BRANDRETH'S PILLS
A General Assistant of Nature.
What is health? What is disease? Health is when the supply and expenditure are equal. Disease when the supply and expenditure are unequal. BRANDRETH'S PILLS impart certain curative powers to all matters of the body whose life is below the standard of the surrounding party, or which have remained longer than nature designed. So in fevers and all that class of cases which soon run into mortification BRANDRETH'S PILLS have marvelous curative qualities. Our bodies are continually changing, and it is by this change we live. Should matter remain in organs beyond the time nature designed, pain and inflammation set in, which is nothing more than a preparatory effort for our good. All Brandreth's Pills are supposed from the results to do this simply

THE POTTER COUNTY JOURNAL

Coudersport, Wednesday Evening, July 26, 1865.

Local and General.

The issue of the Journal has been delayed this week in consequence of our absence from home.

We see by the Lock Haven Republican that Hon. James Armstrong is recommended for the Senate this Fall.

The Fourth Quarterly Meeting of the M. E. Church at Coudersport will be held at this place on Saturday afternoon and Sunday, the 5th and 6th of August next. Services as usual on such occasions. The Presiding Elder, Rev. A. P. Nibley, will be in attendance.

The redoubtable Brownson, who resembles the fat person, in Pryor's Jingle, has published a letter on reconstruction, in which he takes the ground that State Rights is an unperfected heresy, and that the restoration can only be accomplished by the recognition of that principle.

The catalogue upon which the remains of President Lincoln were placed while lying in state in New York, and which was used in the procession, are to be sold at public auction, for the benefit of the Union Home and School. The Union Home and School is for the education of the children of the volunteer soldiery.

The State seal of Virginia has been materially altered by the New State Government. The device is the same, but the motto, "EUREKA," has been expanded, and the words "Liberty and Union" now appear above the goddess of Liberty trampling upon the prostrate form of Tyranny.

The Mayor of Harrisburg has issued a Proclamation deciding that from and after the 20th inst., and until further notice, the sale of all intoxicating Liquors, including Porter, Ale and Lager Beer, is prohibited at the Bars of all Hotels, Taverns, Restaurants and other drinking houses within the limits of that city. Good for Harrisburg!

Miss Mary Harris, who shot A. L. Burroughs, a clerk in the Treasury Department at Washington, has been acquitted by the jury before whom she was tried. Burroughs had deceived Miss Harris, for years, by the strongest pretensions of sincere affection, and afterwards married another lady. Young men should take warning by his tragical death, and not encourage hopes in the minds of their female friends which they do not intend to fulfill.

The little slave-holding State of Delaware is rabidly earning the reputation of being the meanest and most despicable of the States in or out of the Union. The lower houses of the Legislature, now in session at Dover, last week passed a bill to repeal the memory of President Lincoln, but the Senate refused to concur! The reason of this is, that the few slaveholders' families in that State have a controlling influence in the Senate.

The shrill voice of the steam whistle is now daily heard in the extreme west end of the country, and is quite a novelty to many of the old inhabitants, as well as to some of the younger ones. Boring for oil in Canton county is now a fixed fact. The "Spruce Run Oil Company" have their machinery in full blast and ere long will demonstrate to the world what riches are contained in the bowels of old Hartley. Crowds of visitors are daily thronging to the spot to witness the operation.—Harrisburg Telegraph.

We are really glad that among the assassins lately hung in Washington there was one woman. Not that we hate women, but because we think it high time that women know their place. During all this war the rebel women in the South and their secession friends in the North have been saying what they pleased with impunity. They imagined that their sex would shield them from all punishment. Hence they were the most powerful aiders of the rebellion. We rejoice that women also must know their places or take the consequences.

The New York Herald declares that "they never can be a party successfully constructed at present, unless such men as Valandigham and Pendleton, of Ohio, the Seymour, of New York; poor Pierce and musty old Buchanan, are left out of the ring. That may be set down as a fixed fact. This crowd will kill any party." The Herald forgets that if these old sinners are "kept out" there can be no Democratic party as they are the leaders and only exponent of Democracy who have survived the fall of slavery.

Alonzo Potter, D. D., LL.D., Bishop of the Protestant Episcopal Church in Pennsylvania, died on the 4th of July in San Francisco, Cal. He was born in Beckman, near Lagrange, Dutchess Co., N. Y., July 10, 1800; graduated at Union College in 1818, was tutor in 1819, and Professor of Mathematics and Natural Philosophy in 1821. He was ordained deacon in 1821 and priest in 1824, and was elected President of Geneva College in the following year, but declined. In 1826 he became rector of St. Paul's Church, Boston, remaining there till 1831, when he was chosen Vice-President and Professor of Moral Philosophy in Union College. He was consecrated Bishop of Pennsylvania Sept. 23, 1843, and as a dignitary of the church sustained always an exalted reputation. He was well known also as a scholar and an author, and published a number of volumes on science as well as on matters pertaining to his profession.

Descriptive Fine!—About 1 o'clock yesterday morning the Fire Carding and Cloth Dressing establishment owned by Mr. James L. Jackson, on the Charleston road, half a mile east of this borough, was discovered to be on fire, and in a short time was totally consumed. The building and machinery were valued at \$3000, and being uninsured are a total loss. There was about \$1,500 worth of Wool in store, also a total loss.

The fire took near the sill at the north-east corner, and when first discovered had reached the inside of the building. This is pretty conclusive evidence of incendiarism. Taking into account the fact that there had been no fire in the building for many days previous, there is no room for doubt.

The loss falls with great weight and hardship upon Mr. Jackson, who was just on the eve of removing with his family to the State of Delaware. He had packed his movables, and would have been on his way to his new home in a few hours. This calamity will unsettle his plans, of course.—We learn that Wells' large tannery at Tioga, was destroyed by fire Sunday night. We have no particulars of moment, but understand that the fire was the work of an incendiary.—Tioga Agitator.

Negro Suffrage.

This question being now before the people in a very important shape, the following facts in regard to the privileges of the elective franchise may be of interest:

In Massachusetts, Rhode Island, Connecticut, North Carolina, South Carolina and Georgia, all voters must have a property qualification, and in Maine and New Hampshire, paupers are excluded.

The negro is not allowed to vote under any circumstances in any of the States which composed the Union in 1860, excepting five, and in only two States, (Vermont and New Hampshire) is a colored person allowed to vote without a property qualification. In New Hampshire there were, in 1860, one hundred and ninety colored voters, and in Vermont, only eighty.

In Massachusetts and Pennsylvania, every voter must, within two years, have paid a state or county tax, unless excused from taxation.

In Rhode Island, a voter must own real estate of one hundred and thirty-four dollars value, or of the clear yearly value of seven dollars over any ground rent.

A colored person is not allowed to vote in New York unless he has resided in the State three years, and is a freeholder in value of two hundred and fifty dollars and paid taxes thereon.

Penn'a Agricultural Society.

The State Agricultural exhibition, to be held at Williamsport on the last days of September next, promises to be a grand display of sheep and hogs; a hall three hundred feet long for protection to agricultural improvements; a two story hall, two hundred feet long, for the display of embroidery, pictures, statuary, piano and other articles subject to damage from the weather; and a covered area overlooking the whole ample grounds, capable of seating from one to three thousand persons.

A sub-committee of the general committee of the State Society, consisting of Messrs. Hamilton, of Harrisburg, Kapp, of Northumberland, Ellis, of Lycoming, Holstein, of Montgomery, Driesbach, of Luzerne, accompanied by a number of members of the society, visited Williamsport a few days ago. They were hospitably received there, and after visiting and examining the park, they departed for their homes, heartily approving of the design and acts of the resident member of the Executive Committee in that locality, to whose efforts in this direction too much praise cannot be awarded. There is every promise of a fine display, and ample accommodation will be made for its entertainment.

President Lincoln's Tomb.

The tomb in which the President's remains, together with those of his little son, are placed, is kept carpeted with fresh flowers, and about and upon the coffin as they lie in view are garlands and clusters of buds and blossoms, ever fresh and fragrant, so that the very breath of the sepulchre is rendered redolent and pure.

Looking into the tomb the visitor can discern nothing offensive—no token of the "damp vault's" dayless gloom—but deems himself gazing into some floral cave whose tenants are the graces and summer nymphs.

The taste which is thus displayed in rendering the vault attractive is most commendable, and will brighten the recollection of every pilgrim who has here gazed upon the dead. Mr. Willis, in addition to this, has also prepared a book upon which every visitor can register his name and append such remarks as the scene may suggest to his mind. Since the 14th of May last some two thousand names of visitors have thus been registered, representatives of every State in the Union and also the Canadas. One back upon every day during the week, and two upon the Sabbath are kept running between the city and the tomb, for the accommodation of visitors, and all this has been since the remains of our late President were placed at rest in this pleasant burial place, since Oak Ridge has held the spot of this great man. And in making this notice we would conclude by adding that this is not only to be the resting place of the President, but that here is to be erected a pile to his memory which shall stand through all ages to come.

The rising ground immediately in the rear of the tomb has been selected as the site of the President's monument. Three acres upon this beautiful spot were selected by the Monument Association, and here it has been decided to build the shaft. The beauty and appropriateness of this site are such as would recommend it to the minds of all, and we are pleased to know so agreeable a selection has been made.—Springfield (Illinois) Journal.

ANNOUNCEMENTS.

A CARD

To the Union Men of Potter:

I have been for some time past encouraged by citizens of this County to be a candidate for Representative. I announce myself of a candidate for that office. I hear of candidates for other offices, without opposition, for the reason that they have been in the Army for the Union. I too have been in the Army and served faithfully in the trenches and swamps of South Carolina until honorably discharged by General Burnside, by reason of disability received in the service, and in the line of duty. My son fought in the same Regiment (45th P. V.) until he was killed by Rebel bullets. Still I am opposed by gentlemen who were never in the service—gentlemen, who if nominated, will receive my cordial support. If any one doubts my honorable record while in the Army, I refer him to every office and man belonging to the 45th P. V. who I left with me in 1862.

If any other Soldier who has been honorably discharged, desires the nomination for this office and inserts his name, I will withdraw this card and support him.

The Grovesteet Piano Forte

It still retains its precedence and great popularity, and after undergoing gradual improvements for a period of thirty years, is now pronounced by the musical world to be unsurpassed and even unequalled in richness, volume and purity of tone, durability and cheapness. Our new scale, French action, heavy pedal, iron frame, over-strung bass, cheaply made, from \$100 to \$200 than the same style and finish are sold by any other first class makers in the country. Dealers and all in want of good pianos are invited to send for our Descriptive Catalogue, which contains photographs of our different styles, together with prices. No one should purchase a piano without seeing the Catalogue. Medals, almost without number, have been awarded to the Grovesteet Piano, and at the Celebrated World's Fair, though put in competition with others from all parts of Europe and the United States, it took the highest award.

Established 1835. GROVESTREET CO., 429 Broadway, New York.

The Providence Journal, in an article on Mason & Hamlin's Cabinet Organs, speaks of these excellent and now celebrated instruments as follows: "For volume and quality of tone; for variety and beauty of effects; for excellence in crescendo and diminuendo; for quickness of response to the touch in rapid and legato passages; for the entire freedom from fatigue with which the instrument is operated; for the stability of every part of the workmanship and capacity of standing well in tune, the new Cabinet Organ of Messrs. Mason & Hamlin—portable and ready instruments, the largest of which are smaller than than ordinary piano-fortes—are not only quite equal to the smaller pipe organs of the best makers, but much superior to the generality of those heretofore used in small churches and halls, and for private practice."

CAUTION FROM THE AMERICAN WATCH COMPANY.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine product, to protect our own interests and the public from imposition, we again publish the trademarks by which our Watches may invariably be known.

We manufacture four styles of Watches. The First has the name "AMERICAN WATCH CO. Waltham, Mass.," engraved on the inside plate. The Second has the name "APPLETON, TRACY & CO. Waltham, Mass.," engraved on the inside plate.

The Third has the name "P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate. All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The Fourth has the name "W. M. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required. It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unacquainted buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass.,"—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the P. S. Bartlett, instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying cheap articles called watches, so freely advertised in illustrated papers as "Army Watches," "Soldier's Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them
