

**PA. STATE NORMAL SCHOOL**  
**MANSFIELD, TIOGA CO., PA.**  
 THIS INSTITUTION WAS  
 Recognized by the State Authorities, in  
 December, 1862.

**State Normal School.**  
 And formally opened as such in September 1863.  
 The School is at length placed upon a secure basis—the State appropriation of the current year, enabling the Trustees to extinguish the greater portion of the outstanding liabilities, and to make extensive improvements upon the buildings and grounds.  
 The Spring Term will commence about March 10, 1865.

Prof. F. A. ALLEN, for the past six years in charge of the Chester County (Pa.) Normal School, has been elected Principal, and Prof. J. Strait, of the Edinboro State Normal School, has been appointed to the Professorship of Languages and Mathematics.  
 Prof. Allen is well known throughout the State as a gentleman of accurate scholarship, possessing a practical experience of fifteen years as an educator of teachers, and a thorough acquaintance with their educational wants, acquired from his connection with County Institutes in every section of Pennsylvania, as well as in other States.  
 Competent and thorough instructors will be provided for the other departments of the School.

The building has been refitted throughout and provided with furniture of the most approved style, together with an extensive collection of maps, charts, and works of reference. Excellent Chemical and Philosophical apparatus will be in readiness at the opening of the School.  
 To keep pace with the improvements in education, a gymnasium will be erected, for which a valuable apparatus for the heavier and lighter exercises has already been secured. The school year is divided into three terms of thirteen weeks each, with no vacation, except the week of Christmas Holidays.

It is desirable that students should enter at the commencement of a term, and for a period of not less than thirteen weeks. Tuition, in advance per term, \$6.00. No extra charges for the languages, or the higher mathematics. Text books, rented at reasonable rates. Vocal and instrumental music at teachers' prices. Boarding in the hall, \$3.00 per term; wood for winter, \$3.00 per term; washing, \$3.25; room rent, \$1.50.  
 The arrangements now made are of such a nature as to warrant the Trustees in saying that no other institution in the State affords better facilities for the Education of Teachers, or for the preparation of students for college, or for general business.

For further particulars address the Principal, at Mansfield, Tioga County, Pa.  
 W. C. RIPLEY, Pres. Board of Trustees.

Each number contains fully 144 pages of reading matter, appropriately illustrated with good wood-cuts; and it combines in itself the racy, monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—*Trimmer's Guide to American Literature, London*

**The Sunday-School Times.**  
 With a rapidly increasing subscription list and the welcome it has met in thousands of homes, the Sunday School Times is about to enter on its seventh year.  
 Every successive volume adds to the evidence that such a paper as this was needed, and wherever it finds its way into a new neighborhood, it is hailed with pleasure by Parents and Teachers as supplying a want they had long felt.  
 The Sunday-School Times contains, from week to week, stirring incidents of interest from the Camp, the Field, and the Hospital; showing what heroic Christian fortitude and endurance are exhibited by our brethren in arms. It is entirely un denominational, and is therefore welcome at every loyal Christian's fireside.  
 Early in November a serial of absorbing interest will be commenced from the pen of a gifted author, one who has written some of the best juvenile books that have been published for the past ten years.

HAS GIVEN UNIVERSAL SATISFACTION during the fourteen years it has been introduced into the United States.—After being tried by millions, it has been proclaimed the pain destroyer of the world: Pain cannot be where this liniment is applied. If used as directed it cannot and never has failed in a single instance. For colds, coughs and influenza, it can't be beat. One 25 cent bottle will cure all the above, besides being useful in every family for sudden accidents, such as burns, cuts, scalds, insect stings, &c. It is perfectly innocent to take internally, and can be given to the oldest person or youngest child. Price 25 and 50 cents a bottle. Office 56, Cortland Street, New York. Sold by all druggists.

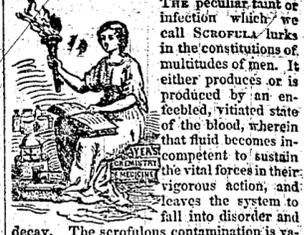

**MANHOOD: HOW LOST! HOW RESTORED!**

Just published, a new edition of Dr. Cuiverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Intellectual and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FRA, induced by self-indulgence or sexual extravagance.  
 Price, in a sealed envelope, only 6 cents.  
 The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

**SOAP Question Settled! Inquire at STEBBINS'**

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein it fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, silt and filthy habits, the depressing vices, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children, and the third and fourth generation; indeed it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

**Ayer's Sarsaparilla**

is compounded from the most effectual antitoxics that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are numerous taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S Sarsaparilla, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.
