The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from sale at Par, and until ten days notice is given, the undersigned as "General Subscription Agent," will continue to

supply the public. whole amount of the Loan authorized is Five Eundred Millions of Dollars. Nearly Pour Hundred Millions have been already subecribed for and paid into the Treasury, mostly within the last seven months. The large de-mand abroad and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period absorb the balance. Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary has ample and unfailing resources in the Duties on Imports and Internal Revenues. and in the issue of the interest bearing Legal Tender notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent loans, The Interest and Principal f which are payable in GOLD.

Prudence and self interest must force the

minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing for this most popular loin. It will soon be beyond their reach, and advance to a loands me preminm, as was the result with the " seven-

Nine per cent per annum at the present rate of premium on coin.

The Government requires all duties on Imports to be paid in coin; those duties have for a long time past amounted to over a Quar-ter of a Millionof Dollars Daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent loans. So that it is hoped that the surplus coin in the Treasury, at no distant day, will enable the United States to résume specie payments up or all habilities

The Loun is called 5-20 from the fact that. whilst the Bonds may run for 20 years yet he Government has a right to pay them off in Gold at par, at any time after 5 years The interest is paid ball yearly viz:

Subscribers con have Coupon B n ls which are payable to bearer, and are \$50 \$100 \$500 and \$1000; or Registere. Bonds of same denominations, and in addition. So, 000 and \$10,000. For Banking purposes and for investments of Trust-monies the Registers ed Bonds are preferable

These 5-20's cannot be taxed by States cities, towns or counties, and the Government tax on them is only on - and-a half per cent, on the amount of incom , when the holder exceeds Six Handred dollars per annum, all other investments, such as income from Mortgages, Railroad Stock and Bonds. etc., must pay from three to five per cent tax on the meon

Banks and Bink is throughout the country will continue to dispose of the Boli is; and all orders by mail or otherwise, promptly altended to.

The inconvenience of a few days' delay in the delivery of the Bonds is mayoidable, the delivery of the Bonds is mayoidable, the MACHINES for Potter County mences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay. JAY COOKE,
SCHSCHIPTION AGENT.

> ATTENTION, SOLDIERS! AND THE FEIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOF- LAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from de-bility. Every case of that kind can be read-ily cured by Hoofland's German Bitters. Diseases resulting from disorders of the diges. tive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hund-dreds of lives might be saved that other?

We call particular attention to the follow? ing remarkable and well authenticated curis of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters:"

I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my ardudus dutles, I was attacked in November last with inflamation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on board COUNTY ORDERS, landed on the 28th of June. Since that time and still retain a spark of vitality. For a week or more I was scarcely able to swelle's mything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on-HOW LOST! BOW RESTORED!
