The scrofulous contamination is ve-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the veneral infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unthe the third and fourth generation;" indeed, it seems to be the rod of thim who says, "Estilly visit the iniquities of the fathers upon their various names, according to the organa is attacks. is compounded from the most effectual antidotes that medical science has discovered for. this afflicting distemper, and for the cure of, the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, ONE FARM !- 300 Acres-5 Cleared Eruptions, Pimples, Blotches and Sores. Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy: which is adequate to its cure. This we now offer to the public under the name of ATRE's SARSAPARILA, although it is composed, of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Furge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its pecu-liar virtues this remedy stimulates the vital functions, and thus expels the distempers led us to spend years in perfecting a remedy:
