**Alcock's Porous Plasters.**  
A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a groen, and so on. You will not be able to supply the demand. But we can supply a thousand yards a day.

**AFFECTION OF THE SPINE CURED.**  
HARRISON, CONN., Nov. 18, 1865.  
Messrs. T. A. ALCOCK & CO.—Please send, with dispatch, twelve dozen Alcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man of 40 years of age, who, by entanglement in the shaft of a machinery, had both his legs broken, and severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to the spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay \$50 for a single Plaster if he could not be had at a lower rate. I am surprised that surgeons do not make use of them, for their durability and adhesiveness are greatly in advance of all other plasters with which I am acquainted, while the perforations permit of the free exit of the superfluous humors, and render them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my statements should be known.

**We see by the Harrisburg Telegraph** that they have had frost in that city. This beats Coudersport. We have had no frost yet this fall with the exception of a slight one on the hills one night last week.

WELLSVILLE, Oct. 3, 1865.  
Editor POTTER COUNTY JOURNAL.—Dear Sir: Having read in your local column of the 20th ult. a notice stating that C. H. Simmons is running three separate establishments in this village, I would correct said statement by informing the public that Mr. Simmons has removed to his new and spacious establishment, known among us as the Empire. Regulators, built up by himself during the past summer. The buildings are the best and most commodious in our county, comprising ten different departments, all well fitted for wholesaling and retailing. C. H. **REBELLION IN THE HUMAN INTERIOR.**  
Rebellions are not confined to bodies politic. They break out in our own interiors as well as in the "howls of the land." The natural law of our bodies is health, but we misuse them, and they revolt. We subject them to exposure, we overeat them, we overload the stomach, we neglect the bowels, we plunge out of rooms hotter than the tropics into an atmosphere below freezing point, and in various other ways trifle with our health.

But these frames of ours are wonderful machines, and we can, by the use of the PROPER MEANS, render them almost proof against the disorders to which they are so liable, and we can, by the use of the PROPER MEANS, render them almost proof against the disorders to which they are so liable, and we can, by the use of the PROPER MEANS, render them almost proof against the disorders to which they are so liable.

**CAUTION FROM THE AMERICAN WATCH COMPANY.**  
It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches. The First has the name "AMERICAN WATCH CO. Waltham, Mass." engraved on the inside plate. The Second has the name "APPLETON, TRACY & CO. Waltham, Mass." engraved on the inside plate. The Third has the name "P. S. BARTLETT, Waltham, Mass." engraved on the inside plate. All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The Fourth has the name "W. G. CLERRY, Boston, Mass." engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various styles, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unacquainted buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass."—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the "P. S. Bartlett," instead of "P. S. Bartlett;" besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly ladies, against buying certain articles called watches, so freely advertised in illustrated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded at any such price.

A little attention on the part of buyers will protect them from gross imposition.
