THE RURAL AMERICAN.
The most Eminent, the Cheapest and the Best Agricultural, Horticultural, and General Family Paper in the United States! Gratifies in Choice Grape Vines, Strawberry Plants and Elegant Equivocal, to the Value of Subscription price, and free to every subscriber!
This popular rural paper, published for the first time in 1840, is now greatly enlarged and improved, and equal in size and value of contents to any other similar publication in the country. It is the only paper of the kind that can be compared with it, and it is decidedly ahead of anything of the kind published elsewhere.
The Rural American is not a local paper, but is valuable in all sections of the West and other States as in the East. Its circulation is larger than that of any other paper out of the city of New York. Volume X commences July 1st, 1865. The form is very large and readable, and contains the most complete and reliable information that can be found in any other similar publication on every subject of interest to farmers, gardeners, grape growers in particular, stock raisers, gardeners, bee keepers, &c.
This elegant paper is illustrated with the most costly engravings, that money and art can produce, and its literary department embraces general family reading, which in interest, has never been equaled in this country. In the Rural American is now admitted, universally, to be the most practical and reliable Agricultural and Horticultural publication extant. Every subscriber receives the full value of the paper in choice Grape Vines, Strawberry Plants or fine Equivocal, worth \$2 each, and all subscribers for 1865 who remit their money before Dec. 1st receive the volume for 1865.
FREE FROM THE TIME THEY SUBSCRIBE to the close of the present year.
The Agricultural Editor of the Philadelphia "Saturday Evening Post" (an eminent stranger) in congratulating us on the appearance of my new paper, writes: "My opinion is that you have been successful in your calling, and that you have ever had in the United States, anywhere else, I like its general make-up better than that of any paper I have ever seen. These are my honest sentiments."
Agents are everywhere wanted to get up Clubs who receive magnificent Premiums in Vines, Plants, Grapes, Cash, Gold Pens, Magazines, Newspapers, &c. Samples of the Rural American sent free of all cost. Address: T. B. MERRILL, Clinton, Oneida Co., New York.

CAUTION FROM THE AMERICAN WATCH COMPANY.
It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, and that the reputation of our genuine products, to protect our own interests and the public from imposition, we again published the trade mark by which our Watches may invariably be known.
We manufacture four styles of Watches. The First has the name "AMERICAN WATCH CO., Waltham, Mass." engraved on the inside plate. The Second has the name "APPLETON, TRACY & CO., Waltham, Mass." engraved on the inside plate. The Third has the name "P. S. BARTLETT, Waltham, Mass." engraved on the inside plate.
All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.
The Fourth has the name "W.M. ELLERY, Boston, Mass." engraved on the inside plate, and is not named on the dial.
All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required.
It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually marked with names so nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass.,"—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the "P. S. Bartlett," instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.
We also caution the public, and particularly soldiers, against buying certain articles called watches, so freely advertised in illustrated papers as "Army Watches," "Officers' Watches," "Magic Time Observers," "Archery Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.
A little attention on the part of buyers will protect them from gross imposition.

Agents for the American Watch Co.,
