ATTENTION, SOLDIERS!

AND THE FRIENDS OF SOLDIERS. We call the attention of all having relations or friends in the army to the fact that "HOOF-LAND'S German Bitters" will cure nine tenths: of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from de-bility. Every case of that kind can be readily cured by Hooffand's German Bitters.— Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hun-dreds of lives might be saved that otherwise will be lost.

We call particular attention to the follows: ing remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by

the Bitlers :" PHILADELPHIA, Aug. 23, 1863. MESSES. JONES & EVANS.—Well, gentlemen, your Hoofland German Bitters has saved my life. There is no mistake in this. It is concluded for by numbers of my comrades, some of whose names are appended, and who were fully conizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflam-SYRUP ation of the lungs, and was for seventy-two HOOL BOOKS

days in the hospital. This was followed by great debility, heightened by an attack of dyscutery. I was then removed from the White House, and sent to this city on board the Steamer "State of Maine," from which ! landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, is

I could not even keep a glass of water on my stomach. Life could not last under such circumstances; and, accordingly the physicians who had been working faithfully, tho' unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposition of my limited funds as best suited me. bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine without internal medicines or the dangerous of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal.
