

The Increasing Railroad Interest of the State of Pennsylvania.

One of the evidences of the immense efforts being made to develop the wealth of Pennsylvania, is the increased interest manifested in the extension of old, and the construction of new lines of railroads throughout the Commonwealth.

These improvements are of vast importance to the people of Pennsylvania. The construction of railroads tend always to the permanent prosperity of the localities they traverse, and the more of these great avenues of freight transportation and passenger transit we possess, the greater of course becomes our facilities for doing business and securing wealth.

A Temperance Revival in the Old World.—When will the Cause Revive in the New World? Accounts from England show a great temperance revival in the different cities of Great Britain.

While the reformers in the Old World are preparing for the furtherance of the great cause of temperance, we sincerely trust that the good men in the New World will not pause long in the discharge of a duty they owe to the cause of temperance.

The Amiferous Deposits in Pennsylvania. A few days since we repeated an announcement which was then creating much speculation and interest in Greene county, that while sinking a well in search of oil, the miners had come upon a deposit of gold.

made in East Providence township, where quartz impregnated with gold was found in large quantities. The Bedford Enquirer while announcing the fact of this discovery, suggests the question whether the deposit is of a character in extent to warrant its mining profitable.

A Word to Everybody. Parents are often very scrupulous about over-working their children, and neglect to develop in them good habits of industry. We know families where there is great danger that the children will grow up to indolence and ignorance of practical life, from a foolish tenderness on the part of parents.

NEW JERSEY ELECTION. The official returns are at length received, and show the following results on the canvass for Governor.

Union majority, 2,749 in the State, being 3,500 greater than at the Presidential election in 1864, when McClellan had 7,301 majority, and shows a Union gain of more than 10,000.

Advances sheets of the report of the Secretary of War will not be prepared in time to supply the press of the country with copies simultaneously with the reports of the other members of the Cabinet.

The Government yesterday restored to the American Telegraph Company full control of its Southern lines, at the same time removing the censorship on the press and other matter which has been in force since the close of the war.

A New Railroad.

We learn that the Atlantic and Great Western Railroad Company, (principally European capitalists, and of whom Sir Morton Peto, now in this country, is chief,) has leased the Catawissa and other railroads, and purchased the charters for others, which together will enable the company to construct a continuous line of Railroad from the city of New York to Cincinnati, Ohio.

There are in use what are called broad gauge, and narrow gauge roads. The Pennsylvania roads generally are narrow gauge the rails being 4 feet 8 1/2 inches apart; while on other roads the rails are 6 feet apart, and are called broad gauge.

Clearfield, it will be observed in connection with the building of the Atlantic and Great Western Railway. Should this place be made a point in its location our borough will certainly derive much benefit therefrom—its borders will be extended, its business increased, and the value of property enhanced.

The Legislature of North Carolina ratified the Constitutional Amendment with but six dissenting votes. Only two more States are now needed to make up the requisite number of 27.

The Mexican Minister in Washington has received news that not only the State of Chihuahua, but also that of Sinaloa has been entirely evacuated by the French, the only place in the latter State remaining in the power of the French being the town of Mazatlan, which is still occupied by 400 French.

Official information received in Washington represents that there will be great suffering in Alabama during the present winter owing to the small corn and grain crops, the result of the want of necessary labor, and the severe drought which prevailed over most of the productive lands of the State.

The railroad depot at Milford, Mass., was broken into on Thursday night and the safe blown open and robbed of about \$100.

The Mississippi Legislature has passed the exemption bill over the Governor's veto. It exempts from execution of judgment \$3,000 worth of property belonging to the head of a family, child etc.

NATIONAL THANKSGIVING DAY.

WHEREAS, it has pleased Almighty God during the year which is now coming to an end, to relieve our beloved country from the fearful scourge of civil war, and permit us to secure the blessing of peace, unity and harmony, with a great enlargement of civil liberty;

Now therefore be it known that I, Andrew Johnson, President of the United States, do hereby recommend to the people thereof, that they do set apart and observe the first Thursday of December next as a day of National Thanksgiving to the Creator of the Universe, for these deliverances and blessings.

Done at the city of Washington, this 28th day of October, in the year of our Lord One Thousand Eight Hundred and Sixty-five, and of the Independence of the United States, the ninetieth.

By the President, W. M. SEWARD, Secretary of State.

A Proclamation, By Gov. A. G. Curtin

With feelings of the most profound gratitude to Almighty God, I invite the good people of the Commonwealth to meet in their places of public worship, on Thursday the 7th day of December next, and raise their hearts and voices in praise and thanksgiving to him, not only for the manifold ordinary blessings which during the past year He has continued to heap upon us, for abundant and gathered harvests, for thriving industry, for general health, for domestic good order and government, but also most expressly and fervently for his unequalled goodness in having so strengthened and guided our people during the last four years that they have been enabled to crush to earth the late wicked rebellion and to exterminate the system of human slavery which caused it.

As we wrestle in prayer with Him in the dark time of our trouble—when our brothers and sons were staking life and limb for us on many a bloody field, or suffering by torture and famine in the Hells of Andersonville or the Libby—so now when our supplications have been so marvelously and graciously answered, let us not withhold from Him the homage of our thanksgiving. Let us say to all, "Choose you this day whom you will serve: but as for us and our house we will serve the Lord."

Come then ye people whom he hath so helped and led—come ye war-worn and mutilated men whom He hath permitted to return to your dear homes—let us through the gates of His temples—let us throw ourselves on the knees of our hearts with joyful prayer at the feet of His throne, and render aloud our praise and thanksgiving to him, because He hath made the right to prevail—because He hath cleansed our land from the stain of human slavery—and because He hath graciously shown forth in the eyes of all men the great truth that no government is so strong as a Republic, controlled, under His guidance, by an educated, moral and religious people.

Given under my hand and the great seal of the State, at Harrisburg, this seventh day of November, in the year of our Lord one thousand eight hundred and sixty-five, and of the Commonwealth the ninetieth.

BY THE GOVERNOR, ELISHAFER, Sec'y of Commonwealth.

The country will rejoice to learn that the President has deemed it consistent with the public safety to restore throughout the loyal States the writ of Habeas Corpus, suspended during the two years past. In the insurgent States, and also in the District of Columbia and the Territories of New-Mexico and Arizona, the suspension of the writ remains in force.

Robert Tombs has escaped from Georgia and sailed for Europe. It will be remembered that the Government officers attempted to arrest him at the same time Stephens and C. C. Clay were nabbed. They proceeded to Tombs's house, but he disappeared out of one door as they entered at another.

It is positively asserted here, says a Washington special to The Commercial Advertiser, that Gen. Butler has prepared a legal argument, showing how Davis and Lee can be tried by a military tribunal.
