

# HOSLETTER'S CELEBRATED STOMACH BITTERS.

A pure and powerful Tonic. Corrective and Alternative of wonderful efficacy in disease of the Stomach, Liver and Bowels—Cholera, Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

Nothing that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery stimulant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forewarned against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water, and other external causes, Hostetter's Bitters may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being pined with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not infrequently restored to health within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretory organs.

Persons of feeble habit liable to Nervous Attacks, Loss of Sleep, Fits, Headaches, and other ailments, derive permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agony of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, Hostetter's Bitters produces effects which must be experienced of witness before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Derangement arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the day. The immense increase in the sale of Hostetter's Bitters, both at home and abroad, during the past year proves that the world, while it obeys the Scriptural injunction to "try all things," only "holds fast to that which is good." Scarcely a prescription, like poisonous fogs, are continually springing up, but their character is soon discovered, and they are "done like worthless weeds away." On the other hand, a great antidote that performs all it promises, and even more than its proprietors claimed for it on its introduction, "is not for a day, but for all time."

No family medicine has been so universally and so truly added, deservedly popular, as Hostetter's Bitters.

Prepared by Hostetter & Surr, Pittsburg, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere.

# U. S. 5-20's.

The Secretary of the Treasury has not yet given notice of any intention to withdraw this popular Loan from sale at Par, and until ten days notice is given, the undersigned, as "General Subscription Agent," will continue to supply the public.

The whole amount of the Loan authorized is Five Hundred Millions of Dollars. Nearly Four Hundred Millions have been already subscribed for and paid into the Treasury, mostly within the last seven months. The large demand abroad and the rapidly increasing home demand for use as the basis for circulation by National Banking Associations now organizing in all parts of the country, will in a very short period absorb the balance.

Sales have lately ranged from ten to fifteen millions weekly, frequently exceeding three millions daily, and as it is well known that the Secretary has ample and unfailing resources in the Duties on Imports and Internal Revenues, and in the issue of the interest bearing Legal Tender notes, it is almost a certainty that he will not find it necessary, for a long time to come, to seek a market for any other long or permanent loans. The Interest and Principal of which are payable in GOLD.

Prudence and self-interest must force the mind of those contemplating the formation of National Banking Associations, as well as the mind of all who have idle money on their hands, to the prompt conclusion that they should lose no time in subscribing for the most popular Loan. It will soon be beyond their reach, and advance to a lands-nip premium, as was the result with the "seventy-third" loan, when it was all sold and could no longer be subscribed for at par.

It is a Six per cent. Loan, the Interest and Principal payable in coin, thus yielding over Nine per cent. per annum at the present rate of premium on coin.

The Government requires all duties on Imports to be paid in coin; those duties have for a long time past amounted to over a Quarter of a Million of Dollars Daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent loans. So that it is hoped that the surplus coin in the Treasury, at no distant date will enable the United States to resist future demands upon all liabilities.

The Loan is called 5-20 from the fact that the Bonds may be run for 20 years yet the Government has a right to pay them off in Gold at par, at any time after 5 years.

The interest is paid half yearly, viz. On the first days of November and May.

Subscribers can have Coupon Bonds, which are payable to bearer, and are \$50 \$100 \$500 and \$1000; or Registered Bonds of some denominations, and in addition, \$5,000 and \$10,000. For banking purposes and for investments of Trust-moneys the Registered Bonds are preferable.

These 5-20's cannot be taxed by States, cities, towns or counties, and the Government tax on them is only one-and-a-half per cent. on the amount of income, when the holder exceeds Six Hundred dollars per annum, all other investments, such as income from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent tax on the income.

Banks and Bankers throughout the country will continue to dispose of the Bonds; and all orders by mail or otherwise, promptly attended to.

The inconvenience of a few days' delay in the delivery of the Bonds is unavoidable, the demand being so great; but as interest commences from the day of subscription, no loss is occasioned, and every effort is being made to diminish the delay.

JAY COOKE, Subscription Agent, 114 SOUTH THIRD ST., PHILADELPHIA, Dec. 4 '63.
