

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared. As the notes draw interest from August 15, parties making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of the bill for the amount, certified to by an officer with whom the deposit was made. No deductions for commissions must be made from the deposit.

**SPECIAL ADVANTAGES of this LOAN.** It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its assets give either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts. Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

**Its Exemption from State or Municipal Taxation.** But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two percent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people. Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When issued in blank or payable to the officer receiving the deposit, it must be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the First National Bank of Philadelphia, Pa. First National Bank of Danville, Va. First National Bank of Erie, Pa. First National Bank of Pittsburgh, Pa. and by all National Banks which are depositories of public money, and

All Respectable Banks and Bankers throughout the country will give further information and afford every facility to subscribers.

It is as essential to the American people; and the popularity it has acquired is merited. The Sunday School Times.

With a rapidly increasing subscription list and the welcome it has met in thousands of homes, the Sunday School Times is about to enter on its twenty-eighth year.

Every successive volume adds to the evidence that such a paper as this was needed, and wherever it finds its way into a new neighborhood, it is hailed with pleasure by Parents and Teachers as supplying a want they had long felt.

The Sunday School Times contains, from week to week, stirring incidents of interest from the Camp, the Field and the Hospital; showing what heroic Christian fortitude and endurance are exhibited by our brethren in arms. It is entirely unpartisan, and is therefore welcome at every loyal Christian fireside.

Early in November a serial of absorbing interest will be commenced on the pen of a gifted author, one who has written some of the best juvenile books that have been published for the past ten years.

The publishers offer a beautiful Premium Plate of "Christ Blessing Little Children" to any one who will get up a list of Five new Subscribers for the Sunday School Times.

Two things are to be considered in purchasing Goods: the Quality and the Price; and purchasers studying both, can be better satisfied with our stock than any other in this or adjoining counties. Think twice before buying "DEAR TRASH." Now is your time to procure a GOOD ARTICLE. "Delays are dangerous and sometimes fatal." Don't wait for another enormous advance in Goods.
