CAUTION FROM THE AMERICAN WATCH COMPANY.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches. The First has the name "AMERICAN WATCH CO., Waltham, Mass." engraved on the inside plate.

The Second has the name "APPLETON, TRACY & CO., Waltham, Mass." engraved on the inside plate.

The Third has the name "P. S. BARTLETT, Waltham, Mass." engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The Fourth has the name "W.M. ELLERY, Boston, Mass." engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co. of Boston, Mass."—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co." others "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain articles called watches, as freely advertised in illustrated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Armada Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in those times, cannot be afforded for any such price.

A little attention on the part of buyers will protect them from gross imposition.

Remarkable Cure of stiff Knee by Allcock's Porous Plasters.

How many persons from stepping on a piece of orange peel have been lame for life. A case which might have been of this kind has just been brought to our notice. A gentleman, from placing his heel of his boot on a piece of orange peel, was suddenly thrown down, and violently sprained his knee. He was six months confined to the house, though he had the best medical advice. As a last resort, a very eminent physician was called in to see if anything there could be done. After examination, he said: "My opinion is, your knee will never be bent again." He recommended that the whole leg and knee should be encased in a plaster of Paris bandage, which would accelerate the permanent stiffening of the knee, and said, "the sooner it was done the better." But the patient, before trying this application and having a stiff knee for life, enveloped it in our Porous Plasters, and in less than two months his knee was perfectly cured.

Principal agency, Bradbury House, New York. By the yard or single plasters. Sold by all dealers in medicines.

Fast-Day services in the Methodist Church to-morrow A. M.

Two paupers who escaped from county poor-house up in the offregions of Pennsylvania made one hundred thousand dollars each operating in oil lands, before the overseer of the poor caught them.

The crops in Union county promise to be unusually large, the only fear being that the wheat and rye may overdo the business and lodge. All our exchanges speak of the promise of abundant crops. Grass is especially good.—Chronicle.

The Oswayo Regulator is again in full blast—the rush to it reminding one of the days of the Simmons' excitement. H. Lord is determined that its fame shall not diminish under his administration. Give him a call and see the famous Stock of the Very Best Goods of the New York market which he is selling at prices that will astonish the "oldest customer." Visit the Oswayo Regulator!

The great Military Review which occurred at Washington, last week, was perhaps the most magnificent spectacle that has been witnessed on this continent. The armies of Meade and Sherman, in the exultation of crowning victory, passed in review before the gaze of at least one hundred thousand citizens, attended with all the pomp and pageant incident to such an occasion. A similar spectacle may not be seen again in a hundred years.

When the war for the suppression of the rebellion broke out, the northern sympathizers gathered the copper cents and had them transformed into breastpins to indicate the fact that they were copperheads. Now that the chief of the rebels has adopted the Bettie coat, would it not be well for them to set up a new badge? A very good design would be the head of Davis in miniature on one side and a Bettie on the other. The motto might be: "Don't excite the President or he might hurt some of 'em."

The Notes of this Third Series are precisely similar in form and privileges to the Seven-twenties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7-3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the Seven-twenties will commence on the 1st of June, and will be made promptly and continuously after that date.

The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in gold be available, will so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is
