The agony of Billious Colic is immediately assuaged by a single dose of the stimulent, and by occasionally resorting to it, the return

of the complaint may be prevented.

As a General Tonic, Hostetter's Bitters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Decreptude arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful inrigorant. When the powers of nature are relaxed it operates to re-enforce and re-estab-

lish them. Last, but not least, it is the only safe Stimulent, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachies of the day.

The immense increase in the sale of Hestet-ter's Bitters, both at home and abroad, during the past year proves that the world, while it obeys the Scriptural injunction to "try all things," only "Holds fast to that which is good." Sparious preparations, like poisonous fungi, are continually springing up, but their character is soon discovered, and they are "flung like worthless weeds away." On the other hand, a great antidote that performs all it promises, and even more than its proprie-tors claimed for it on its introduction, "is not

nos day, but for all time."

No lamily medicine has been so universally and, it may be truly added, deservedly popalar with the intelligent portion of the commu-nity, as Hostetter's Bitters.
