europe, and were eminently successful. It was a glorious triumph of Chemistry when the pure Chemical Saleratus was produced, and made glad thousands who were justly afraid to use the article commonly in use. The Chemical Saleratus makes pure, light and wholesome bread, and it is made only by D. B. DeLand & Co., at Fairport, Monroe Co., N. Y. Sold by them at wholesale, and by respectable dealers everywhere in this country.

BRYANT AND STRATTON'S COMMERCIAL COLLEGE.
Those who appreciate the advantages of associated efforts in a given direction, will understand how much can be accomplished for commercial education and the interests of young men by organizing in close relationship, and united efforts, a number of Colleges located in different parts of the country. By this means Messrs. Bryant & Stratton have been enabled to perfect a much more thorough and practical course of instruction, and through this chain of Colleges a series of text books has also been produced on the different sciences taught, affording the student the largest facilities for acquiring the theory and practice requisite to become a proficient business man. In view of the superior advantages possessed by this chain, and the fact that the war has rendered so many places vacant requiring first class young men to fill, we would advise all who desire such positions to avail themselves of a course of instruction at this institution as the best investment of time and money that can be made.
