A FEW REASONS WHY THE AMERICAN WATCH IS THE BEST.

It is made on the best principle, while the
foreign watch is generally made on no prin-
ciple at all. The foreign watch is mostly
made by women and boys, by hand. While
their labor is cheap, their work is dear at any
price. Such watches are made without plan,
and sold without guarantee. They are irregu-
lar in construction, and quite as irregular
in movement. They are quite designed only to
sell, and the buyer is the party most dan-
gerously misled. Those who have kept "swiss"
and "English" and "Swiss levers" in professed
repair for a few years will appreciate the
truth of our statement.

THE PLAN OF THE AMERICAN WATCH.

Instead of being made of several hundred
little pieces, screwed together, the body
of the American Watch is formed of SOLID
PLATES. No jar interferes with the harmony
of its working, and no sudden shock can
throw its machinery out of gear. In riding,
or any business pursuit, it is all held together
as firmly as a single piece of metal. It is just
what all machinery should be—

1st. ACCURATE 2d. SIMPLE 3d. STRONG.
4th. ECONOMICAL.

We not only secure CHEAPNESS by our
system, but QUALITY. We do not pretend
that our Watch can be bought for less money
than the foreign make-believe, but that for its
real value it is sold for one-half the price.

OUR SOLDIERS WATCH (named Wm. Ellery) is what its name indicates—Solid, substantial and always reliable—warranted to stand any amount of marching, riding or fighting.

OUR NEXT HIGHER QUALITY OF WATCH (named P. S. Bartlett) is similar in size and general appearance, but has more jewels, and a more elaborate finish.

OUR LADIES WATCH, recently brought out, is put up in a great variety of patterns, many of them of rare beauty and workman- ship, is quite small, but warranted to keep time.

OUR YOUNG GENTLEMENS WATCH is cast in silver, and is the thing for the pocket of every American.

THE PROOF of the merits of our Watch
may be found in the fact that we now employ
over seven hundred workmen in our factories,
and that we are still unable to supply the
constantly increasing demand.

OUR THREE-QUARTER PLATE WATCH is the most accurate and the most reliable described. Its fine chronometer balance is delicately adjusted to correct the variation caused by changes of temperature. Our watches are the fruits of the latest experi- ments in chronometry, and are made by our best workmen, in a separate Department of our factory. For the finest time-keeping qualities they challenge comparison with the best works of the most famous English and Swiss makers.

ROBBINS & APPLETON, Agents for the American Watch Company, 132 Broadway, N. Y.

TO DIE IN A BAD CAUSE as those who fall in the rebel ranks un- doubtedly do, is foolish. But on the other hand Dying for a Good Cause as those who are wise and prudent enough to remedy the defects of nature with

CHRISTADORO'S HAIR DYE are doing every day, in every City of the Union, is eminently praiseworthy. This peaceful revolution is going on throughout the whole land, and thus beauty and harmony supplant homeliness and incongruity.

DR. TOBIAS' VENETIAN LINIMENT. IT CURES CHOLERA, WHEN FIRST taken, in a few hours; Dysentery in half an hour; Toothache in five minutes. It is per- fectly innocent to take internally, and is re- commended by the most eminent physicians in the United States. Price 40 and 89 cents.

TOWANDA, Pa., August 6, 1865.
Dr. S. I. Tobias, New York: Dear Sir,—I
have used your Venetian Liniment with great
success, both as an external as well as an
external medicine. In cases of Billious Colic
and Cholera Morbus I regard it as a sover-
eign remedy. Your Venetian Horse Liniment
stands unrivalled as a horse liniment amongst
farriers and boatmen on this canal.

A SINGLE BOX OF BRANDRETH'S PILLS contains more vegetable extractive matter than twenty boxes of any pills in the world, besides fifty-five hundred physicians use them in their practice to the exclusion of all other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life. Our race are subject to a redundancy of vitiated bile at this season, and it is danger- ous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the col- lection of those impurities, which, when in sufficient quantities, cause so much danger to the body's health. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart-burn, pain in the breast, sudden faintness and costiveness. Sold by all respectable dealers in medicines.

Whiskers! Whiskers! Do you want Whiskers or Moustaches? Our precious compound will force them to grow on the smoothest face or chin, or hair on bald heads, in Six Weeks. Price, \$1.00. Sent by mail anywhere, closely sealed, on receipt of price. Address **WARNER & CO.** 171st Box 135, Brooklyn, N. Y.

punction we see advertisements of them in
our columns. Still we must confess that

"Nothing is so good but that it can
be better," says the old song, and no Stock
of Goods ever brought into this country but
that can be added to with profit both to the
consumer and merchant. Believing in the
truth of this principle, C. H. Simmons has
just returned from New York with another
very superior Stock of Goods which he is
selling at prices much lower than can be
bought at any other house in the country.
Call and see for yourselves at the Regulators,
Wellsville, N. Y.

We see by the *Muncy Luminary* that
ROSE HAWLEY, Esq., Commissioner of Board
Enrollment for this District, was honorably
discharged on the 21st inst.—no further busi-
ness requiring his attendance existing. We
are glad to add our testimony, to that of the
Luminary, of the faithfulness, incorruptibility
and untiring devotion to duty of Mr. Hawley,
in the performance of his late arduous duties.
During our acquaintance with him, we found
him to be all that could be expected of an
upright, honorable officer, and as a friend
and companion he proved himself one of
those whose friendship was an honor and
whose companionship a benefit. He can be
assured that he carries with him into private
life the well-wishes of all in this county who
had business to transact with him.

Office Provost Marshall, 18th Dist., }
WILLIAMSPORT, Pa., April 22, 1865. }
Major John M. Kilbourne, Deputy Marshall of
Potter County:
MAJOR. The following instructions have
been received from Brig.-Gen. E. W. Hinks,
A. A. Pro. Mar. General for Pennsylvania:
"Each District Provost Marshall will at
once discharge all Deputy Provost Marshalls
and all Special Officers."

In pursuance of the order your duties as
Deputy Provost Marshall will cease.
In closing your official connection with
this office, I take pleasure in bearing testi-
mony to the prompt and efficient manner in
which you have discharged every duty as-
signed you, and thankful for your urbanity
and courtesy always manifested towards my-
self, I remain very respectfully your friend,

The original Barker Family! (Nathan,
Susan, Charlie and Harry), whose musical
reputation stands unequalled, will give one
of their popular entertainments, in this vil-
lage, on Thursday Evening, May 25th, at the
Court House. We find in our exchanges the
most flattering notices of this justly celebra-
ted family, who are said to be the best
"Quartette Company" now before the public.
Our readers and the public generally may
rely upon one of the best concerts of the sea-
son. We copy the following notice from the
Denton Journal, the best authority extant:
"Mr. Nathan Barker, the leading tenor, has
a full, fine-toned voice, and the voice of
"Susan," mezzo-soprano, of "Charlie," second
tenor, and "Harry," basso, are seldom sur-
passed; and their voices combined, produce
a rich, delightful harmony, rarely equalled.
Their instrumental performances are also of
a superior order."

For the *Potter Journal*.
FRIENDS AND FELLOW-SUBSCRIBERS: Did you
ever go to the Postoffice and get, or receive
from the hand of some one who had been
there, what you supposed to be a letter from
a friend?—a letter that you had been looking
and waiting for, and that you were sure to
find in your hand a "Lottery Scheme" with
confidential letter from a proprietor or agent
of some Lottery? Did you comment and
read: "Dear Sir, from what we can learn of
the public sentiment in your State we are
satisfied that there exists a strong feeling
against Lotteries, and being determined to
remove that prejudice we offer you the fol-
lowing &c., &c." Finally again: "We Frankly
confess that we offer you this opportunity
of making a fortune solely for the sake of
enriching our business in your neighborhood.
Did you feel a shudder at such treachery and
your heart still as if it had been the
kiss of Judas? In this "confidential letter"
I am taken for granted as a pattern of evil,
taken for granted that I would for "thirty
pieces of silver," serve the devil!
Many people don't see anything very wicked
about Lotteries, even though they are
opposed to them. Is there anything good
about them? An institution springing from
no good mother, with no good end in view,
kept up at a large expense, producing not one
cent or one cent's worth of anything valuable.
An institution whose direct result is to de-
stroy that high moral sense of reward for
merit; of receiving nothing from the world,
which we have not earned—one of the divin-
est principles that God has implanted in the
soul of man. An institution kept up by
false representation and deceit, tending to
produce lying, gambling, idleness and a gen-
eral corruption of the morals.
Well, may the eagle be pictured on the
letter with wings spread and angry (in-
continent, screaming his disapprobation—
Taken for granted as a friend that a little
money would pay me for committing Sin!
That good people in private business should
be imposed upon in this way, supposing
them to be friends of any inquiry that may
profit them a little gain, is an outrage which
Public sentiment ought to suppress. If pub-
lic men wish, let them receive such letters;
but you, private Citizens! will you be thus
imposed upon, and not lift a voice in protest?
There is an altar built to Mammon. The
worshippers at this altar have found your
name, and called you one of their number.
There is one who will protest against having
"Lottery Schemes" and "confidential letters"
from Lottery Agents sent to me. I protest!
Would that I had a voice that the people
could hear! But, heard or not heard, such
as it is, crying against this outrage, will be
the voice of
HENRY HARRIS.
East Hazook, May 8, 1865.

Mr. Editor: Last July I drove a cow off and
put down in my memorandum for a new milch
cow, and in August I drove one off of the
same cow and changed the memorandum to
May 15th and to my surprise on April 21st
I found the cow with a small heifer calf,
and as smart as a rabbit, I put the calf in
the stable and left home for a week and on return
the calf was securing itself to death. I killed
the calf and the evidence was that the cow
was to come in again. On milking she did
not give four quarts a day. I again left her
a week and on my return I found the cow rather
dumphy and had been for three days, and
laid last night she had another large heifer
calf, but to-day it is gone.

U. S. 7-30 LOAN

THIRD SERIES, \$230,000,000.

By authority of the Secretary of the Treas-
ury, the undersigned, the General Subscrip-
tion Agent for the sale of United States Se-
curities, offers to the public the third series
of Treasury Notes, bearing seven and three-
tenths per cent, interest per annum, known
as the

7-30 LOAN.

These notes are issued under date of July
15, 1865, and are payable three years from
that date in currency, or are convertible at
the option of the holder into

U. S. 5-20 Six per cent. GOLD-BEARING BONDS

These Bonds are now worth a handsome
premium, and are exempt, as are all the Gov-
ernment Bonds, from State, County, and Mu-
nicipal taxation, which adds from one to three
per cent, per annum to their value, according to
the rate levied upon other property. The in-
terest is payable semi-annually by Coupons
attached to each note, which may be cut off
and sold to any bank or banker.

The interest at 7-30 per cent, amounts to
One cent per day on a \$50 note
Two cents " " " \$100 "
Ten " " " \$500 "
Twenty " " " \$1000 "
Fifty " " " \$5000 "

Notes of all the denominations named will
be promptly furnished upon receipt of subscrip-
tions.

The Notes of this Third Series are precisely
similar in form and privileges to the Seven-
Thirties already sold, except that the Gov-
ernment reserves to itself the option of pay-
ing interest in gold coin at 8 per cent., in-
stead of 7-30ths in currency. Subscribers
will deduct the interest in currency up to
July 15th, at the time when they subscribe.

The delivery of the notes of this third
series of the Seven-thirties will commence on
the 1st of June, and will be made promptly
and continuously after that date.

The slight change made in the conditions
of this THIRD SERIES affects only the mat-
ter of interest. The payment in gold, if
made, will be equivalent to the currency in-
terest of the higher rate.

The return to specie payments, in the event
of which only will the option to pay interest
in Gold be availed of, would so reduce and
equalize prices that purchases made with six
per cent, in gold would be fully equal to
those made with seven and three-tenths per
cent, in currency. This is

The Only Loan in Market

Now offered by the Government, and its su-
perior advantages make it the
**Great Popular Loan of the
People.**

Less than \$230,000,000 of the Loan au-
thorized by Congress are now on the
market. This amount, at the rate at which
it is being absorbed, will all be subscribed
for within sixty days, when the notes will
undoubtedly command a premium, as has
uniformly been the case on closing the sub-
scriptions to other Loans.

In order that citizens of every town and
section of the country may be afforded facili-
ties for taking the loan, the National Banks,
State Banks, and private Bankers throughout
the country have generally agreed to receive
subscriptions at par. Subscribers will select
their own agents, in whom they have confi-
dence, and who only are to be responsible for
the delivery of the notes for which they re-
ceive orders.

INCREASE OF RATS.—The *Farmer's Ga-
zette* (English) asserts and proves by figures
that one pair of rats will have a progeny and
descendants no less than 651,659 in three
years. Now, unless this immense family can
be kept down, they would consume more food
than would sustain 65,000 human beings.

RATS terrify BIRDS.—Whoever engages in
shooting small birds is a cruel man; whoever
aids in exterminating rats is a benefactor.
We should like some of our correspondents
to give us the benefit of their experience in
driving out these pests. We need something
besides dogs, cats, and traps for this business.

"COSTAR'S" RAT EXTERMINATOR is
simple, safe, and sure—the most perfect
Rat-killer we have ever attended.
Every Rat that gets it, properly prepared
according to directions, will eat it, and every
one that eats it will die, generally at some
place as distant as possible from where the
medicine was taken.—*Late News, Michi-
