ARCANA WATCH

AN ELEGANT NOVELTY IN WATCHES. The cases of this watch are an entirely new invention composed of six different met-als combined, rolled together and planished, producing an exact imitation of 18 carat gold, called Arcana, which will always keep its color. They are as beautiful as solid and engraved in the exact style of the cele-brated Gold Hunting Levers, and are really handsome and desirable, and so exact an im-itation of gold as to defy detection. While a shilly-shally class of Republicans are pleading for the lives of the traitors, headed by Jefferson Davis, as well as the Copperheads, who are united in their opposition to hanging for treason, we have yet to meet the first returned soldier who has gone through the fire and storm of battle, who does not insist on having Jefferson Davis tried and hung. A few days ago we met a one legged young man and asked him what the "boys" thought on the subject, and he said there was but one sentiment among them, and as for him if Jeff. Davis was hung he was content to lose his leg, but if he was not hung it was mockery to make war to preserve the constitution and the laws.
