

PA. STATE NORMAL SCHOOL
MANSFIELD, TIOGA CO., PA.
 This institution was
 Recognized by the State Authorities, in
 December, 1862.
 AS A
State Normal School,
 and formally opened as such in September 1863.
 The School is at length placed upon a secure basis—the State appropriation of the current year enabling the Trustees to extinguish the greater portion of the outstanding liabilities, and to make extensive improvements upon the buildings and grounds.
 The Spring Term will commence about March 10, 1865.
 Prof. F. A. ALLEN, for the past five years in charge of the Chester County (Pa.) Normal School, has been elected Principal, and Prof. J. Strait, of the Edinboro State Normal School, has been appointed to the Professorship of Languages and Mathematics.
 Prof. Allen is well known throughout the State as a gentleman of accurate scholarship, possessing a practical experience of fifteen years as an educator of teachers, and a thorough acquaintance with their educational wants, acquired from his connection with County Institutes in every section of Pennsylvania, as well as in other States.
 Competent and thorough instructors will be provided for the other departments of the School.
 The building has been refitted throughout and provided with furniture of the most approved style, together with an extensive collection of maps, charts, and works of reference. Excellent Chemical and Philosophical apparatus will be in readiness at the opening of the School.
 To keep pace with the improvements in education, a gymnasium will be erected, for which valuable apparatus for the heavier and lighter exercises has already been secured. The school year is divided into three terms of thirteen weeks each, with no vacation, except the week of Christmas holidays.
 It is desirable that students should enter at the commencement of a term, and for a period of not less than thirteen weeks.
Tuition, in advance per term, \$6.00. No extra charges for the languages or the higher mathematics. Text books rented at reasonable rates. Vocal and instrumental music at teachers' prices. Boarding in the hall, \$30.00 per term; wood for winter, \$3.00 per term; washing, \$3.25; room rent, \$1.50.
 The arrangements now made are of such a nature as to warrant the Trustees in saying that no other institution in the State affords better facilities for the Education of Teachers, or for the preparation of students for college, or for general business.
 For further particulars address the Principal, at Mansfield, Tioga county, Pa.
 W. C. RIPLEY, Pres. Board of Trustees.
 ALBERT CLARK, Secretary.

ARRANDALE & CO.,
 MANUFACTURERS' AGENTS,
 No. 167, BROADWAY, NEW YORK.

Announce that all the above list of goods will be sold for One Dollar each.
 In consequence of the great stagnation of trade in the manufacturing districts of England, and through the war having cut off the supply of cotton, a large quantity of valuable Jewelry, originally intended for the English market, has been sent off for sale in this country, AND MUST BE SOLD AT ANY SACRIFICE! Under these circumstances, ARRANDALE & CO., acting as agents for the principal European manufacturers, have resolved upon a great Gift Appropriation to be divided according to the following regulations:
 Certificates of the various articles are put into envelopes indiscriminately, and when ordered, are taken out without regard to choice, and sent by mail, thus showing no favoritism. On receipt of the certificate, you will see what you are to have, and then it is at your option to send the dollar and take the article or not. Purchasers may thus obtain a Gold Watch, Diamond Ring, or any set of Jewelry on our list for ONE DOLLAR.
Send 25 Cents for a Certificate.
 In all transactions by mail, we shall charge for forwarding the Certificates, paying postage and doing the business, 25 cents each, which must be enclosed when the Certificate is sent for. Five Certificates will be sent for \$1, eleven for \$2, thirty for \$5, sixty-five for \$10, one hundred for \$15.
What the "Press" say of us.
 The Lafayette (Ind.) Daily Courier, March 18, 1865, says:
 "A better selected, more varied or fashionable assortment of jewelry cannot be found on the continent than Arrandale & Co. are now offering. Messrs. Arrandale & Co. occupy a high position in the common circles of men entirely above the commercial circle of trade. Their statements may be implicitly relied upon, both as to the character of their goods and the manner of disposal. Ladies especially, in all parts of the country are realizing handsome profits as agents, and if any of our fair-readers desire to interest themselves in the enterprise, they may do so with perfect confidence.
 GREAT GIFT DISTRIBUTION.—A rare opportunity is offered for obtaining watches, chains, diamond rings, silverware, &c., by Messrs. Arrandale & Co., at No. 167 Broadway. They have an immense stock of articles, varying in value, and all are offered at one dollar each. The distribution is very fairly done—you agree to take a certificate of a certain article, enclosed in an envelope, and are not required to pay your dollar unless you are satisfied with the article, which will certainly be worth more than that amount, and may be worth \$50 or \$100. An excellent mode of investing a dollar.—Sunday Times, N. Y. City, February 19, 1865.
 Messrs. Arrandale & Co. have long been personally known to us, and we believe them to be every way worthy of public confidence.—N. Y. Scottish American Jour. June 11, '64.
 We have inspected, at the office of Arrandale & Co.'s Agency for European Manufactures, a large assortment of the finest jewelry, and valuable jewelry of the newest patterns. We also noticed a large quantity of silver plate, and unders and that the whole of these newly imported articles are to be disposed of on a novel principle, giving great

advantages to buyers, and affording extensive employment to agents. We know the firm in question to be very respectable and thoroughly worthy of public confidence, and recommend our friends to read their advertisement.—N. Y. Allion, September 3, 1864.
EMPLOYMENT FOR LADIES.—The most eligible and profitable employment we have heard of for ladies is the sale of certificates for the Great Gift Distribution of Arrandale & Co. A lady of our acquaintance has been very successful in this way, not only filling her own purse, but also in doing a good turn to those to whom she sold the certificates, as will be seen by our advertising columns.—Gentlemen can also be thus engaged.—N. Y. Sunday Mercury, Aug. 14, 1864.
 The British Whig of Kingston, C. W., says, Nov. 26th, 1864, "One of our lady subscribers became an Agent for Arrandale & Co., and by request brought some twenty articles sent as prizes, for her agency, to this office for inspection, and without hesitation we can state that each and all of the articles were worth the amount of cost to the recipients, and some of them six times."
 We have seen some very pretty specimens of Table and Teapots, Gold Watches, Ladies' Chains, Pins, Bracelets, &c., which have been sent by Arrandale & Co. to this place for sale.—Anglican Register, N. Y. State, Feb. 15, 1865.

AGENTS.—We want agents in every regiment, and in every town and county, and those acting as such will be allowed 10 cents on every Certificate ordered by them; provided their remittance amounts to one dollar, also other inducements which can be learned on application. Agents will collect 25 cents for every Certificate, and remit 15 cents to us, either in cash or postage stamps.

INCREASE OF RATS.—The Farmer's Gazette (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651,699 in three years! Now, unless this immense family can be kept down, they would consume more food than would sustain 45,000 human beings.
 See "Costar's" adv't in this paper.
1865.
RATS versus BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever kills or exterminates rats is a benefactor. We should like some of our correspondents to give us the benefit of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business.—Scientific American, N. Y.
