The scrofulous contamination is variously caused by merenrial disease, low living, disordered digestion from unlealthy food, impure air. tilth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will rist the injunities of the future upon their visit the iniquities of the fathers upon their BLACKS WITTER, wist the imputtes of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. These, all having the same origin. require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Aver's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this applicing distemper, and for the cure of the disorders it entails. That it is far supe-Also, TIN and SHEET IRON WARE, POTS, rior to any other remedy yet devised, is KETTLES, SPIDERS, SCOTCH BOWLS, known by all who have given it a trial. That FRYING PANS, SAP-PANS, and CAULD- it does combine virtues truly extraordinary in their effect apon this class of complaints, is indisputably proven by the great nultitude of publicly known and remarkable cures it has made of the following discases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire. Salt Rheum, Scald Head, Coughs from Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AVER'S AMERICAN ALMANAC which is furnished to the druggists for gramitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrothla depresses the vital chergies, and thus leaves its victims far more subject to disease and its fatal results. than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AVER'S Sinsachainta, although it is composed of ingredients, some of which exceed the best of Sasaparilla in alterntive power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purgo out the foul corruptions that rot and fester in the blood, parge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abun-dant trial, and there remains no question of
