

PA. STATE NORMAL SCHOOL
MANSFIELD, TIOGA CO., PA.
THIS INSTITUTION WAS
Recognized by the State Authorities, in
December, 1862.

State Normal School.
And formally opened as such in September, 1862.
The School is at length placed upon a secure basis—the State appropriation of the current year enabling the Trustees to extinguish the greater portion of the outstanding liabilities, and to make extensive improvements upon the buildings and grounds.
The Spring Term will commence about
March 10, 1865.

Prof. F. A. ALLEN, for the past six years in charge of the Chester County (Pa.) Normal School, has been elected Principal, and Prof. J. Strait, of the Edinboro State Normal School, has been appointed to the Professorship of Languages and Mathematics.
Prof. Allen is well known throughout the State as a gentleman of accurate scholarship, possessing a practical experience of fifteen years as an educator of teachers, and a thorough acquaintance with their educational wants, acquired from his connection with County Institutes in every section of Pennsylvania, as well as in other States.
Competent and thorough instructors will be provided for the other departments of the School.

The building has been refitted throughout and provided with furniture of the most approved style, together with an extensive collection of maps, charts, and works of reference. Excellent Chemical and Philosophical apparatus will be in readiness at the opening of the School.
To keep pace with the improvements in education, a gymnasium will be erected, for which a valuable apparatus for the heavier and lighter exercises has already been secured. The school year is divided into three terms of thirteen weeks each, with no vacation, except the week of Christmas Holidays.

It is desirable that students should enter at the commencement of a term, and for a period of not less than thirteen weeks. Tuition, in advance per term, \$6.00. No extra charges for the languages or the higher mathematics. Text books rented at reasonable rates. Vocal and instrumental music at teachers' prices. Boarding in the hall, \$39.00 per term; wood for winter, \$3.00 per term; washing, \$3.25; room rent, \$1.50.
The arrangements now made are of such a nature as to warrant the Trustees in saying that no other institution in the State affords better facilities for the Education of Teachers, or for the preparation of students for college, or for general business.

For further particulars address the Principal, at Mansfield, Tioga county, Pa.
W. C. RIPLEY, Pres. Board of Trustees.
ALBERT CLARK, Secretary.

"Unquestionably the best sustained work of the kind in the World"
HARPER'S NEW MONTHLY MAGAZINE,
Critical Notices of the Press.
It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more enterprising friend than Harper's Magazine.—Methodist Protestant (Baltimore).
The most popular Monthly in the world.—New York Observer.
We must refer in terms of eulogy to the high tone and varied excellences of Harper's Magazine—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest and general reading of the day. We speak of this work as an evidence of the American People; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with good wood-cuts; and it combines in itself the racy, monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—Traveller's Guide to American Literature, London.
The volumes bound constitute of themselves a library of miscellaneous reading such as can not be found in the same compass in any other publication that has come under our notice.—Boston Courier

PUBLISHED WEEKLY.
The Sunday-School Times.
With a rapidly increasing subscription list and the welcome it has met in thousands of homes, the Sunday School Times is about to enter on its seventh year.
Every successive volume adds to the evidence that such a paper as this was needed, and wherever it finds its way into a new neighborhood, it is hailed with pleasure by Parents and Teachers as supplying a want they had long felt.
The Sunday School Times contains, from week to week, stirring incidents of interest from the Camp, the Field, and the Hospital; showing what heroic Christian fortitude and endurance are exhibited by our brethren in arms. It is entirely undenominational, and is therefore welcome at every loyal Christian fireside.
Early in November a serial of absorbing interest will be commenced from the pen of a gifted author, one who has written some of the best juvenile books that have been published for the past ten years.
The publishers offer a beautiful Premium Plate of "Christ Blessing Little Children" to any one who will get up a list of Five new Subscribers for the Sunday School Times.
Send for a specimen copy, which will be mailed, free on receipt of a stamp to pay postage.

EUREKA!
"I HAVE FOUND IT!"

Was the exclamation of the Astronomer who first discovered that the world moved in its orbit; not less joyous has been the exclamation of those who have found THE PLACE where GOODS can be purchased FIFTEEN or TWENTY PER CENT. below the market price, and yet find them as represented. Two things are to be considered in purchasing Goods: the Quality and the Price; and purchasers studying both, can be better satisfied with our stock than any other in this or adjoining counties. Think twice before buying "DEAR TRASH." Now is your time 'to procure a GOOD ARTICLE. "Delays are dangerous and sometimes fatal." Don't wait for another enormous advance in Goods.

MANHOOD: HOW RESTORED!
Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, &c.; also, Consumption, Erysipels, and Frenzy, induced by self-indulgence or sexual extravagance.
Price, in a sealed envelope, only 6 cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the publishers,

The peculiar taint infection which we call SCROFULA lurks in the constitutions of either sex, and produces or feeds, vitiated blood, which, when it reaches the system, is competent to sustain the vital forces in the vigorous action, and leaves the system fall into disorder a living, disordered digestion from unwholesome food, impure air, fith and filthy habits, the depressing vices, and, above all, the venereal infection. Whatever be its origin, it is hereditary in the constitution descending "from parents to children and the third and fourth generation;" indeed, seems to be the rod of Him who says, "I visit the iniquities of the fathers upon the children." The disease originates, tal various names, according to the organs attacked. In the lungs, Scrofula produces tuberculosis, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach, bowels, derangements which produce indigestion, dyspepsia, and liver complaints; in the skin, eruptions and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. We feel, foul, or corrupted blood, you can have health; with that "life of the flesh healthy, you cannot have scrofulous decay." Ayer's Sarsaparilla is compounded from the most effectual and does that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. It does combine virtues truly extraordinary, in their effect upon this class of complaint, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis, all Syphilitic Infections, Mercurial Diseases, Female Weakness, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AZIATIC ALMANAC, which is furnished to the druggist for gratuitous distribution, wherein many learned the directions for its use, and so of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses vital energies, and thus leaves its victims more subject to disease and its fatal result tends to shorten, and does greatly shorten the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we offer to the public under the name of AYER'S SARPAPARILLA, although it is not composed of the ingredients, some of which exceed the ber of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distemper which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

MANHOOD: HOW RESTORED!
Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, &c.; also, Consumption, Erysipels, and Frenzy, induced by self-indulgence or sexual extravagance.
Price, in a sealed envelope, only 6 cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. Address the publishers,
