

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum...

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date...

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of the bill for the amount, certified to by the officer with whom the deposit was made.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent. which will be paid by the Treasury Department upon the receipt of the bill for the amount, certified to by the officer with whom the deposit was made.

It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country...

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

Convertible into a Six per cent. 5-20 Gold Bond. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth more than three per cent. for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent.

Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two percent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people. Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the First National Bank of Philadelphia, Pa. First National Bank of Danville, Pa. First National Bank of Erie, Pa. First National Bank of Pittsburgh, Pa. and by all National Banks which are depositaries of public money, and All Respectable Banks and Bankers throughout the country will give further information and Afford every Facility to Subscribers.

EUREKA! "I HAVE FOUND IT!"

Was the exclamation of the Astronomer who first discovered that the world moved in its orbit; not less joyous has been the exclamation of those who have found THE PLACE where GOODS can be purchased FIFTEEN or TWENTY PER CENT. below the market price, and yet find them as represented. Two things are to be considered in purchasing Goods: the Quality and the Price; and purchasers studying both, can be better satisfied with our stock than any other in this or adjoining counties. Think twice before buying "DEAR TRASH." Now is your time to procure a GOOD ARTICLE. "Delays are dangerous and sometimes fatal." Don't wait for another enormous advance in Goods.

Hostetter's Stomach Bitters.

A pure and powerful Tonic, Corrective and Alterative of wonderful efficacy in disease of the Stomach, Liver and Bowels. Cures, Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

Nothing that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water, and other external causes, Hostetter's Bitters may be relied on as a safeguard. In districts infested with Fever and Ague, it has been found infallible as a preventive and irritable as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge, and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being pined with quinine for months in vain, until fairly saturated with that dangerous alkalioid, are not unfrequently restored to health within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works so readily in cases of Dyspepsia and in less confined forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. The agony of Biliary Colic is immediately assuaged by a single dose of the Bitters, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Deceitful decline arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the day. The immense increase in the sale of Hostetter's Bitters, both at home and abroad, during the past year proves that the world, while it obeys the Scriptural injunction to "try all things," only "hold fast to that which is good." Spurious preparations, like poisonous fungi, are continually springing up, but their character is soon discovered, and they are "flung like worthless weeds away." On the other hand, a great antidote that performs all its promises, and even more than its proprietors claimed for it on its introduction, "is not for a day, but for all time."

No family medicine has been so universally and so happily added, deservedly popular, and so intelligently portioned of the community as Hostetter's Bitters. Prepared by Hostetter & Smith, Pittsburg, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere.

MINK AND GREENBACKS. Hunters and Trappers in Southern Allegany and Northern Pennsylvania be it known, that from this ill farther notice, the subscribers will pay FIVE DOLLARS EACH in greenbacks, for all healthy living Mink, delivered to them in Wellsville. These Mink are now worthless for fur, and will remain comparatively so for three or four months, their skins not being prime till about the middle of December. Whole fivers of Mink now prevail on the tributaries of the Genesee and Allegany, and can be taken in box traps. Persons catching them have only to keep them confined in a box well ventilated and kept in a cool place, with a dish of good pure water at all times in the box, and half a dozen if caught can be brought to market at once. Mink can be caught much more readily now than when the season becomes advanced and cold, and will bring just as good price by selling to the subscribers. Bring them along then, singly or by the dozen, and the money is ready. ASHER P. COLE, Wellsville, July 19, 1864.—4m.
