☞ A large fire occurred in Mobile on the 5th instant which destroyed four thousand bales of cotton. valued at $800,000—most insured. It was supposed to be the work of an incendiary.

☞ See the advertisement of Allen's farm for sale. They also advertise stock this week. A good bargain can be made.

☞ The Commissioners advertise for sealed proposals for wood. Don't let that interfere with your bringing some to the printer! Mud is no excuse, now-a-days.

☞ If you want your Buildings or Stock insured call at the JOURNAL OFFICE AGENCY. Policies issued on leberal terms from the best Companies in the country.

☞ See the advertisement of the *New York Observer* in another column. It is one of the best religious and family newspapers published.

☞ We cannot give the vote of the Assembly District this week—the return Judges meet at Wellsboro.

☞ Cameron County gives a Union majority for all the Union Candidates except the Associate Judge.

☞ MAILING MATTER OUTSIDE OF THE POST OFFICE.—The Post Office Department at Washington is notifying the postmasters generally that the penalties fixed by law for carrying letters outside of the mails, *when not enclosed in Government* STAMPED *envelopes*, will be rigidly enforced hereafter in every instance where violations are known to exist. Many persons have been in the the habit of mailing their letters on the cars, on steamboats, omnibuses, hacks, &c., because it was more convenient to do so than to deposit them in the post office. Sometimes it was especially convenient to do so, after the mails at the post office had closed. But the law against the practice is very plain. The reason of it is that not only does the Government suffer from the loss of this carrying, but mail agents and mail carriers have no cancelling apparatus to deface stamps with, and neither have they rating scales with which to determine the amount of postage that should be paid on a letter and hence it often happens that the uncancelled stamps have been used again and again by dishonest persons.

☞ DESTRUCTIVE CONFLAGRATION.—Loss $50,000.—A most destructive fire occurred about 1 o'clock on Wednesday morning 3 miles below this place. The mill formerly belonging to the Pennsylvania Lumber Company and now owned by Kidder and Hobson was totally destroyed, together with over two millions of feet of valuable lumber. The mill was leased and run by Henry Cameron. About 2,000,000 feet of the lumber was owned by Dodge & Co., and they are the heaviest losers. A large amount was owned by various parties whose logs had escaped the spring flood and had been sawed at that mill. It is not possible to get at the loss of each of the parties. Lewis Cameron lost about [illegible] feet in old and 40,000 of new lumber. Its value is about $2,000. Messrs. Colton & Canfield loses a few thousan dfeet of lumber. The whole loss will fall but little short of sixty thousand dollars, insured for $25,000.—*West Branch Bulletin.*

Allcock's Porous Plasters.

A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. You will not be able to supply the demand soon. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11, 1861.

Messrs. THOS. ALLCOCK & CO.—Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to the spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known.

REBELLION IN THE HUMAN INTERIOR.

Rebellions are not confined to bodies politic. They break out in our own interiors as well as in the "bowels of the land." The natural law of our bodies is health, but we misuse them, and they revolt. We subject them to easy cares, we overtask them, we confound the stomach, we neglect the bowels, we plunge out of rooms hotter than Hottentot into atmosphere below freezing point, and in various other ways trifle with our health.

But these frames of ours are wonderful machines, and we can by the use of the PROPER MEANS, so INVIGORATE and REGULATE them as to render them almost proof against the ordeals to which in our recklessness, we subject them.

Nothing that has ever been known or heard of as a tonic adds so much to the resistant power of the human system under circumstances unfavorable to health as HOSTETTER'S STOMACH BITTERS. If you would escape the intermittent fever, fits of indigestion, bilious attacks, and bowel complaints, of which rheumatic and damp are the frequent causes, use the BITTERS as a PROTECTIVE MEDICINE.—In either case, full reliance may be placed upon its virtues. Sold everywhere.—Sunday Mercury, Dec. 25, 1864.
