To keep pace with the improvements in education, a gymnasium will be erected, for which a suitable apparatus for the heavier and lighter exercises has already been ordered. The school year is divided into three terms of thirteen weeks each, with no vacation, except the week of Christmas holidays.

It is desirable that students should enter at the commencement of a term, and for a period of not less than thirteen weeks. Tuition, in advance per term, \$6.00. No extra charges for the languages or the higher mathematics. Text books rented at reasonable rates. Vocal and instrumental music at teachers' prices. It is the foremost Magazine of the day. The friends never had a more delightful companion, nor the million a more enterprising friend than Harper's Magazine. — Methodist Protestant (Baltimore).  
The most popular Monthly in the world. — New York Observer.

We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the American People; and the popularity it has acquired is manifest. Each number contains fully 120 pages of reading matter, appropriately illustrated with good wood-cuts; and it combines in itself the best of the monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature. — *Traveller's Guide to American Literature, London*.

PUBLISHED WEEKLY.  
The Sunday-School Times.  
With a rapidly increasing subscription list and the welcome it has met in thousands of homes, the Sunday School Times is about to enter on its seventh year.

Every successive volume adds to the evidence that such a paper as this was needed, and wherever it finds its way into a new neighborhood, it is hailed with pleasure by Parents and Teachers as supplying a want they had long felt.  
The Sunday School Times contains, from week to week, stirring incidents of interest from the Camp, the Field, and the Hospital; showing what heroic Christian fortitude and endurance are exhibited by our brethren in arms. It is entirely undenominational, and is therefore welcome at every loyal Christian fireside.  
Early in November a serial of absorbing interest will be commenced from the pen of a gifted author, one who has written some of the best juvenile books that have been published for the past ten years.

The publishers offer a beautiful Premium Plate of "Christ Blessing Little Children" to any one who will get up a list of Five new Subscribers for the Sunday School Times.

MANHOOD!  
HOW LOST! HOW RESTORED!  
Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Frenzy, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

A SOAP Question Settled! Inquire at STEBBINS.

The peculiar tint of infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vicissitudes of winter, all by the general infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children; and it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, SCROFULA produces tubercles; and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you can have health with that "Life of the Dead" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla  
is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Congrus from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggist for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy, which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL  
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.  
This has been so long used and so universally known that need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
