The Third has the name

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately

Some are represented as made by the "Union Watch Co., of Boston, Mass." -no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, ushally known as the "Soldier's Watch." Others are named the "Appleton Watch Co.;" others the P. S. Bartter," instead of our "P. S. Bartlett;" besides many varieties named in such a manner of to convey the idea that they are the veritable productions of the American

Watch Company.
We also caution the public, and particularly soldiers, against buying certain articles called watches, so freely advertised in illus-trated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Arcana Watches," &c,. the prices of which are stated to be from seven to sixteen dollars. Elegant Engravings, to the Value of Subscription price, scalificate every subscriber?!!

THIS popular rural paper, published on the let and Isth of each month at Ur.c., N.Y., at \$1.50 a year, is now greatly enlarged and improved, and equal in size and value of contents to any other similar publication in this country. Indeed, no other paper of the kind can be compared with it, in the real value and interest attached to its centents; and it is decidedly shead of anything of the kind ever published.

The RURL American is not a local paper, but just as valuable in New England, the Western and other States as in the State of New York. Its circulation of larger than that of any other paper out of the city of New York. Volume X commences Jan'y 1st, 1500 of The form is very large Sixten Pase Octavo, containing double the reading matter, that can be found nany other similar publication on every subject on the rest to far mers, fruit growers, grape growers in particular, stock raisers, gardeners, bee keepers, &c.

This olegant paper is illustrated with some of the most costly Engravings, that money and art can produce; and its Literary department embraces general Family reading, which in interest, has never been equaled in this country.
