THE peculiar tains or infection which we call Schofula lurks in the constitutions of multitudes of men. It either produces or is produced by an eneebled, vitiated state of the blood, wherein that fluid becomes in-competent to sustain the vital forces in their vigorous action, and

leaves the system to The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin; cruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. healthy, you cannot have scrofulous disease.
