These notes will be convertible at the eption of the holder at maturity, into six per-cent. Gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owner free of transportation charges as soon after the receipt of the original Certificates of De-

posit as they can be prepared. As the notes draw interest from August 15 persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of onequarter of one per cent., which will be paid by the Treasury Department upon the receipt of the bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made

from the deposits.

1864. Hostetter's Stomach Bitters.

pure and powerful Tonic, Corrective and A Alterative of wonderful efficacy in disease of the Stomach, Liver and Bowels .-Cures, Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

Nothing that is not wholesome, genial and restoralive in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive

stimulants.
It is well to be forcarmed against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water, and other external causes Hostetter's Bitters may be relied on as a safeguard.
In districts infested with Fever and Ague,
it has been found infallible as a preventive and irrisistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being plied with quining for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dispepsia and in less confirmed forms of Indigestion Acting as a gentle and painless apperient, as well as upon the liver, it also invariably relieves the Constitution superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is ONE FARM !-50 Acres-15 Cleared most conclusive, and from both sexes. The agony of Billious Colic is immediately assuaged by a single dose of the stimulent, and by occasionally resorting to it, the return

of the complaint may be prevented.
As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitut and Weakness, Premature Decay and Debility and Decrepi-tude arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful inrigorant. When the powers of nature are re-

xed, it operates to re-enforce and re-estab-

ish them. Last, but not least, it is the only safe Stimulent, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and storuchics of the day. The immense increase in the sale of Hestetter's Bitters, both at home and abroad, during the past year proves that the world, while it obeys the Scriptural injunction to "try all things," only "Holds fast to that which is good." Spurious preparations, like poisonous fungi, are continually springing up, but their character is soon discovered, and they are "flung like worthless weeds away" On the other hand, a great antidote that performs all it promises, and even more than its proprietors claimed for it on its introduction, "is not

for a day, but for all time."

No tamily medicine has been so universally and, it may be truly added, deservedly popular with the intelligent portion of the community, as Hostetter's Bitters.
