Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Samin, Houston St., New York.

Dh. Ayen. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsay-Arillla, and I have just now cured an attack of Malignant Erusipelas with it. No alterative we possess equals the Saisay-Arillla, you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakenian, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Saisay-Ahilla. Took two bottes, and some of your Pills. Together they have cired me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

St. Anthony's Fire, Rose, Salt Rheum,
Scald Head, Sore Eyes.

From Harrey Siekler, Esq., the able editor of the
Tankhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was
attacked by pimples on his forehead. They rapidly
spread until they formed a loathsone and virulent
sore, which covered his face, and actually blinded
his eyes for some days. A skifful physician applied
nitrate of silver and other remedies, without any
apparent effect. For fifteen days we gnarded his
hands, lest with them he should tear open the festering and corrupt wound which covered his whole
fade. Having tried every thing else we had any
hope from, we began giving your Sarsatantilla,
and applying the iodide of potash lotion, as you
direct. The sore began to heal when we had finished
the second. The child's cyclashes, which had come
out, grew again, and he is now as healthy and fair
as any other. The whole neighborhood predicted
that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Slout, of St. Louis, Missourt.

"I find your Sansaparthill a more effectual remedy for the secondary symptoms of Syphilis and for syphilite disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an embrent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Ayen. My dear Sir: I have found your Sansaparthila an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lieve, of New Brunswick, N. J., had dreadful niers on his legs, caused by the abuse of mercary, or mercarial distase, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayen's Sansapanthila relieved him. Few cases can be found more invectorate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal Screptions Ulceration, and are very often cured by the alterative effect of this Sarsarantalla. Some cases require, however, in aid of the Sarsarantalla, the skilful application of local remedies.
