

Local and General.

Gold is 34 cts. premium in New York.

Thanks to Hon. James T. Hale for valuable public documents.

It is thought that the cars will be running to Shippen about the 1st of October.

Court is in session this week. The proceedings will be published in our next issue.

Fieral vigilance is the price of liberty. Earnest and energetic labor is the price of victory.

The Pamphlet Laws of 1863, have been received at the Prothonotary's Office for distribution among those entitled.

Cucumbers 18 inches long have been picked in the garden of Mr. Charles Reisman, this season.

Read the letter of Capt. Cheesbro and then think how you are going to vote—for or against the army.

Hon. Edgar Cowan, whom the Democrats were some time since claiming to be of their party, is out for Curtin & Agnew.

See the advertisement of Hoofland's Bitters, in another column. The firm offering them for sale is one of our oldest and best.

We publish on the first page the letter of President Lincoln—able and convincing it needs no commendation at our hands.

We have been shown a fine head of millet—a new kind—measuring 12 inches, and filled with heavy, even branches, grown on the farm of Mr. Grice, in Homer.

Mr. Jacob Peet, of Homer, brought us in this week the stem of a blackberry bush, one year's growth, measuring fifteen feet in length. Who can beat it?

Beaten! Mr. Julius Baker, of Hebron township, beats the Homer stalk by about 6 inches.

Mr. John Peet, of Allegany township, this county, killed one day last week, a "chipmunk" and in its mouth four or five grains of wheat. Pretty big mouth!

Read the soldier's letter in another column. They are the ones who have most severely suffered in this accursed war and their feelings should be respected.

The finest pears we have yet heard of are on Judge Niles' farm near Coudersport—very nearly two hundred on quite a small tree, and almost averaging three inches in diameter.

Look to the Assessor's list! See that your own name and the names of your neighbors are properly assessed. Remember that this must be done ten days before the election.

Charleston has not yet been taken; the siege is progressing vigorously, and we will no doubt have occasion, very soon, to rejoice over the fall of the Head of Treason. May the day come speedily.

Before the draft took place it was said by disloyal newspapers that all the Democrats had gone to the war. Since the draft took place it is said by disloyal newspapers that none but Democrats were drafted!

At the Delegate Election in this place last Friday we were glad to see several honest and conscientious Union-Democrats put themselves right upon the record. This is only one of ten thousand such cases throughout loyal Pennsylvania.

Mr. Seth Lewis, of Ureass, in this county has been appointed a Lieutenant in the Eighth Pennsylvania (colored) Regiment. Active, energetic, and intelligent, the appointment is a good one, and we can see no reason why Mr. Lewis should not make a good officer.

The Equinoctial storm of last week did considerable damage to Railroads, Canals, &c. The trains on the Erie Railway were detained twenty-four hours. It reached from the far west to Washington and New York, doing considerable damage to public improvements in the Eastern States.

The greatest enthusiasm prevails throughout the State over the nomination and certain election of Andrew G. Curtin. The only question asked is: "How large shall be his majority?" Let every loyal voter decide for himself by seeing to it that every voter is at the polls and votes right.

Only four weeks more and the people of Pennsylvania will decide whether they are to be ruled by a Loyal Man or by a Copperhead and Traitor. Work! work! Let every friend of a Free Government work! Get out the voters! Let none be overlooked! Let every man consider himself a Vigilance Committee of one to see that every loyal voter is assessed and at the polls.

Intelligence received from Tioga county indicates that the Freedom majority of other days—3000—will again be given for Freedom's candidates. Let Potter not be behind her sister county, but let her hill-tops echo and re-echo the glorious anthem. From all sections of the county we hear that the Loyal Democrats are bound to vote against the Rebellion—Treason and Secession will get very little assistance from the people of Potter.

If a certain man tells the truth, N. L. Dike, Esq., of Shippen, must be a good political wire-worker. A party of gentlemen were in conversation a few days since, when one remarked that Benton had one good figure in the late Democratic County Convention, in the person of N. L. Dike. Another gentleman, a good Democrat at that, replied by saying that Dike figured in Potter county until he reduced the Democratic vote from a majority of 400 to a minority of 800! Is that so Dike? If so, we have a better opinion of you than ever.—McKean Miner.

Why don't the Abolitionist "Volunteer?" Why do n't the Democratic Legislatures and Governors let the Soldiers vote, so that we may see which party has filled the ranks of our country's defenders? And why do the soldiers of these States which have enabled their soldiers in camp to vote, uniformly give about three votes-out of every four to our side? Will some one of the liars who persist in denance of ample proof, in claiming the soldiers as Pro-Slavery Democrats, attempt to answer these questions?—Ez.

We will notice the candidates in our next issue.

The receipts, last night, at the Festival for the benefit of the Hospital Aid Society, amounted to almost \$70. Another will be given to-night for the same purpose. Let all attend who feel disposed to assist in the good cause.

General Rosecrans has had a severe battle with the Rebels, near Chattanooga. One report gives the news of his defeat, while another would seem to indicate that he had again whipped the Rebels. Gens. Lougstreet, Hill, and Johnston of the Potomac Rebel are reported there. We will give full particulars in our next.

It has been said that it was impossible to raise Apples in Potter county—this assertion has been "knocked on the head" by Commissioner Kilbourne, of Pike township, who placed on our table this week three Apples measuring twelve inches in diameter, when placed side-by-side. They are an even, solid, and well-formed fruit, and after succed like this it were well for our farmers to pay more attention to fruit growing.

Col. Gates of the U. S. Army Says that during his campaign in Mexico he would rather retire to his couch without his sword than a bottle of RADWAY'S READY RELIEF. It was the only medicine he used through the Mexican campaign. Gen. J. Herbert Ward, of the Army of the Potomac, first became acquainted with its virtues in Mexico, and always keeps it in his camp. In sudden attacks of Diarrhoea, Dysentery, pain in the bowels, head, stomach, or in cases of Rheumatism, Neuralgia, or wounds, cuts, bruises, or Sore Throat, Influenza, Hoarseness, Radway's Ready Relief cures immediately. Let none who value their health and safety be without it. Sold by all Druggists.

At Germania, Pa., Sept. 17, 1863, by David Conway, Esq., CHARLES HEPP, Esq., to AUGUSTA FREITAG, both of Germania.

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

ATTENTION, SOLDIERS! AND THE FRIENDS OF SOLDIERS!

We call the attention of all living soldiers or friends in the army to the fact that HOOFLAND'S GERMAN BITTERS will cure a multitude of the diseases induced by exposure and privations incident to camp life. In the lists published almost daily in the newspapers on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to a following remarkable and wonderful cure: cure of one of the most terrible diseases, whooping cough, which has been cured by the Bitters.

Messrs. Jackson & Co., Agents, 53, 1863.

Your friend and countryman, Dr. Hoofland, has saved my life. There is no man in this life. It is vouchsafed for by the powers of my comrades, some of whose names are appended, and who were fully conversant with the circumstances of my case. I am, and ever shall be, for the last four years, a member of the celebrated battery, and under the command of Capt. B. B. Jones. Through the exposure attendant upon our various duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on board the Steamer "State of Maine." From thence I landed on the 28th of June. Since that time I have been about as low as any one could be, and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under such circumstances; and, accordingly the physicians who had been working faithfully, but unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman; and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbrun, of Sixth below Arch Street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle for me. I immediately commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dear to me in life.

Very truly yours, ISAAC MALONE.

We fully concur in the truth of the above statement, as we had the aid of seeing our comrade Mr. Malone, restored to health.
