A FEW REASONS WHY THE AMERICAN WATCH IS THE BEST.

It is made on the best principle, while the foreign watch is generally made on no principle at all. The foreign watch is mostly made by women and boys, by hand. While their labor is cheap, their work is dear at any price. Such watches are made without plan, and sold without guarantee. They are irregular in construction, and quite as irregular in movement. They are designed only to sell, and the buyer is the purchaser most thoughtfully sold. Those who have kept "Antics" and "Lepines" and "Swiss" in professed repair for a few years will appreciate the truth of our statement.

THE PLAN OF THE AMERICAN WATCH.

Instead of being made of several hundred little pieces, screwed together, the body of the American Watch is formed of SOLID PLATES. No jar interferes with the harmony of its working, and no sudden shock can throw its machinery out of gear. In riding, or any business pursuit, it is all held together as firmly as a single piece of metal. It is just what all machinery should be—

1st. ACCURATE. 2d. SIMPLE. 3d. STRONG. 4th. ECONOMICAL.

We not only secure CHEAPNESS by our system, but QUALITY. We do not pretend that our Watch can be bought for less than its real value it is sold for one-half the price.

OUR SOLDIER'S WATCH (named Wm. Ellery) is what its name indicates—Solid, Substantial, and always Reliable—warranted to stand any amount of Marching, Riding or Fighting.

OUR NEXT HIGHER QUALITY OF WATCH (named P. S. Bartlett) is similar in size and general appearance, but has more jewels, and a more elaborate finish.

OUR LADIES WATCH, recently brought out, is put up in a great variety of patterns, many of them of rare beauty and workmanship, is quite small, but warranted to keep time.

OUR YOUNG GENTLEMAN'S WATCH is neat, not large, and just the thing for the pocket of Young America.

THE PROOF of the merits of our Watch may be found in the fact that we now employ over seven hundred workmen in our factories, and that we are still unable to supply the constantly increasing demand.

OUR THREE-QUARTER PLATE WATCH is thinner and lighter than the others we have described. Its fine chronometer balance is delicately adjusted to correct the variation caused by changes of temperature. These watches are the fruits of the latest experiments in chronometry, and are made by our best workmen, in a separate department of our factory. For the finest time-keeping qualities they challenge comparison with the best works of the most famous English and Swiss makers.

TO DIE IN A BAD CAUSE

as those who fall in the rebel ranks undoubtedly do, is foolish. But on the other hand

Dying for a Good Cause

as those who are wise and prudent enough to remedy the defects of nature with

CHRISTADORO'S HAIR DYE

are doing every day, in every City of the Union, is eminently praiseworthy. This peaceful revolution is going on throughout the whole land, and this beauty and harmony supplant homeliness and incongruity.

Manufactured by J. CHRISTADORO, No. 6, Astor House, New York. Sold by Druggists. Applied by all Hair Dressers.

DR. TOBIAS'

VENITIAN LINIMENT.

IT CURES CHOLERA, WHEN FIRST

taken, in a few hours; Dysentery in half an hour; Toothache in five minutes. It is perfectly innocuous to take internally, and is recommended by the most eminent physicians in the United States. Price 40 and 50 cents.

TOWANDA, Pa., August 6, 1853.

Dr. S. I. Tobias, New York; Dear Sir—I have used your Venitian Liniment with great success, both as an internal as well as an external medicine. In cases of Bilious Colic and Cholera Morbus I regard it as a sovereign remedy. Your Venitian Horse Liment stands unrivaled as a horse liment amongst farriers and boatmen on this canal.

WM. LEWIS, Sup't North Branch Canal.

Sold by all Druggists. Office, No. 56 Cortlandt Street, New York.

A SINGLE BOX OF BRANDRETT'S PILLS

contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known sudden death and continued sickness will be of the past. Let those who know, them speak right out in their favor. It is a duty which will save life.

Our race are subject to a redundancy of vitiated bile at this season, and it is dangerous as it is prevalent; but Brandrett's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the body's health. They soon cure liver complaint, dyspepsia; loss of appetite, pain in the head, heart-burn, pain in the breast-bone, sudden faintness and costiveness.

Sold by all respectable dealers in medicines.

Whiskers! Whiskers!

Do you want Whiskers or Moustaches? Our Grecian compound will force them to grow on the smoothest face or chin, or hair on bald heads, in six weeks. Price \$1.00. Sent by mail anywhere, closely sealed, on receipt of price. Address: WARNER & CO.,

THE POTTER COUNTY JOURNAL

Coudersport, Wednesday Evening, May 17, 1865.

Local and General.

Gold is now selling at \$1.29.

President Johnson has signed the death warrant of Bowles, Mulligan and Hersey, leaders of the knights of the golden circle. They were tried at Indianapolis, and convicted of treasonable conspiracy. They are to be executed on the 19th inst.

Ex-President Millard Fillmore has refused to put out a flag since the outbreak of the rebellion, and declining to inaugurate the precedent at the demonstration in Buffalo, a few days since in memory of Abraham Lincoln, had his house smeared with mud by the excited populace.

The San Francisco resolutions of respect for Mr. Lincoln contained a significant passage:—"God have mercy on the souls of the Rebel chiefs." When Jeff. Davis and John C. Breckinridge hear these words from a United States Judge they may comprehend their meaning.

We received some days ago a box of "D. Thrasher's Compound Blacking for Boots, Shoes, and Harness," manufactured and sold at Spring Mills, N. Y. We tried the Blacking on a pair of fishing boots and found that it was equal if not superior to the celebrated "Miller's Blacking."

Both's diary mentions everything that occurred from the time that he fired the fatal shot until his capture. He gives the names of the parties who harbored him and of those who refused to do so, the latter of whom he had marked for his vengeance.

The Williamsport Bulletin says a woman called on an attorney in that borough, on Tuesday last, and requested his assistance in collecting bounty and pay for two husbands who had been killed during the rebellion. The third husband accompanied her.

We are pleased to know that the May Festival given by our friends at Spring Mills, proved an entire success and that they have been induced to repeat their effort on Wednesday evening, June 8th, of which see advertisement in another column. We advise our friends to make it convenient to be present, as it will no doubt prove a rich treat.

Gov. Curtin has issued his proclamation fixing the first of June—the same designated by the President—for "humiliation and mourning for the death, by assassination, of our late beloved President, ABRAHAM LINCOLN, and for humbling ourselves before Almighty God, in order that the bereavement may be sanctified to the nation."

A good story is told of a recent "smash up" on a Western Railroad. A soldier who, in coming from Baltimore to Rock Island, had met with four accidents was on this occasion in the car that was turned completely over. Making his way through a window, and gaining an upright position, he looked around him and coolly inquired,—"What station do you call this?"

Coronors.—The administration of medicinal preparations in the form of a Lozenge, is of all modes the most eligible and consistent, more especially as regards a Cough Remedy. "Brown's Bronchial Troches" to cough lozenges allay irritation, which induces coughing, giving instant relief in Bronchitis, Hoarseness, Influenza, and Consumptive and Asthmatic complaints.

It appears from the reports from nearly all sections of this county, especially Penn's valley, that a regularly organized band of robbers is in existence in this county, who commit depredations by breaking into houses as well as attacking people on the highways. We have heard of several cases of late, and the people cannot be too cautious of the many suspicious persons who crawl over, and thro' the county.—Bellefonte Press.

Last night at the witching hour of 9.30, while seated in the privacy of our sanctum with a few choice spirits, our ears were greeted with the most melodious sounds which ever issued from human lips. We have listened during our life-time to many celebrated singers but we can truthfully say that never did we hear "The Star of the Evening" rendered more melodiously. The charming damsel who so kindly volunteered us this rich musical treat, have our sincere thanks. "Vis."

The President has, by a general order, released all political prisoners, including those who had been tried and sentenced to imprisonment during the war. Over 150 were discharged from Fort Mifflin in one day, on taking the oath of allegiance. The President regards the war as ended, and with it ends all arbitrary arrests and summary establishments existing in the minds of those implicated directly or remotely in the murder of President Lincoln. It is evidently the purpose of President Johnson to give all a chance to be loyal citizens, and he will doubtless punish promptly and relentlessly all who violate the law or the peace of any section of the Union.

Gov. Curtin went to Washington on Friday last in arrangement with the War Department for the mustering out of the Pennsylvania troops about to be discharged. The Pennsylvania troops, it is now understood, will be brought to Harrisburg, where they will be mustered out and paid. The object of the Governor is to prevent the delay and embarrassment which have heretofore attended the mustering out and payment of large bodies of troops at that point, and to make arrangements by which the men will be able to reach their homes in different parts of the State with the least possible delay.

The Court for the trial of the Washington assassination conspirators convened on Wednesday last week. The prisoners arraigned are Harold, Atter, Payne, Arnold, McLaughlin, Mudd and Mrs. Surratt. Each of the prisoners designated counsel but none appeared except the gentleman named by Dr. Mudd. The prisoners respectively plead guilty. As the proceedings of the military tribunal are kept secret, the public, of course, can know nothing of the progress of the trials. After they are over the government will make the proceedings public. Until then, we must rest satisfied, assured that strict justice will be meted out to all the guilty offenders.

Since the above was written an order has been issued allowing reporters for the press to be present during the trial. Reverdy Johnson appears as counsel for Mrs. Atter.

In looking over our exchanges from every section of the State, we find that the grain and grass crops will be immense this year if nothing to damage them should happen between now and harvest. The wheat and rye fields in Centre county never presented a more prosperous appearance; and from present appearances the grass in growth promises an abundant supply of hay, which will bring it to the old price. Even now old stock is being sold at greatly reduced prices in anticipation of the new crop. Farmers who have stored away hay in great quantities, and which yet remains unsold, should dispose of it now while yet a fair price is obtainable, lest it remain on their hands a worthless mass. We know of farmers in this county who have held back with their grain when prices ranged at \$2.40 for wheat, which was the highest point it reached during the past winter—and the consequence is they have nearly their entire last year's crop on hand, and the price at present is \$1.50.—Press.

On Monday last, about 11 o'clock, Mr. Cyrus Sanley, while on his road to Bellefonte with a two-horse team loaded with household goods for Mr. Schock of Aaronsburg—who is moving west—was suddenly stopped on the Nittany Mountain, near the road that leads off into the ore mines, by three persons, two of whom were, as Mr. Sanley judged, painted black, and the third apparently a soldier. One of the robbers took charge of the horses while the other two, with pistols pointed at Mr. S's head, demanded his money. Having no means wherewith to defend himself, he was obliged to deliver up nearly all his money amounting to over three hundred dollars, with which he intended making a payment that day. Mr. Sanley hastened to Bellefonte, gave the alarm, and in a short time, a number of mounted men hastened to the place and searched the mountains, but no trace of the highwaymen was discovered. Half of the amount was, and is yet, offered for the arrest of the robbers.—Bellefonte Press.

Crocodile Tears. A copperhead paper published at Ashland, in Schuylkill County, wrote as follows, in its issue of the very day on which President Lincoln was murdered:—"When the bloody hours of Lincoln's life is over, we think we see a funeral procession, at the head of which marches a man bearing a negro's skull, and the impaled body of a white man, exclaiming: 'Behold the emblem of all that is accomplished by the slaughter of two millions of people, and the crushing of unborn generations beneath the mountain of his debt. The only fitting ceremonies at the funeral of such wretches is not Christian, but heathenish and should be conducted by a Sylla, who stirs her blood and makes up a 'centaur's' banquet."

In the succeeding number the editor in noticing the President's death pays the following tribute to the greatness of Mr. Lincoln as a statesman, his purity as a man:—"Then men truly felt as if the first born of all the households of the land had died; felt, as men feel when they have lost their best earthly friend; felt as if the old ship of State more than ever, was at the mercy of the waves without a pilot to conduct her to a haven of safety. President Lincoln died just when the nation needs the parental guidance of a moderate, unassuming, unambitious man."

Such hypocrisy is infamous.

Rebel Impudence in Washington. We thought we had attained to a measurably correct estimate of the impudence of rebels and traitors. We have made it a study. We have had it before us ever since the war began. We have pondered it in the abstract, and witnessed it in the concrete, but we confess that our Washington correspondents' statements of the return of rapid, unqualified tribute to the greatness of Mr. Lincoln as a statesman, his purity as a man:—"Then men truly felt as if the first born of all the households of the land had died; felt, as men feel when they have lost their best earthly friend; felt as if the old ship of State more than ever, was at the mercy of the waves without a pilot to conduct her to a haven of safety. U. S. 7-30 LOAN

The sale of the first series of \$300,000,000 of the 7-30 Loan was completed on the 15th of March, 1865. The sale of the second series of Three Hundred Millions, payable three years from the 15th day of June, 1865, was begun on the 1st of April. In the short space of thirty days, over One Hundred Millions of this series have been sold—leaving this day less than Two Hundred Millions to be disposed of. The interest is payable semi-annually in currency on the 15th of December and 15th of June by Coupons attached to each note, which are readily cashed anywhere.

It amounts to

One cent per day on a \$50 note	"	"	"	"	"
Two cents " " " " " " "	"	"	"	"	"

More And More Desirable. The Rebellion is suppressed, and the Government has already adopted measures to reduce expenditures as rapidly as possible to a peace footing, thus withdrawing from market as borrower and purchaser.

This is the ONLY LOAN IN MARKET now offered by the Government, and constitutes the GREAT POPULAR LOAN OF THE PEOPLE.

The Seven-Thirty Notes are convertible on their maturity, at the option of the holder, into

U. S. 5-20 six per cent. GOLD-BEARING BONDS. Which are always worth a premium.

Free from Taxation. The 7-30 Notes cannot be taxed by Towns, Cities, Counties or States, and the interest is not taxed unless on a surplus of the owner's income exceeding six hundred dollars a year. This fact increases their value from one to three per cent. per annum, according to the rate levied on other property.

Subscribe Quickly. Less than \$2000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within two months, when the notes will be undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans. It now seems probable that the considerable amount beyond the present series will be offered to the public.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and private Banks throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE, Subscription Agent, Philadelphia, May 1st, 1865. Subscriptions will be received by the First National Bank of Harrisburg, First National Bank of Lock Haven, First National Bank of Philadelphia, First National Bank of Williamsport.
