is Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large de mand abroad and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period absorb the balance. Safes have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary has ample and unfailing resources in the Duties on Imports and Internal Revenues and in the issue of the interest bearing Legal Tender notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long of permanent loans, The Interest and Principal

of which are payable in GOLD.

Prudence and self interest must force the minds of those contemplating the formation of National Banking Associations, as well as the minds of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing for this most popular loan It will soon be beyond their reach, and advance to a handsome premium, as was the result with the "seven-thirty" loan, when it was all sold and could no longer be subscribed for at par.

It is a Six per cent Loan, the Interest and KETTLES. SPIDERS. SCOTCH BOWLS Principal payable in coin, thus yielding ove of premium on coin.

The Government requires all duties on Imports to be paid in coin; those duties have for a long time past amounted to over a Quar ter of a Millionof Dollars Paily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and is well made and the material good. MESSES. JONES & EVANS.—Well, gentlemen, your Hoofland German Bitters has saved my life. There is no mistake in this. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, is

was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under such circumstances; and, accordingly the physicians who had been working faithfully; the unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposi-tion of my limited funds as best suited me. An acquaintance who visited me at the hos-pital, Mr. Frederick Steinbron, of Sixth below Arch Street, advised me, as a forlord hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting bet-ter. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my osom those who are dearest to me in life.

Very truly yours, ISAAC MALONE. We fully concur in the truth of the shore statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
