**THE GREAT INVENTION OF THE AGE IN HOOP-SKIRTS!!**  
J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.  
This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and drawn together, edge to edge, making the recessed, most elastic, ELASTIC and DURABLE SPRING ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any Single Spring Skirt that ever was or can be made.  
By the wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, in Churches, Churches, Railroad Cars, Church pews, Arm Chair, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small space as easily and conveniently as a Silk or Muslin Dress.  
A lady having enjoyed the pleasure, comfort and Great Convenience wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.  
THE HOOPS are covered with 2 ply double twist all thread and will wear twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts. The three bottomboards on every Skirt are also Double Steel, and twice as strong as the single covering from wearing off the rods when dragging down stairs, along steps, etc., which they are constantly subjected to when in use.  
All are made of the new and elegant Corded Tapes and are the best quality in every part, giving to the wearer the most graceful and comfortable shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.

**CAUTION FROM THE AMERICAN WATCH COMPANY.**  
It having come to our knowledge that imitations of the American Watch have been put upon their feet, their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.  
We manufacture four styles of Watches.  
The **First** has the name "AMERICAN WATCH CO. Waltham, Mass.," engraved on the inside plate.  
The **Second** has the name "APPLETON, TRACY & CO., Waltham, Mass.," engraved on the inside plate.  
The **Third** has the name "P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.  
All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.  
The **Fourth** has the name "W. M. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.  
All the above described watches are made of various styles, and are sold in gold or silver cases, as may be required.  
It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., Boston, Mass.," no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the "P. S. Bartlett," instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.  
We also caution the public, and particularly soldiers, against buying certain articles called watches, so freely advertised in illustrated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Arcane Watches," &c., the prices of which are stated to be from seven to sixteen dollars! A good watch, in these times, cannot be afforded for any such money.  
A little attention on the part of buyers will protect them from gross imposition.
