We had a snow storm on Saturday first, prior to which we have had no frost this fall. Pretty long summer for Potter.

We send out some Extras with this number of the Journal and hope they will all be read. We delayed our issue this week for the purpose of giving some election returns. They will be found in another column.

Another battle took place between our forces and the rebels at Alstona, Georgia, which resulted in a complete victory for the Union arms. The rebels were driven from the field, leaving their dead and from 400 to 600 wounded in our hands. Our loss was about 100 killed and 200 wounded.

Jeff Davis made a very desponding speech at Macon, on the 23d of September. He virtually confessed that nothing but the success of the peace party at the North can save the rebellion from speedy destruction. He made other confessions which show conclusively that the rebellion is on its last legs.

The Old Keystone State has just sent sixteen new regiments, numbering nearly 18,000 men to the army of Grant, and not less than 20,000 patriotic volunteers to the old regiments, within the last sixty days. Will the people reward their heroism and fidelity to our common Nationality by voting the war "a failure," and demanding a "cessation of hostilities?"

By a recent decision of the President Marshal General, all men who have been drafted at any time heretofore and paid \$300 commutation money, are exempt under the present draft, and until the existing enactment is exhausted. This is but just, and will give renewed assurance that the government means to deal equitably with the people.

A Stage Line is now opened on the road between Coudersport and Shippen. It leaves Coudersport at 7 a. m., meeting the trains on the Philadelphia and Erie, and returning about 9 p. m. The managers of this route are determined that passengers shall be carried through with comfort and despatch; and that all packages entrusted to their care shall reach their destination safely.

The Genesee Farmer.—One of the oldest and most reliable agricultural journals in the United States is the "Genesee Farmer." It costs only one dollar a year, and all who subscribe at this time for 1865 will receive the October, November and December numbers of this year free! The October number now before us contains full reports of the New York State Fair, discussions, &c. Also the proceedings of the American Pomological Society, Wool Growers' Convention, &c. Those who wish a strictly agricultural and horticultural journal should take the "Farmer." Send a dollar; one to J. W. ALLEN, publisher of the "Genesee Farmer," Rochester, N. Y., and you will get the paper for fifteen months.

Hear a Soldier.

COMMISSARY DEPT. 3d B. 1st D., 2d C. J. PERKINSBURG, Va., Sept. 19, 1864.

DEAR BROTHER AND SISTER: Your kind and welcome letter dated Sept. 12th, I received in due season. You say that you hear that McClellan is the man for President. Now the person who says that is greatly deceived as well as everybody who believes it. It is true that Little McClellan had a great many friends in the Army, but since he has allowed himself to be used as an instrument in the hands of such a traitorous gang as the Chicago Platform was composed of, his old friends have nearly all gone from him, and will undoubtedly all go for "Old Abe," as you call him. The Copperheads are continually picking flaws with Old Abe. They say this is a Negro War, and that he is carrying on the war for the Abolitionists. They do not seem to remember that the Union was dissolved under a Democratic Administration, and by Democrats too. And now who would trust them to put in a President? No one but traitors. If the Soldiers do not want peace, then I do not know who does! But let me tell you that we want an honorable one—one that is worthy of Our Glorious Country. But the Copperheads are opposed to such an event. They want to see the Union separated. They want us, after so much hard fighting, and blood-shed, to lay down their arms, call ourselves whipped, submit to the traitorous, cowardly laws of Jeff Davis, and ever be used as Negro-baiters for him. Any one who has any interest in the restoration of the Union and a speedy end of the war can tell very quick what man to vote for. We have excellent news from Sherman's army. Atlanta is ours and fairly won. I think the shortest way to peace is to elect Uncle Abe and fill up the Army. The latter job is nearly completed. Recruits are pouring in every day by the thousands. I think we have reason to thank God for the success of our arms of late. Everything looks encouraging now for a speedy end of the war. We have not had much fighting here of late except picket fighting. The Army is laying still now recruiting, receiving recruits and making preparations for what I trust will be the final campaign.

I remain your affectionate brother, Darius.

Married:

In Coudersport, on the morning of the 12th inst., at the residence of Capt. A. F. Jones, by the Hon. C. S. Jones, LEROY GRITTEDEX, of Stewarton township, and Miss NANCY JONES, of Coudersport.

Thanks to the happy couple for a share of the Bride's Cake. May they always feel that the faces of those we love are the fairest of sights, and their voices the sweetest harmony in the world.

DIED:

In Ullyses, on Thursday, Sept. 29, 1864, of Typhoid Fever, WALTER W. GRIDLEY, aged 36 years.

A kind husband, a dutiful son, an excellent neighbor, and a good Christian, Mr. Gridley has left behind him an example well worthy of imitation. He was considered one of the most promising young men of our county, and in his death his relatives and the whole community have sustained a great and irreparable loss.

WALTON DWIGHT, Coudersport, Penn'a., Sept. 14, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of the bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES of this LOAN.

It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium of six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the piety and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the First National Bank of Philadelphia, Pa. First National Bank of Danville, Pa. First National Bank of Erie, Pa. First National Bank of Pittsburg, Pa. and by all National Banks which are depositories of public money, and All Respectable Banks and Bankers throughout the country will give further information and Afford every Facility to Subscribers. HOOFLAND'S GERMAN BITTERS! Are not a new and untried article, but have stood the test of fifteen years trial by the American public; and their reputation and sale, are not rivaled by any similar preparation.

The proprietors have thousands of letters from the most eminent CLERGYMEN, LAWYERS, PHYSICIANS, and OUTFITTERS.

Testifying of their own personal knowledge of the beneficial effects and medical virtues of these Bitters.

ATTENTION, SOLDIERS! AND THE FRIENDS OF SOLDIERS!

We call the attention of all having relatives or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the first published almost daily in the newspapers, of the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."

PHILADELPHIA, Aug. 23, 1864. Messrs. JONES & EVANS.—Well, gentlemen, your Hoofland German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the past four years, a member of Sherman's celebrated battery, and under the immediate command of Capt. R. B. Ayres. Through his exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on board the Steamer "State of Maine," from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again. I could not even keep a glass of water out of my stomach. Life could not last under such circumstances; and, accordingly the physicians who had been working faithfully, the physicians, and under the immediate command of Capt. R. B. Ayres.
