One of Garibaldi's generals has been arrested in Havana for keeping a barber shop open on Sunday, and was discharged because he did not talk English.

Keinedy, tried as a hotel burner, is still confined at Fort Lafayette. The result of the trial is not published, but it is understood he has been convicted.

At Rheims a will has been set aside for "ingratitudo"—a cause known to the Code Napoleon. The ingratitudo was of a very decided character, for it consisted in murdering the testator.

Principals of the intermediate schools in Cincinnati receive \$1,600 a year; two lady teachers have \$1,000 each; three \$700 each, and seventeen \$600 each.

Two deserters from a New York regiment, who have gone over to the enemy, and then been sent through our lines as "southern refugees," were shot, by sentence of a court martial, near Petersburg, on the 3d inst.

The enrollment bill, as passed by Congress, contained a provision forbidding the appointment of officers in the regular army, except in cases where companies are up to their minimum strength. This leaves open vacancies to be filled from the meritorious ranks of the volunteer army at the close of the war, when the regular organizations will be recruited in their maximum number.

Gov. Blaisdell, of the new State of Nevada, takes a different view of some things from that entertained by the Legislature. He vetoed two of their bills on the same day—the 11th ult.—one making the members preferred creditors, by ordering that \$90,000 of the first moneys received into the treasury, "not otherwise specially appropriated," should be set aside to create a "State Legislative Fund," and "an act to prohibit the payment of certain warrants." In consequence of the Governor's veto, the Legislature is "down upon him."

The Charleston Courier says: "The recruiting officers in Charleston are head over heels in business. The colored men are flocking to the support of the United States flag by the dozen and the score. Companies are formed in a single day, and a full regiment comes out in a week. The men, as soon as enlisted, are placed in charge of capable officers, by whom they are drilled and disciplined for the field. The notion that some people entertain that colored men do not make valuable soldiers in the field is an erroneous one. The thing has been tested, and the fact established that the negro will fight."

The grain crops the ensuing summer certainly ought to be very abundant, if any reliance can be placed on the ordinary indications. The snow has been on the ground plentifully all winter, covering and protecting the grain from the ice and severe cold weather, and rains have also been quite heavy. Next summer's harvest should be a superabundant one, furnishing a surplus for export equal to any we have had for a long time past. When this harvest comes to market we shall have a much larger southern area open to us than at any time for the last four years.

Record your Deeds. The attention of parties holding unrecorded Deeds is directed to the provisions of the Act of Assembly, which requires that "All deeds and conveyances for real estate in this Commonwealth, shall be recorded in the office for Recording Deeds in the County where the lands lie, within six months after the execution of such deeds and conveyance, and every such deed and conveyance not recorded as aforesaid, shall be adjudged FRAUDULENT AND VOID against any subsequent purchaser for a valuable consideration, unless such deeds be recorded before the recording of the deed or conveyance under which such subsequent purchaser or mortgage shall claim."

Park Goodwin, at a meeting held in New York recently, said: "Europe says we are too slow. I remember that the great Wellington took six years to drive Napoleon out of Spain, a country as great as Virginia, and then he retired because of reverses elsewhere. Four nations took two years to occupy the Crimea, a country as large as New Jersey. England took eighteen months to suppress the Sepoy rebellion, about as great an undertaking as to put down a rebellion among the negroes of a South Carolina county. France has in more than a year succeeded in getting only about one hundred and eighty miles into Mexico, where she holds a very insecure position. We think that England had better look at home before criticizing the movements of armies."

During last week this region experienced one of the greatest floods that has visited it in the life-time of our oldest citizens—perhaps we have never before had one that did as much damage. The snow, which was almost three feet deep, rapidly disappeared Monday, Tuesday and Wednesday with rain and a warm south wind, and on Wednesday evening the streams had swollen greatly and the side-hills and mountains presented the appearance of an almost unbroken sheet of water. On Thursday it rained during the day and as night approached it poured down for the space of five or six hours, when it began to snow and on the morning of Friday there was four inches of snow on the ground, most of which disappeared during that day. One of the bridges over the Allegheny river at this place was taken away, the bridge at the Tannery and most of the township bridges, as far as we have heard, on all the streams. Logs and timber have pretty generally gone off to look a market for themselves, and some of our citizens will be heavy losers thereby. The water was higher in the streets of our village than it was in the flood of '61, and there being no ice in the stream, many of the logs and much of the timber has been scattered over the meadows and up the small bayous where it can be found but too late to benefit the owners this year and also generally attended with so much cost as to be a doubtful piece of economy. The roads are almost impassable, no matter in what direction you go. From the Susquehanna we have heard of two or three accounts, and they all represent that it has been very destructive, carrying away most of the Phila. & Erie R.R. bridges and much of the road, destroying farms, mills and everything movable along its banks. We have received no papers from below since the flood and therefore cannot give any particulars, and there will be no trains on the Phila. & Erie for several weeks to come.

Parson Brownlow has been elected Governor of Tennessee.

Both branches of the legislature have agreed to adjourn on the 24th inst.

The three States—Delaware, Kentucky and New Jersey—that voted for McClellan, have voted against the constitutional amendment abolishing slavery.

Ex-Senator John P. Hale has been nominated and confirmed as Minister to Spain, and Ex-Senator Wilkinson is to take charge of the Indian Bureau.

We are pleased to record the fact that Col. Harry White, the State Senator from Indiana county, who was taken prisoner and kept our Senate so long from being organized by being held by Gen. Davis, is now made a Brigadier General.

Rebel deserters are not received as either volunteers or substitutes, for substantial reasons. They would go into action, if honest, with a certainty of being condemned to death, if captured—and however a soldier may risk being killed in the heat of a battle, none like the idea of being shot deliberately, with no chance of defence. If dishonest, they will desert again—probably to the enemy. A deserter from the French or British army would also be rejected as being unreliable.

The State of Tennessee, by popular vote, has adopted her new (free) constitution, thirty counties voting, and more than three thousand of her Union volunteers—the latter unanimously for it. The largest vote polled in any county was 2,500 in Knox, the smallest 43 in Stewart. Nearly 20,000 votes were polled, only fifty for slavery. "The world moves," Kentucky, Delaware and New Jersey don't.

Brown's Bronchial Troches clear and give strength to the voice of Singers, and are indispensable to Public Speakers.

"I have never changed my mind respecting them from the first, excepting to think better of that which I began thinking well of."

Senator James Harlan, of Iowa, has been nominated and confirmed as Secretary of the Interior, in place of Judge Usher, resigned. We presume that the resignation of Secretary Usher was necessitated by the appointment of Mr. McCulloch to the portfolio of the Treasury from the same State.

Mr. McCulloch, the veteran statesman, and one of the ablest men of the west, and we record his appointment with more than ordinary satisfaction. He has already served in the Senate some ten years.

Secretary Stanton, after waiting three months for Gen. Grant's report of his last summer's campaign, sent his report to Congress on Friday week without it. Gen. Grant not having had leisure to write it up. The report recapitulates the military events of the year, all of which are already familiar to the public, and the general features of the year's record are considered as highly satisfactory and encouraging. The veteran enlistments amounting to over 100,000 men, are spoken of as adding greatly to the efficiency of the army. The arrest of deserters and stragglers has been pushed with vigor, and 39,392 were arrested between October 1, 1863, and October 1, 1864. On October 1, 1864, the veteran reserve corps consisted of 28,738 men. The report states that a general exchange of prisoners is now going on, and each prisoner has a furlough of thirty days as they arrive at Annapolis.

A BARGAIN!

THE MOST DESIRABLE HOTEL IN NORTH-ERN PENNSYLVANIA, TO BE SOLD AT PRIVATE SALE.

The Subscriber offers at PRIVATE SALE the House which he has occupied for the last ten years and known as the

COUDERSPORT HOTEL.

It is situated at the County Seat of Potter County, Pennsylvania, is capable of accommodating Seventy-Five guests, has running water in several of the rooms on the basement floor, and a BARN ONE HUNDRED feet long. The lot has a front of 130 feet on Main Street and 180 feet on Second Street. All the necessary out-buildings, ice-houses, Sheds, &c., are in good condition.

The attention of persons desiring to purchase a Hotel is called to this property. It has for a long time been considered one of the best paying Hotels in the northern section, it is the centre of a great amount of travel, and has the advantage of a reputation of being "well-kept." A Company with a large Capital Stock will commence boring for Oil in the early Spring with good indications of success. Oil has been taken from the surface of a stream only one square from the Hotel, and those best competent to judge seem to have no doubt of there being Oil, not only in the County, but within the limits of the Borough. Of course every one can see what an advantage this will be to all the Hotels in this County, but more decidedly to this one, as it is by far the best in this section.

The undersigned being engaged in another business which requires his whole time finds himself unable to attend to it, and this is the only reason for his selling.

For further particulars address D. F. GLASSMIRE, Coudersport, Potter Co., Pa., or Tittsville, Crawford Co., Pa. February 22, 1865.

The farm will cut grass, in a good season, sufficient, at present prices, to pay for it.

Also, another tract of Fifty-six and two-tenths acres, in Eulalia township, four miles from Coudersport, Thirty acres of which are improved, with one frame house, log barn, and some fruit trees thereon. Price \$450.

Also, a Wagon Shop and half lot in the Borough of Coudersport, one lot west of P. A. Stebbins' & Co's Store near Glassmire's Hotel. The tools, lumber, &c., can be bought reasonably; or a portion of them if the purchaser so desires. One half can be paid in Wagon-Work.
