Local and General

Gold is 45 cts. premium in New York

Still in Canada—Vallindigham.

Where is the Democratic party of Pennsylvania? Behind A Curtin.

Mrs. Roberts purposed teaching a Select school during the coming winter. We wish her success.

A correspondent writing from Clinton county, Iowa, says: "The wheat crop is good—15 to 20 bushels per acre; oats, heavy; corn cut by the frost—not half a crop."

The Oswego Times wants to know if a man who has torticollis anachlysis of the radius, paralysis of the lower limb superioris aliquidist, and besides don't feel very well himself, would be exempt from the draft. Will somebody tell?

A letter written by Mr. Merrick Jackson of the 46th Penna., intended for publication before the election, was received last week—too late! We are happy in announcing to him that his fears for loyal Pennsylvania were groundless, and that his hopes have had a bright realization.

One of the drafted men, named Farnum, of this county, had \$340 stolen from him at one of the fifth-rate hotels in Williamsport. It is always the better policy to choose the best hotels when visiting large places, particularly when carrying any considerable sum of money.

Glorious indeed is the result of the election in this State! It cheers us to know that the old Keystone still stands back sympathetically with treason, and up for the good old flag, for the Constitution and Laws, and for the sustaining of armies in the suppression of the Rebellion.

No one among the drafted men, or among the spectators, who were at Williamsport during the days appointed for the examination of the men from our county, could find any reasonable grounds upon which to base an accusation either of unfairness or dishonesty, against the Examining Board. We do not know the exact number of men who went into the service or commuted, but do not believe that together they will exceed one hundred. While in the decisions of the Board, justice was tempered with mercy, still the interests of the Government were jealously watched, and every attempt to defraud was met by a rigid adherence to right and the law. We feel to congratulate the Board upon its success, and hope that its future record may be as bright as its past.

A WHEELBARROW TRIP.—On Saturday last an amusing spectacle was presented to the citizens of Pittsburg, resulting from a bet on the recent election. A prominent citizen of the Sixth ward, (and a copperhead,) wheeled a barrel of apples from his residence, to that of a physician residing in East Liberty. The barrel was painted red, with the name of Curtin on one side and that of Woodward on the other. The man with the wheelbarrow was preceded by a band of music, and was followed by a large crowd of spectators. That man will not bet on Woodward again!

CAMEROON COUNTY O. K.—Every candidate on the Union ticket of Cameron county was elected at the late election. Jeff. Davis' friends were perfectly satisfied that they would carry the county, but the loyal men were awake, and the result shows that they did not sleep until the contest was over. The democrats had a popular ticket. Their nominee for Prothonotary, John Judd, Esq., is not only personally popular, but efficient as an officer, and had he not been, like good Tray, in bad company, he would have been elected by a handsome majority. He must by this time realize where he stands.—McEgan Miner.

FOR STATE TREASURER.—The Pittsburg Daily Commercial nominates Henry D. Moore as a candidate for State Treasurer, and urges that his election would be hailed with satisfaction by the people of the Commonwealth. It is a fact that there are few better men than Henry D. Moore in the State of Pennsylvania. Competent, honest, faithful and popular, we had regarded him as in every way fitted to take charge of a position which he has heretofore filled with credit to himself and profit to the Commonwealth.

The Poor Man's Friend.—Dr. Radway may truly be called the poor man's friend. His medicines secure to the poor health without loss of time or any liability to the expense of a doctor. Let every man keep a bottle of Radway's Ready Relief in the house, and on the first experience of pain use it. Pain is a premonitory symptom of disease, and if the Relief is used promptly it will in a few moments stop the pain, and break up the disease. There is no occasion for a man, however exposed to sickness, to suffer one day of the Ready Relief is used when pain is first experienced. Sold by all druggists.

PREPARE FOR A SEVERE WINTER.—The St. Paul (Minnesota) Press thus admonishes us. The weather prophets say that the people may look out for the hardest winter seen for years. There will be more cold days—the mercury will run lower, and the snow be deeper, than before since 1857. This is the first fall since 1857 that the brook trout have come leaving the small creeks for the deep holes early as September, and the first snow since then that the musk-rats have doubled-walled their little hickok homes. These and certain other infallible signs, known to the sportsman and hunter, indicate a winter of unusual severity. It is thought by many that the river will close at least two weeks earlier than last year.

The State Election.—In another column we present a full record of the official returns, from which it will be observed that the official majority of Gov. Curtin is 17,325, and that of Daniel Agnew, for Supreme Judge, 12,402. This majority is on the home vote. Had the soldiers in the field been permitted to vote the majority of our candidates would reach 75,000 or 100,000, but they were disfranchised by a Democratic Supreme Court, which regard the brave veterans good enough to fight, but refuse them a voice in the election of their rulers. Altho' the majority is not as large as some expected, yet it is large enough for all practical purposes.

Both Houses of the Legislature presented Union majorities, which will enable the friends of the Union to make an honest apportionment of the State, and elect a Union State Treasurer. The victory is complete.

BRYANT & STRATTON'S COMMERCIAL COLLEGE

This institution located in Buffalo and under the management of Mr. J. C. Bryant is one of the most prosperous of the chain of colleges, and is deserving of the careful investigation of every young man in the country. The course of instruction is of the most practical character, and cannot fail to be eminently useful to young men preparing for business life. It should be the aim of every one, to learn that which will be the most useful to him in after life. Much valuable time is often wasted by pursuing studies which are never brought into practice, and neglecting those that would be of infinite value. This institution aims to meet the wants of business life, the studies usually pursued in Pennsylvania, Book-keeping, Arithmetic, Commercial Law, and Telegraphing. The rapidly increasing demand for Telegraph operators renders this branch of instruction an important one to young men desirous of securing permanent employment. Every facility is afforded for becoming good operators.

DR. TOBIAS' VENTRIAN HORSE LINIMENT

In pint bottles at fifty cents, cures lameness, cuts, galls, cholick, &c. Read the following:

Boston, July 7, 1860.

Dr. Tobias: We have used for the past year your Horse Liniment for lameness, kicks, bruises, colic and cuts, and in every instance found it the best article I ever tried in this circus company. Please send six dozen bottles, as it is the only liniment we use now. We have 108 horses, some very valuable, and do not want to leave town without it.

NATHANIEL MAYFAIR, Esq., Bedford, Kings county, N. Y.

DIED

In Ullyses, Pa., October 28, WILLIAM B. FLING, in the 31st of his age.

He is gone, our darling brother, Taken in the pride of life; Death has smitten down another From the field of mortal strife. We no more may round him gather, He no more to meet us, come; He hath joined our other brother In the weary pilgrim's home.

Weep not, though God hath bereft us, Though our hearts be torn with pain, William for a time hath left us, We shall meet him soon again. In that land where flowers ne'er languish, Where no pain or sorrows come, Banished fear, and sin, and anguish, We shall meet no more to roam. J. V.

A FORTUNE FOR ALL! EITHER MEN OR WOMEN!!

NO HUMBBUG, but an EXTREME NEW thing. Only three months in this country! No clap trap operation to gull the public, but a genuine thing! Read the Circular of instruction once only, and you will understand it perfectly. A Lady has just written to me that she is making as high as TWENTY DOLLARS some days! giving instructions in this art. Thousands of soldiers are making money rapidly at it. No person has to be urged to patronize it. It is a thing that takes better than anything ever before offered. You can make money with it at home or abroad—on steamboats or railroad cars, and in the country or city. You will be pleased in pursuing it, not only because it will yield a handsome income, but also in consequence of the general admiration which it elicits. It is pretty much all profit. A mere trifle is necessary to start with.

There is scarcely one person out of thousands who ever pays any attention to advertisements of this kind, thinking they are humbugs. Consequently those who do send for instructions will have a broad field for making money. There is a class of persons in this world who think that because they have been humbugged out of a dollar or so, that everything that is advertised is a humbug. Consequently they try no more. The person who succeeds is the one who keeps on trying until he hits something that pays him.

This art cost me one thousand dollars, and I expect to make money out of it—and all who purchase the art of me will do the same. One Dollar sent to me will insure the prompt return of a card of instructions in the art. The money will be returned to those not satisfied.
