

Local and General.

Don't forget the Sunday School Concert, Friday evening, in the Presbyterian Church.

Notice the Advertisement of A. N. Hopkins. This is a fine opportunity for persons having land they wish to dispose of to good buyers.

A Sermon will be preached in the Methodist Church, to-morrow at 11 o'clock, by Rev. J. J. Roberts, in accordance with the President's Proclamation.

The Pound Master informs us that after the 1st of May he will put into the pound all cattle—except milk cows—found running within the limits of the Borough. Take warning.

Pine Creek lumbermen have been fortunate this year. Nearly all of them have reached their destination in safety.—Tioga Banner.

On last Saturday we noticed Mr. Perry Steel carrying one of the largest trout that we have ever seen. It measured 19 inches in length.—Bellfonte Press.

The Luzerne Union says that the high water has put the Susquehanna in a condition for lumbermen to get the bulk of their lumber to market. Sales are brisk at an advance of last year's prices.

The election of County School Superintendents is properly attracting much attention. In some counties, we notice, the present incumbents of that important station appear to have no opposition.

The State Tax in Lycoming county this year is four mills on the dollar. The total valuation of the county was returned reduced, but the Revenue Commissioners raised it 15 per cent.

It is said that the genuine China Tea is growing in Tioga and Clinton counties, Penna. This is corroborated by the fact that a Tea Company, (the incorporators mostly from Lock Haven) was incorporated by the Legislature, last winter.

The Spring Examinations of Teachers will be held by the County Superintendent at the following times and places, commencing at 10 A. M. Writing materials will be needed.

Personal.—Senator Wilson arrived in town on Saturday, looking well and hearty. His services at Harrisburg have been valuable, and reflect great credit upon the district.

It is understood at Washington that our Government has sent another note to Great Britain concerning the sailing of privateers from English ports, protesting in very strong terms against such business, and even hinting that the responsibility for letting out any more piratical craft ought to be laid to the door of Her Majesty's Government.

It is understood that the friends of the Hon. W. W. Ketchum, of Wilkesbarre, will bring his name before the Union State Convention for the nomination for Governor. Mr. K., though comparatively a young man, has been many years in public life, and has won an enviable reputation for industry, intelligence and uprightiness.

WAR WITH ENGLAND.—The fight at Charleston gives us peace with England for at least one year. It demonstrated the fact that twenty or thirty of our iron-clads can destroy all of the present navy of England without being at all damaged by any English cannon. This fact is a tall bond pledging England to keep the peace with us for one year at least, even with her enormous facilities for the construction of iron-clads.

"Straws."—Springfield, Ill., (home of the President) last fall gave 200 maj. for the Democrats; this Spring it elects the whole Republican ticket. In Chicago, last year's Dem. maj. of 1000 is now reduced to 118. Cincinnati, Detroit, and all the Free State cities, show similar Union gains and Copperhead losses. In Missouri and Kansas, the most radical Republicans had far the largest votes.

The "Femina Medical College of Pa." held their 11th Commencement, 14th inst., when Mrs. Prof. Cleveland delivered an eloquent and sensible valedictory to a graduating class of three. The 14th annual session commences 14th Oct. next. The Institution is not yet self-sustaining and last year aided over 1500 in their Hospital for diseased Women and Children. For information, address Mrs. E. H. Cleveland, M. D., Woman's Hospital, North College Avenue, Philadelphia.

Hon. Daniel S. Dickinson has written an able report, as Attorney-General of the State of New York, upon the bill to allow soldiers to vote. He finds nothing in the Constitution of the State to forbid the passage or impede the working of such a bill. Governor Seymour, on the contrary, being a Democrat of the copperhead stripe, has issued a message taking the ground that such a law would be unconstitutional, and that the Constitution must be altered before soldiers can be permitted to vote of the State.

The Appalling Fact, lately developed in Bucks county, that there is an organization in this State being vigorously perfected to resist the draft seems to startle the people of the entire Commonwealth. What an element of evil is this! Is it not time for us to awake to the danger, and for all true friends of the Union to stand together? Is it not time for disseminations to cease? Can anybody remain indifferent or inactive with such an enemy, so strong and voracious, in our midst?

Pursuant to call the citizens of Coudersport met in the Court House, on last Thursday evening for the purpose of completing the organization of a Loyal League. The weather being disagreeable it was thought best not to affect a permanent organization. On motion, John S. Mann, Isaac Benson, C. S. Jones, J. B. Smith, and H. J. Olmsted were appointed a committee to make arrangements for a meeting on Tuesday evening of Court week.

On motion, the Secretary was requested to place a copy of the following pledge in each of the stores and post office: PLEDGE. We the undersigned pledge ourselves to an unconditional loyalty to the Government of the United States, to an unwavering support of its endeavors to suppress the Rebellion, to spare no effort or means to maintain unimpeded the National Union both in principle and territorial boundary, and to devote our best energies to promote the objects of the Coudersport Union League, by all lawful and efficient means.

On motion, those present were requested to come forward and sign the pledge. Adjourned. D. C. LARRABEE, Pres. M. W. McALANBY, Sec.

DIED: In Ullyses, March 25, 1863, Mr. JOHN HACKETT, aged 76 years and 26 days. Mr. John Hackett was born in Orange Co. in the State of Vermont, in the year 1787. When some 25 years of age he removed to Broome Co. in the State of New York, where he married. Thence he moved to Potter Co. in the year 1827 and located on the farm, where he has since resided till his decease, (being the first permanent settler in the township, except Stephen Brace, who came in about a month previous; and died about 20 years ago). He has 5 sons and 5 daughters all past the meridian of life.

In Ullyses, on Thursday April 16, of a disease of his spine, he was driven from the world. He then went and raised the first dwelling at a place now called Jacksonville, in the State of Illinois. I believe there has been but few families in America, affording more subjects for pioneer life, with as strong a physical organization and strength of purpose, as the one to which belongs the subject of the above obituary.
